Johnson lies on a wooded hillside near the LBJ Ranch near Johnson City, Tex. The plane crashed in murky weather Sunday night killing the pilot, Harold Teague, 39, of Austin and co-pilot Charles Williams, 37, of Houston. The vice president was not aboard the plane at the time of the crash.

Few Changes Proposed In Reapportionment Plan

SALEM (AP) — Legislative reapportionment that would affect only 10 of the 36 counties was offered to the Legislature Monday by House Republicans.

Rep. F. F. Montgomery, Eugene, House Republican leader, said he expects to get Democratic support for the plan.

But Multnomah County Democrats, who believe their county is entitled to more representation, indicated they would oppose it.

In the Senate, only Polk and Washington counties — each with a senator now — would be af-

JFK to Make Canadian Trip

WASHINGTON (AP) — President Kennedy will visit Canada in what probably will be his first venture outside the United States since taking office.

A date has not been fixed. Kennedy will make the trip in time to address a joint session of the Canadian Parliament before it adjourns. It is expected to wind up in early summer.

Canadian Prime Minister John Diefenbaker announced Kennedy's acceptance of his invitation on return to Ottawa Monday from a White House visit.

The exchange of visits and a joint statement issued at the White House after Diefenbaker left were indicative of the close relations between the two countries.

ected. Polk would have half a senator, shared with Lincoln County. Washington would get another half a senator, shared with Columbia County.

In the House, Gilliam, Morrow, Sherman and Wheeler counties — now each with one-quarter of a representative — would be increased to one-third each. Washington County's 2½ representatives would be increased to 3. Clackamas County's 3 would be boosted to 4.

Hood River and Wasco, now each with one representative, would be cut to one-third each. Yamhill's 1½ would be reduced to one.

If the Legislature passes a reapportionment plan, it would be subject to review by the Supreme Court. If the Legislature does not, then Secretary of State Howell Appaling Jr. would draft a reapportionment plan.

Since the plan has such little impact on Eastern Oregon, Republicans should get support from Eastern Oregon legislators. That in itself might insure passage of the plan.

It had been assumed that Eastern Oregon's legislative delegation might be cut under any reapportionment plan according to population. That is because the eastern part of the state has not grown as fast as the western portion in the past decade.

But the Republican plan would give the eastern part of the state the same number of senators as it now has, and only one fewer representative.
