Four Groups To Get Funds

Four charity organizations have been selected to receive funds from the Campus Chest drive scheduled this week at the University of Oregon, according to Calvin M. Jensen of Boise, Idaho, chairman of the drive.

A committee of graduate students and seniors in the sociology department at the university picked these four charities: the National Scholarship Service for Negro Students, Pearl Buck School, Lane County Medical Research Assn., and the Community Food Bank program.

In the past, Campus Chest funds were turned over to Lane County United Appeal, but the selection of only four agencies was initiated this year to give academic endorsement to the charities and to make student donations more meaningful.

The Campus Chest is one of only two fund drives held on the university campus each year. The other, World University Service, collects funds for academic aid to foreign countries.

Blooming Trillium Found in Woods
The year's first report of a blooming trillium was given to the Onion Editor Monday by Mrs. Doris Vaughn, Elmira.

Mrs. Vaughn, a Route F resident, said that her son, George, a logger, found the flower near the Siuslaw River in the Vaughn area. He also found some spring beauties.

Rural School Board Votes For Two Bills

The Lane County Rural School District Board went on record Monday in favor of two bills pending in the Legislature, and opposed a third.

Members of the board asked Supt. Dale Parnell to write the Lane County delegation, expressing support for Senate Bill 447. The bill calls for simplification of school fund distribution, and integration of all state, county and rural school district funds into a single finance program.

The board also favors a proposal introduced by Sen. Robert Straub, D-Eugene, that would establish a youth camp, allowing boys to spend the summer working with the state forestry department.

The board opposed House Bill 1354, relating to the county school fund. The bill would authorize a levy for school purposes upon taxable property in a county (this is now mandatory); the bill would also authorize appropriation of funds from non-tax sources, such as O&C lands and forest reserves.

In other matters, the board authorized Parnell to work with W. P. Riddlesbarger, Eugene attorney, on school matters requiring legal advice.

Parnell reminded the board that a public hearing on the county school superintendent's operating budget for 1961-62 would be held at 1:30 p.m. March 6, in the superintendent's office. A budget of \$87,385 has been approved by the county school district budget committee.

Citations Increase
PORTLAND (AP)—Nearly 30,000 citations for violation of parking ordinances were issued in Portland last month. That is 8,000 more than for the same month last year. Collections for traffic violations in the month totaled \$43,113.
