

**WEATHER FORECAST**—Partly cloudy weather is expected over Eugene Sunday, with cooler weather Sunday evening. Slightly warmer weather is expected from the south and central Rockies to California, and in the Ohio and Tennessee Valleys. Snow is expected from the north and central Mississippi Valley eastward through the Great Lakes region and the upper Ohio Valley to upper New York State and Pennsylvania. Rain is expected over the lower Ohio Valley and Tennessee Valley, and over the south and central Appalachians.

### Emerald Empire Weather

**Forecast:** Partly cloudy weather is predicted for Sunday and Sunday night. The predicted high temperature is 50 degrees and the predicted low Sunday night 26 degrees.

### Paris Promise To Delay Its A-Blast Told

**CHICAGO (AP)**—The French government provided assurance that it would not detonate its first atomic bomb until U.S. cosmic ray tests in the Caribbean had been completed, the University of Chicago announced Saturday.

Disclosure of the French guarantee was coincidental with the death earlier Saturday of Prof. Marcel Schein, Chicago scientist who directed the Caribbean tests (Operation Skyhook) in January. Events leading to the French assurances were detailed in University of Chicago Reports, a bi-monthly magazine.

The article said the noninterference agreement was obtained after an exchange between the University of Chicago physicist, a world authority on cosmic rays, and Francis Perrin, high commissioner of the French atomic energy commission.

During Operation Skyhook, U.S. Navy scientists, under Schein's direction, launched two balloons carrying radiosensitive film to a height of 22 miles over the Caribbean. The purpose was to get information on high energy cosmic rays.

While test arrangements were being completed, the article said, Schein wrote Perrin asking for help in avoiding "possible interference" between Jan. 23 and Feb. 5, the period of Skyhook.

France exploded her first atomic bomb in North Africa Feb. 13. Schein, who was 57, died of a heart ailment.

### Candidate Finds Secret Of Getting to Meetings

**By DAN SELLARD Of the Register-Guard**

R. F. Cook, the Silverton man who is seeking the Republican nomination to the U.S. Senate, has the secret of how to get into all kinds of places—get a press card.

Cook is associated with the Silverton Appeal-Tribune and his card is legitimate.

He's seen everywhere, even at meetings of Democrats. The places we've seen him lately, usually sitting at a press table, include the Republican fund-raising dinner at Portland last month, the Nixon off-the-record press session at Portland last October, the Democratic platform convention in Salem last month (at which he was introduced by the chairman), the attorney general's conference on crime in Salem last week, and the Oregon Press Conference in Eugene Friday.

Among the other visitors to Eugene last week were State Treasurer Howard Belton and State Rep. Shirley Field. Miss Field, a Portland attorney, has announced her candidacy for the office of state treasurer and Belton, the political prognosticator, will probably seek election to the post he was appointed to recently by the governor.

We won't know for sure until March 11, but the number of persons who want to be elected as delegates to the Democratic national convention will probably make the May 20 ballot the longest in history. If so, we'll wish more than ever that something could be done about streamlining our voting process. Voting machines might be the only answer.

Slips of the tongue were the rule of the night at the testimonial dinner for Secretary of State Howell Appling in Eugene last week.

F. F. Montgomery started it all by introducing Governor Hatfield as "the honorable governor of our state, Howell Appling — I mean Mark Hatfield."

After the laughter stopped, Hatfield said to Montgomery, "Thank You, Keith Skelton."

And then, in a remark missed by most in the hall, Hatfield turned to Appling and said, "I'll remember that two years from now."

"Two years from now" would be when Hatfield's term as governor is up for grabs. This is not the first time that Appling's name has been linked with the governorship.

William Knowland, the Oakland, Calif., publisher who quit the U.S. Senate to run for governor and was beaten by Pat Brown, will turn his experience and talents to "covering" the national conventions for his paper, he told Register-Guard reporter Ralph Olive during an interview.

### Demos Plan To Assist Registrations

Democrats of the Fourth Congressional District Friday evening made plans to register voters prior to the May 20 primary election.

Mrs. Mildred Russell, Lane County central committee chairman and chairman of the district registration campaign, said Saturday that delegates from Lane, Linn, Curry and Jackson counties attended the Eugene workshop session, conducted by State Rep. Vernon Cook, Portland.

Cook told the delegates that the drive would provide an ideal opportunity to build party organizations and find new party workers and leaders.

In addition to urging voters to register, canvassers will be asked to conduct a census of both registered and unregistered voters. Cook told the meeting.

An incentive system has been established, Cook said. A prize of \$5 will be paid into local party funds for each 50 new voters registered.

**Guards to Collect For Heart Fund**

Members of the Eugene-Springfield units of the Oregon National Guard will make a house-to-house canvass in Springfield Sunday afternoon to collect funds for the annual Heart Fund Drive.

The day has been designated as Heart Sunday in Springfield. The collections will be made in Eugene on Feb. 28.

**Growers to Elect**

The Oregon Vegetable and Fruit Growers Assn. will meet in Salem Monday afternoon for election of officers, according to Frank Elliott, Creswell. The new group will meet in the Mayflower Hall, at 2 p.m. All those interested are invited to attend.

**ENTER RACE** — Frank Elliott, 49-year-old Creswell farmer, Thursday filed as a Democratic candidate for the office of county commissioner. Two other Democrats and two Republicans are seeking the office.

### Hatfield to Attend

**SALEM (UPI)** — Gov. Mark Hatfield will attend the luncheon next Monday in Portland of the Highway Lifesavers annual meeting to hear a presentation by Robert L. Donigan, chemical test expert of Northwestern University. The governor is working on traffic safety proposals for presentation to the 1961 Legislature.

Register-Guard, Eugene, Oregon Sunday, February 21, 1960 11A

### Bottle Replica Loss Puts Club in Debt

A group of 25 girls who are members of a Y-Teen Club raised \$6 during a Friday night dance in the Central Lane Y Bldg.

The money was to have been used to finance club projects.

But a 4½-foot high replica of a soft drink bottle which they borrowed for decorative purposes disappeared during the dance. It is valued at \$18.75.

Help has been requested in locating the bottle. Anyone who finds it is requested to call DI 3-7258 or the Central Lane Y Bldg.

### What's the Big Idea?

... our customers ask, "What's the big idea of moving the downtown Eugene Branch of the United States National Bank of Portland into temporary banking quarters at 8th and Charnelton?" Well, the big idea—and it really is BIG—is a beautiful, modern new U.S. National banking office at 8th and Willamette, soon to be constructed. Sidewalk superintendents, your moral support is welcomed!

### Future Farmers Observe 'Week'

Young farmers of the Emerald Empire are joining with others throughout the nation in the observance of National Future Farmers of America Week, which started Saturday.

The Future Farmers of America is an organization designed to develop rural leadership, good citizenship and agricultural achievement.

FFA Chapters in the Emerald Empire are located in Eugene, Springfield, Junction City, Cottage Grove and Harrisburg.

The Eugene FFA Chapter members plan to give talks at Grange meetings, to exhibit their work in window displays and to promote various social activities during the observance.

### Lecture to Cover Japanese Theater

"Contemporary Japanese Theatre" will be the subject of Donald Willis, associate professor of oriental languages at the University of Oregon, for his lecture Sunday at 8 p.m. in the museum of art.

Willis spent a year as a Fulbright Fellow studying Chinese and Japanese literature at the University in Kyoto, Japan. Later he spent another two summers in Formosa. He is currently engaged in the translation of a Chinese novel into English.
