**SUB-TEENS**

**WHO'S A SUB-TEEN?**  
Her age probably ranges between 10 and 13, depending on her individual development. Both physically and in fashion consciousness she's outgrown the sizes and styles of the regular 7 to 14 range, yet she's not ready for girls' 10-16 or 7-15 sizes. Compared to a teen, she's shorter, of course... her arms are long... her waist and hips aren't as slim as they'll become in a few years, and her shoulders haven't fully broadened. She can be fitted beautifully in sizes 8-10-12-14, made JUST FOR HER... and The Broadway has them, in a separate department with its own triple mirror and fitting room.
