

Two Channels Offer Bob Hope Show Tonight

The Bob Hope Show will be seen on Channels 13 and 8 tonight at 7:30. Astronaut gags open the show, and the gags plus guests are enough to make it go. There's Julie London vocalizing alone and singing a duet with Hope. There's Juliet Prowse with "Tequila." Bob discovering Jim Garner playing a mountain boy who can pitch, and a sketch about an axe-killer too.

Other Saturday TV highlights: 4 p.m., Wide World of Sports (9-12) — National Invitational Bowling Tournament semifinals and two-hour coverage to please the most dedicated of fans. The prizes are high and players professional, so tune in if bowling is your specialty.

6 p.m., Fights (9-12) — Jose Gonzales of Puerto Rico challenges Charlie Scott of Philadelphia in a 10-round welterweight contest.

8:30 p.m., Have Gun, Will Travel (6) — Paladin takes on three cowboys who happen to have a toehold on a small town and manages to break them up.

8:30 p.m., Our American Heritage (13-8) — "Woodrow Wilson and the Unknown Soldier." An interesting script by David Shaw links our 28th President with the unknown soldier whose fate he had hoped to end forever for mankind. Through the use of actual films taken by the Army Signal Corps during World War I and its aftermath, and the echo of Wilson's battered dreams of United States participation in the

League of Nations, the potentials of the United Nations take on special meaning today.

10:30 p.m., Movie (13) — "Life Begins at 8:30." Monty Woolley, Ida Lupino, Cornel Wilde. Well acted but dreary drama of an alcoholic, broken-down actor and his daughter who gives up everything to help him. Too morbid in spite of Woolley's frequent attempts at humor. (1942—Fair).

10:35 p.m., Movie (6) — "Come to the Stable." Loretta Young, Celeste Holm. The story of the gentle but dauntless persistence of two Roman Catholic nuns in procuring land and resources for a children's hospital. (No rating available).

11 p.m., Movie (8) — "Day of Fear." Ruben Rojo, Fernando Rey, Nina Karrell. Panic grips the Central hospital in Madrid when a desperately needed drug to combat an outbreak of a spinal virus disappears. Suspenseful action of this 1959 thriller, actually filmed in Spain, follows the trail of black marketeers and their plan to annihilate a defenseless city. (No rating available).

11:15 p.m., Movie (9) — "Under My Skin." John Garfield. (No rating available).

11:15 p.m., Movie (12) — "Nightmare Alley." Tyrone Power, Joan Blondell. Strong drama about a carnival grifter who double-crosses everybody on his way to success. One of Power's best performances; unpleasant but absorbing film. (1947—Good).

Marion County to Seek Ruling for Daylight Time

SALEM (UPI) — Dist. Atty. Hattie Kremen probably will be asked to seek an opinion from Atty. Gen. Robert Y. Thornton on whether the Marion County court can act on daylight saving time.

County Judge Rex Hartley said Friday that the court is being pushed for some action.

Hartley said the court wants the opinion to be available in case it decides to act one way or the other.

Preparations also are being made for the Salem City Council to act on fast time if the question arises.

Assistant City Atty. William Juza said Friday his office has prepared an ordinance for the council, should it decide to act.

Juza said the ordinance was prepared without request of councilmen.

The council will meet next on May 22.

Youth Convicted

SALEM (UPI) — Arlie Day Ellis, 20, Salem, Thursday was found guilty of kidnapping a state police officer last February. Sentence will be passed Monday.

Ellis is one of three persons accused of kidnapping Patrolman Thomas Hedgecock the night of Feb. 20 after Hedgecock stopped the trio's auto to question them.

One of Ellis' companions, Lawrence Allen Morrow, 21, Rickreall, has pleaded guilty to a kidnapping charge and is awaiting sentence.

The third person in the trio, Marjorie Darlene Wood, 16, Dallas, is awaiting trial.

Anaesthetics Used

PORTLAND (UPI) — Rattlesnake milkers at the Portland Zoo did their work with anesthetized reptiles Thursday and said they'd been worrying about their job when 100 diamond back rattlers arrived shortly.

The venom is milked from the snakes periodically and in the past anaesthetics have not been used because such things as ether and chloroform kill the snakes.

In Thursday's operation Fluothane, a new anaesthetic developed in England, was used. The snakes were unconscious for a little over three minutes and recovered with no immediately apparent ill effects. A boon, said the handlers.

Airport Plan Abandoned

PORTLAND (UPI) — Plans for a new major airport on the French Prairie site near Woodburn have been abandoned by the Port of Portland.

The commissioners adopted a report by Commissioner Donald Drake, chairman of the aviation committee, that said construction of the second 8,000-foot runway at Portland International Airport has increased the capacity of the airport sufficiently to take care of any needs in the foreseeable future.

The report was forwarded to Gov. Mark Hatfield who said he thought the 400-acre site still should be reserved for future airport development.

"I still believe the future growth of this area would be served by planning now to acquire this land for airport use at present reasonable costs," the governor said.

On Legislative Requests

Hatfield Did Better Than Demo Party

By A. H. PEARSON
Of the United Press International

EDITOR'S NOTE: This is the first of two dispatches comparing achievements of the 1961 legislature with Gov. Mark Hatfield's message and with the Democratic platform.

SALEM (UPI) — Gov. Mark Hatfield had more of his wishes fulfilled by the Democratic legislature than the Democrats themselves.

Hatfield won nearly two-thirds of the specific requests made in his opening message in January. Democrats hardly got halfway in

Duncan Lists Key Proposals

SALEM (UPI) — House Speaker Robert B. Duncan restated Thursday that while it is too soon to appraise the 1961 legislature in its proper perspective, the bills that did pass were "good legislation."

The fact that some programs failed to pass was due to a "fairly even division of philosophy," he said.

He cited the fact an increase in taxes was not necessary and added that some property tax relief was afforded by more liquor revenue to cities and some to counties.

Duncan listed as among accomplishments community mental health clinics, community colleges, milk price control legislation, tighter air and stream pollution development, ban on some log exports, Boardman project, Astoria bridge, tidelands oil bills, a labor election bill, and salary hike for academic and other state employees.

Duncan also said government reorganization failed this year because of the conflict between Gov. Mark Hatfield and Secretary of State Howell Appling Jr.

He said there is "no question that reorganization has proceeded largely because of the rocks strewn in its path" by Appling.

Speaking over state radio station KOAC here, Duncan said Appling was "bitterly" opposed and let everyone know about it.

Ready Response

PORTLAND (UPI) — Ella Mae Quin of Tacoma had an answer for police when they stopped her as a speeder Thursday and asked, "What's your hurry?"

A bullet had just whistled through her car, she said, and she was racing to the home of her mother.

Police looked, and sure enough, there was a shattered glass and a bit of lead.

The shot came from an old-model black sedan, she said. But she added she had no idea why.
