Jury Convicts Puerto Rican Nationalists

NEW YORK (AP)—A federal court jury early Thursday convicted 10 Puerto Rican Nationalist Party members of seditious conspiracy after deliberating the case for nearly 16 hours.

An 11th man was acquitted. The group had been charged with trying to bring about the "political independence of Puerto Rico from the United States by force and violence and armed revolution."

Testimony at the trial linked the Nationalist Party with the 1950 attempt to assassinate former President Truman and the wounding of 5 congressmen in the U.S. House of Representatives March 1, 1954.

JURY CHARGED
In charging the jury, Judge John F. X. McGohery said it must decide whether the defendants helped in these shootings. If the jury found that the shootings were the isolated act of a few persons unaided by the defendants, the jury could not consider them against the defendants, he said.

The new convictions brought to 27 the number of Nationalist Party members who have been convicted of, or pleaded guilty to, seditious charges in the past 6 months.

As in previous cases, the 10 face up to 6 years in prison and \$5,000 in fines or both. Sentencing was set for March 31.

The defendant acquitted was Serafin Colon Alovera, 43, New York. Trial testimony linked him with party membership in 1949 and placed him at a Nationalist dance in 1953.

THOSE CONVICTED
Those convicted were: Estaban Quinones Escute, Santiago Gonzales Castro, Antonio Herrera Moreno, Pedro Aviles and Mrs. Carmen Dolores Torresola, all of New York.

Juan Hernandez Valle, of Puerto Rico, and Miguel Vargas Nieves, Maximino Pedraza Martinez, Angel Luis Arzola and Julio Flores Medina, all of Chicago.

Mrs. Torresola, 25, is the widow of Grisello Torresola, who was killed trying to invade Blair House to assassinate former President Truman. Testimony against her in the trial included her statement,

made to the FBI shortly after the shooting, that she was proud of her husband.

Listed as a co-conspirator in the case was Pedro Albizu Campos, head of the Nationalist party, who is under a long-term prison sentence in Puerto Rico.

FOUR OTHERS
Four others named as co-conspirators in the indictment were Dolores Lolita Lebron, Rafael Cancel Miranda, Irvin Flores Rodriguez and Andres Figueroa Cordero. They are all serving prison terms of 50 to 75 years for the congressional shooting.

The indictment described the defendants as active members, leaders and officers of the Nationalist party who conspired to assassinate Puerto Rican and American officials.

The defendants pleaded innocent to the charge. At the trial defense attorneys rested their case without calling any witnesses and contended that the government had failed to prove its case.

GUESS WHAT—As any one can see, pictured above is a symbol of the western world's striving for peace, a futuristic sculpture entitled "Hand of Peace." It's among the new additions at the Biennial Art Exhibition in Venice, Italy, where 27 nations have permanent pavilions dedicated to modern art.

Union Sets Guaranteed Wage Fight

DETROIT (AP)—The bell sounds next week for the opening round in the CIO United Auto Workers' showdown fight for a guaranteed annual wage in the auto industry.

The union announced in joint statements with General Motors and Ford Wednesday that "explanatory" talks will be held then—separately with each company.

The GM and Ford talks will cover roughly half a million workers. They will spearhead a drive which the union hopes will win a guaranteed annual wage for more than a million auto workers and perhaps many of the CIO's 4 million other members.

The UAW is demanding contract guarantees that any seniority worker who works any part of a week will be paid for a full 40 hours. He also would be guaranteed a certain part of his full wage for a week when there is no work for him at all.

General Motors' five-year contract with the union expires May 29. The Ford pact runs out June 1. Formal negotiations with the two biggest auto producers are scheduled to begin in early April.

Fatal Blaze Investigated

SAN RAFAEL, Calif. (AP)—A former inmate of a state mental hospital was held for questioning Thursday about the rooming-house fire in which seven men perished Wednesday. Seven others were burned or injured.

Malcolm R. Schlette, 40, identified by Dist. Atty. William O. Weisich as an ex-inmate of Napa State Hospital, was arrested. Witnesses reported he was the only man who emerged from the flaming building fully clothed. He denied any knowledge of how the fire started.

Investigators said the fire apparently started in a sofa of the living room. The three-story mansion, built nearly 100 years ago with a marble fireplace in every room, was a mass of blackened wreckage. Arnold Leonhard, the owner, estimated loss at \$100,000.
