**Jaycees, Police Dept. Prepare for Roundup**

An extensive program of change and improvement in the rodeo arena at Pioneer Park began last weekend when crews of Jaycees and city police started volunteering their time as carpenters.  
The work is being done in preparation for the third annual Emerald Empire Roundup, scheduled for Aug. 5-7.  
The renovation is designed to improve the safety, seating capacity and convenience of the rodeo arena.  
The calf chutes, now situated at the east end of the arena, will be torn out and rebuilt at the west end. The east end of the grounds will be entirely closed in with high tiers of general admission seats. The new bleachers will add at least 1500 seats.  
New heavy fence posts will be set in an arc from the bucking chutes around in front of all general admission sections. New sturdy fencing, reinforced with wire cable, will be installed. A new six foot gate will be built at the west end. In addition, the fence in front of the grandstand section will be tightened and reinforced.  
Members of the two sponsoring organizations will also repair and strengthen the bucking chutes and stock pens behind them, and build a 100-foot feed trough with hitching rail for Christensen Bros. stock, which will be used for all shows.  
Members of the chutes and grounds committee are Bill Woodie and Greg Guistina for the Jaycees, and Dale Allen, Gus Davis and Don Elliott for the police department.
