

Woman Gets Prison Term

WASHINGTON — Turnabout witness Marie Natvig was sentenced Monday to eight months in prison for lying under oath as a government witness. A marshal immediately took the 51-year-old gray-haired grandmother into custody.

U. S. District Judge Alexander Holtzoff described the sentence as "moderate." He could have sent Mrs. Natvig to jail for up to 15 years on the three perjury charges on which she was convicted by a jury a month ago.

A jury convicted Mrs. Natvig May 16 of three charges of perjury. The indictment stemmed from her testimony as a Federal communications Commission witness during an inquiry into the background of Edward Lamb, a Toledo lawyer, publisher and broadcasting executive.

PRAY FOR PEACE

U.N. Played Decisive Role In Promoting World Peace

By HENRY CABOT LODGE JR., U. S. Ambassador to The U. N., Written For United Press

Ten years ago, the United Nations charter came into being. In spite of many obstacles, the United Nations has played a decisive part in:

- Extinguishing the threatened Communist aggression in Iran and causing the withdrawal of Soviet troops there.
- Ending the Communist war against Greece.
- Preventing open warfare over Kashmir between India and Pakistan.
- Bringing about the advent of Israel into the family of nations and ending the war in the Holy Land.
- Emergence of Indonesia as an independent nation.
- The successful fight of 16 free nations, with overwhelming participation by the United States and the republic of Korea, to re-

pel the bloody Communist aggression in Korea.

These are all situations which could have led to wars. The Korean aggression in particular might have led to world war—or uncontrolled Communist expansion.

In a fourth and final respect, the United Nations has developed just about as the founders thought, and that is in its capacity as a "center for harmonizing." In this field, the United Nations has been quite indispensable. One example of this was the meeting in a United States lounge between a United States and a Soviet representative which brought about the ending of the Berlin blockade and enabled us to cease the Berlin airlift.

As President Eisenhower has said, the United Nations has not found a cure for war any more than our hospitals have found a cure for cancer, but the United Nations, in its stress on public opinion rather than legalistic formalities, is on the right track. Only from the focusing of world opinion can a common sense of justice gradually emerge—and only on a worldwide sense of justice will it be possible to build a truly enduring peace.

Two Drowned Over Weekend

By Associated Press

Two persons drowned in separate accidents in Oregon Sunday.

Paul E. Pearson, 21, of Salem, did not come up after a dive into Mill Creek on the outskirts of Salem. A companion, Les Eitelgeorge, 21, also of Salem, was unable to swim. Eitelgeorge ran 1 1/2 miles to the State Police office to report the accident.

The body was recovered about an hour later.

Collis James Dolmage, 41, Grants Pass, drowned when his motor boat capsized in the Rogue River. His five children and his brother were rescued by fishermen who were nearby. The children range in age from 4 to 19.

Kay Pierce, Lebanon, won second prize, \$125 in bonds, and Sharon Cox, Portland, third, with \$75 in bonds. Honorable mention went to Eddie R. Warnock, Baker, and Betty Harris, Phoenix.

The contestants wrote codes to be used in safe-driving campaigns.

The "Babe's" Own Story

Mildred Didrikson Zaharias, greatest woman athlete of all time, tells her amazing story

Ben Hibbs, editor of the Post, says, "You'll meet here one of the warmest human beings you've ever read about—a woman who would make great copy even if she were not the world's greatest woman athlete.

"I like Babe's picture of the modest home where seven little Didriksons practiced weight lifting. I like the yarn about Babe's first trip away from home. And I admire Babe's story of that day in '53 when she learned she had cancer.

"The Babe is quite a gal. I commend her to you."
