

*Nibblin' Time...a most delicious habit!*

A delicious nibble, the peanut. Grown by nature... picked, packed and lightly salted by Planters. Rich in protein, yet a dozen Cocktail® Peanuts contain fewer calories than an egg, an orange, or a glass of buttermilk. But best about Planters is the taste. Crunched slowly, savored, Planters Peanuts are the best friend a cooling summer drink ever had! Delicious... in the vacuum can, nickel bag or 5¢ Jumbo Block!
