FIRE WEATHER
Warmer and drier conditions all sections with moderate high danger for the period. Humidities generally in 20's or low 30's in the afternoons through Wednesday. Gentle northwest to northeast winds.

Engineers Ask Bids On Dam Equipment

Bids are being invited for the design, manufacture, test and delivery in Oakridge of a power transformer and appurtenances for the Hills Creek Dam power house on the middle fork of the Willamette River. The Army Engineers will open bids on the project in Portland at 2 p.m. Aug. 4. Cost is estimated at \$200,000. The transformer delivery deadline is Nov. 1, 1961.

WEATHER FORECAST—Partly cloudy skies are predicted for Tuesday night and Wednesday in western Oregon. Cold fronts moving across the nation will bring showers and thundershowers to the Great Plains, Mississippi Valley and through the Appalachians into Florida. A cooling trend is expected through the central Plains into portions of the northern and central Rockies, where snow flurries are possible.

Project Opposed

WASHINGTON (AP)—The Eisenhower administration announced Monday through its Budget Bureau it was opposed to the Foster Reservoir project on the South Sanitam River in Oregon, as outlined in a bill passed last Friday by the Senate. It was one of 43 projects to which the Budget Bureau voiced objections on several grounds. The Foster project, listed at \$17,340,000, was one of several flood control jobs objected to on the ground that it failed to meet the administration formula for minimum local contribution of 30 per cent of the cost.

Flower Show Planned

SALEM (UPI)—The floral department of the Oregon State Fair will have three three-day amateur cut flower shows this year. Last year there were two four-day shows. A major change in the commercial garden division stipulates that only one entry will be allowed in each class.

Quake Jolts Tokyo

TOKYO (UPI)—A minor earthquake shook the Tokyo area shortly before 8 a.m. Tuesday.
