Archdiocesan Council Tells New Officers

Mrs. Harvey Kreiger of Portland was elected president of Archdiocesan Council of Catholic Women at the 38th annual meeting Sunday and Monday in Eugene. More than 200 affiliated groups of Catholic women in western Oregon were represented. Mrs. Michael Burke of Eugene is retiring president.

Mrs. Lloyd Keck of Junction City was elected auditor and Mrs. Bernard Bachand of Salem was named recording secretary. Mrs. H. Harley Mull of Eugene was named president of the Eugene district (deanery) and becomes a vice president of the Council. Mrs. Robert Monson of Sweet Home is retiring president of the Eugene district.

Plaid Pleaser

There's no such thing as a "spring" coat any more. This rakish, low-belted plaid offers three-season versatility and is also water repellent. Its interlining of lightweight apparel foam provides comfort within wide range of temperatures, yet adds little bulk to wool and orlon blend coat.

Hints From Heloise

Dear Heloise:
I learned that I could remove ink stains from my fingers by using a well-known cuticle remover. I tried this on leather and it worked too! Perhaps this is the answer to people who have ink stains on their leather couches, etc. Mrs. A.G.C.

Dear Readers:
This woman enclosed a sample of leather with marks of ink on it. I tried the cuticle remover . . . by golly . . . it worked! Tell me why!
I called a cosmetologist and told her. She said they used it when they spilled color tint (wasn't I nice to use that word instead of dye?) on people's clothes. It will remove the hair tint from white linen and colored linen. I tried it!
Heloise

Dear Heloise:
When making meat balls . . . always dip your fingers in water before rolling the balls. This will prevent stickiness. Reader

Dear Heloise:
The only answer to cutting down on your grocery bill is to watch the ads in the paper. Take advantage of the lower prices and . . . shop around in two or three stores each week. Careful Shopper

And . . . ladies, nearly every letter on this subject that came into this column said to watch the grocery ads! Surely these people who save know. Heloise

Dear Heloise:
Your tip on using a heel of bread on top of cabbage when cooking to eliminate odors was terrific. I now use that for broccoli and brussel sprouts too.

Did you know baking soda will remove any grease spot from carpeting? I could not keep house without it. Simply brush a generous amount over the spot and tightly through the pile of the rug.

Leave the soda overnight and vacuum it off the next day. It is darned near magic! This works on old grease spots as well. I had one spot that was a year old (where my son had gotten sick) and it removed that too. J. M.

E-E-E-E-E It's Another Win for Shirley Kay

Shirley Kay Curtis, on her way to watch a ball game at Harrisburg Union High School, picked up the school phone Tuesday afternoon, to discover she had won second place in the 1962 Betty Crocker Home-maker of Tomorrow for Oregon contest. She receives a \$500 scholarship.

"Eeeeeee," she squealed into the receiver, and then added: "I hope you're not pulling my leg."

The Register-Guard, checking a routine release from General Mills, had called the high school

for the name of Shirley Kay's parents. They were not aware that Shirley Kay herself had answered the telephone.

Top winner for Oregon is Karney Ellen Platt of Beaverton High School who receives a \$1500 scholarship and becomes a candidate for the national title and total scholarship of \$5000.

Shirley Kay will add her newest win to a \$500 savings bond awarded her as winner of the 1961 Linn County Veterans Day essay contest.

This assures her the opportunity to attend the college of her choice. Willamette University, next year. She plans to major in psychology and minor in economics. An honor student, she's active in a wide variety of school functions, makes many of her own clothes and likes to try out new recipes. The Harrisburg miss was one

of a total of 406,132 girls in 12,874 schools participating in this year's contest. In the eight years since the program started, more than 2½ million girls have enrolled and scholarship awards have totaled more than three quarters of a million dollars.

Oh yes—the answer to our original telephone question: Shirley Kay's the daughter of Mr. and Mrs. Charles W. Curtis of Harrisburg.
