BOAT SWAMPED, BOY DROWNS—Raymond Babeu starts artificial respiration on Carl Osterhoudt, 11, day camper at YMCA camp near Adams, Mass., who drowned when rowboat he and eight other boys were riding swamped in Lake Windsor's deep water Monday. All the other boys in the boat were pulled to safety or swam to shore. James Austin, camp counselor, is rowing while Airman 1st Class John Lesure is pulling the boat to shore.

Auto Union Votes on Offer

SOUTH BEND, Ind. (AP)—It was up to the CIO United Auto Workers negotiators Wednesday to say whether there will be a strike at the Studebaker plant of the Studebaker-Packard Corp. where nearly 1,800 workers were laid off recently.

Neil Moorlag, financial secretary of Local 5, CIO-UAW, said 82 per cent of the 7,010 workers voting last night favored giving their negotiators such authority. The local plant employs about 9,000.

Core of the dispute is the "production standard" clause of the contract.

Some burglars are never caught! But, you still can get payment for your losses, if you insure with our RESIDENCE BURGLARY AND THEFT POLICY.

Mrs. Florence Sieverts of 2905 Bessie Street, Eugene, Oregon, is shown with the new Pontiac 870 Catalina which she and her husband have purchased recently from Parmenter Pontiac Co. Mr. Sieverts is employed by the Lane County Bridge department and Mrs. Sieverts does secretarial work for the Oregon State Police. The Sieverts have two boys, Bill who is an engineer for Boeing Aircraft of Seattle and Richard who is a student at the University of Oregon and is also employed by the Register-Guard as district manager in the circulation department. Their daughter Donna is a student at Oregon State. Parmenter Pontiac is very pleased to have a family such as this as one of their customers, not only do Mr. and Mrs. Sieverts drive Pontiac but son Bill bought a new 1954 model from Parmenters last year and son Richard recently took delivery of a new 1955 Pontiac Station Wagon which he uses every day in his work. During the past 15 years this family has established an enviable record as good citizens of this community and state. All the male members have served in the Armed Forces and Mrs. Sieverts for many years assisted the Eugene Active Club in sponsoring the Oregon High School Basketball Tournament at Eugene as coordinating secretary. We of Parmenter Pontiac Company are very proud of this 100% Pontiac and American family and salute them for their accomplishments.

Treatment of Animals

(Continued From Page One)

one of the circuit judge's chambers in the courthouse. The new date was set in order to encourage more people to attend.

Dr. Swangard informed the members Tuesday that he had contacted an experienced worker in Nebraska who has agreed to come to Eugene for an interview for the post of kennel manager.

Two employes at the kennels quit their jobs last week. Both were blamed by society officials Tuesday for conditions at the kennels; and the group agreed to send them letters of censure.

HEARS LETTER

The society is a private, nonprofit, incorporated group of interested citizens devoted to the proper care and disposition of animals in the county. Part of their expenses are paid by the county and cities participating in the program.

Mrs. Margaret Benston, 1602 Polk St., read a letter to the society Tuesday, complaining of what she termed "slipshod" methods of disposing of animals; of the stench near the incinerator used for burning animals bodies; for permitting large numbers of animals to be put into the same small gas chamber before being killed and for other practices. She also agreed to donate her time toward improving conditions at the kennels.

Dr. Swangard termed conditions which existed at the kennels a few days ago "shocking." He said that the society is incorporated "to protect animals from such treatment," as witnesses testified existed at the kennels in recent days. These conditions have been, or are being corrected, he assured.

CYANIDE USED

He said the gas chamber at the kennels, if properly used, offers as humane a method of killing animals as is now possible. Cyanide pellets are dropped into a vial of acid, and within four seconds, animals inhaling the gas are dead.

George Owen, a member of the board of directors, told the group that he had queried employes at the kennels. He said he believes that if a cat were loose in the gas chamber with dogs before being gassed, it had escaped from a separate box there.

Employes have in the past put screened boxes of cats into the same chamber with dogs, he said.

Society members indicated the need for greater public understanding of their limited financial or other help from persons interested in carrying out its objectives, members said.

Refuses Try For $64,000

NEW YORK (AP)—Mrs. Catherine Kreitzer took a cue from the Bible Tuesday night and declined to risk her $32,000 TV quiz show winnings on the chance of doubling her money.

Her knowledge of the Bible had given the 54-year-old grandmother from Camp Hill, Pa., answers to questions that enabled her to acquire the $32,000 in three previous appearances on the CBS show The $64,000 Question.

Tuesday night she had the choice of taking her winnings thus far or trying another question, which, if answered correctly, would have won her the top prize of $64,000. If she had missed the answer, she would have gotten an automobile as a consolation prize.

For a moment it appeared that she would take the chance. She told Hal March, the master of ceremonies, that she felt pretty confident she could answer the final question. The studio audience burst into excited applause.

When the applause died down, however, she added that she would heed the biblical quotation—"Let your moderation be known to all men"—and would be satisfied with the $32,000.

Appropriation Asked

WASHINGTON (AP) — Congress has been asked to provide $2,600,000 to improve the Washington National Airport. Officials figure it will be handling 10,000 passengers a day in 1956.
