

Young Driver Killed After Wild Pursuit

LANCASTER, Pa. (U)—With police pursuing, a young motorist drove for 42 miles down the wrong side of the busy Pennsylvania Turnpike Sunday night at speeds up to 100 m.p.h.

The chase finally ended when the speeding car crashed into a tractor trailer set up as a roadblock. The driver, Kenneth Shelly, 27, of nearby Litzitz, Pa., died in a hospital two hours later without giving any reason for his flight.

Egypt, Syria, Saudi Arabia Want Alliance

CAIRO (U)—Egypt, Syria and Saudi Arabia called Sunday night for a new neutralist Arab military and economic alliance. It would replace the 8-nation Arab League setup dealt a near death blow by Iraq's recent defense pact with Turkey.

A joint Syrian-Egyptian communique said the 2 nations had reached "complete agreement" on principles of a pact to set up a joint military command and bar alliances with non-Arab nations.

Saudi Arabia's King Saud in Riyadh announced his government's "full support" of the plan.

MORE TIME

The 3 states said they would call a meeting of premiers and defense ministers of Arab nations this month to work out details of the new pact. The other Arab nations are Lebanon, Jordan, Yemen, Libya and Iraq.

Syrian Foreign Minister Khaled el Azem said in Damascus that Iraq would be invited to join in the new alliance only if she junked her pact with Turkey.

Egypt's drive for the new neutralist pact, seemingly doomed by Arab dissension less than a month ago, appeared to have received new life from the Israeli attack on the outskirts of Gaza a week ago.

The communique announcing the new alliance did not mention Israel by name, but a high Egyptian official said the proposed joint military command would "take strong measures against any new Israeli aggression."

MORE TIME

Lebanese officials were reported to have refused to join the pact until they studied the proposals and knew the position of all Arab countries. The Lebanese, regarded as the most pro-Western of the Arabs, were said to be determined that Iraq should not be isolated.

Jordan also reported asking for more time to study the project.

The Syrian-Egyptian communique said a headquarters would be set up to supervise training, armaments, discipline and distribution of military forces to be placed by each member state at the disposal of a joint military command according to a joint defense plan to meet aggression against any member state.

The communique said economic unity would be achieved by establishment of an inter-Arab bank issuing currency, and other measures.

U.S. Transport Hits Mountain

TAIPEI, Formosa (U)—A U.S. Air Force transport plane carrying 14 persons crashed Sunday in the cloud-hidden mountains of southeast Formosa.

Search planes spotted the wreckage Monday and reported no sign of survivors. Rescue parties were on the way to the scene.

The C54 was on a flight from Okinawa with 5 crewmen, 9 passengers and a replacement engine for another U.S. Air Force plane stranded in Hong Kong.

It crashed about 20 miles northwest of Taitung. Off course 35 miles, it hit a 10,000-foot mountain at about the 9,000-foot elevation.

The plane was from the 6,000th Operation Squadron, Tokyo. It was last heard from Sunday in the vicinity of Hengchun, on Formosa's southern tip. It notified the air traffic control center there it would pass over in about a half-hour. The center ordered the plane to stay at 8,500 feet.

British Ship Sails Without 'Deserters'

NEW YORK (U)—The Queen of Bermuda was at sea Monday, steaming toward the island of Bermuda, and leaving 300 striking crewmen stranded in New York as alleged "deserters."

The 22,500-ton vessel sailed Sunday without passengers and manned by a skeleton crew of 120.

Many of the passengers had already been settled in their cabins late Saturday afternoon when the British-owned Furness Bermuda Line announced their trip was cancelled. Since then, many got air transportation to Bermuda. Others went off to other resorts or returned home.

The strikers, members of the British National Union of Seamen, had left the ship in protest against the firing of 3 crewmen who had sought a \$30 monthly cost-of-living pay increase. The line claimed the discharged crewmen had become "agitators," threatened other members of the crew and wrote insulting notes to the ship's officers.

The strikers were warned to return to the ship or lose their jobs. A spokesman for the steamship line said the union had repudiated the strike and considered it a wildcat walkout.

The British consulate is responsible for the men, now that their ship has left port.

Vice-Consul Charles Allen announced Sunday night: "We shall take these 300 seamen in charge Monday and we don't know what we're going to do with them."

Allen earlier had told the strikers they would be considered "deserters" if they didn't return to the ship.

Now Many Wear FALSE TEETH With More Comfort

PASTEETH, a pleasant alkaline (non-acid) powder, holds false teeth more firmly. To eat and talk in more comfort, just sprinkle a little PASTEETH on your plates. No gummy, sticky, pasty taste or feeling. Checks "plate odor" (denture breath). Get PASTEETH at any drug counter.

There are an estimated 500,000 music teachers in this country, full and part time.

Bakery Explosion Kills 5, Injures 1

CHICAGO (U)—An exploding gas oven in the bake shop of a suburban department store Sunday night killed five men and injured another critically.

F. E. Stahl, manager of the River Forest Wieboldt Department Store estimated the damage to the four-story building at \$100,000.
