

# Freedom 7 Model Coming

A duplicate of the Freedom 7 Mercury Spacecraft will be displayed in Eugene Saturday and Sunday, June 2-3, as part of a U.S. Savings Bond drive exhibit.

The model will be displayed in Eugene during a tour through Oregon, reported the U.S. Treasury Savings Bond Committee. During the bond drive in May and June, each U.S. citizen is asked to buy an extra savings bond.

The model will be displayed at Lew Williams Chevrolet, 2020 Franklin Blvd. It will be open to the public from 3 p.m. standard, 4 p.m. daylight, to 11 p.m. standard, midnight daylight, on June 2.

On Sunday, June 3, the capsule will be on display in Eugene from 7 a.m. standard, 8 a.m. daylight, to 11 a.m. standard, noon daylight.

The Freedom 7 capsule model is identical to the one that carried America's first astronauts into space. It is mounted on a red, white and blue trailer, flanked by two American flags.

The exhibit will include a public address system, with documentary recordings on America's first manned space flights.

The McDonnell Aircraft Corp., which designed and built the Mercury capsules for the National Aeronautics and Space Administration, donated the capsule to the Treasury Dept. for its Freedom Bond Drive. The Chevrolet Motor Division of General Motors is providing the truck and trailer on which the capsule is mounted.

**Model** This model of the Freedom 7 Mercury Spacecraft will be displayed in Eugene June 2 and 3. The duplicate spacecraft is touring Oregon in connection with the U.S. Treasury savings bond drive.

# Three Eugeneans Hurt in Accident

Three Eugene residents were hurt Sunday evening when their car crashed into a steel post in a drive-in restaurant parking lot.

The injured persons, taken to Sacred Heart Hospital, were Robert Towney Cable, 25, of 115

W. 23rd Ave., reported in "fairly good" condition Monday morning; James Young Fleming, 34, of Rt. 2 Box 104-B, in "good" condition; and Mrs. James Fleming, 30, of Rt. 2 Box 104-B, in "fair" condition.

Eugene police said that Cable was driving the car when the accident happened about 7:45 p.m. daylight Sunday at Cable's Restaurant on Sixth Avenue between High and Mill streets.

The police report said the auto was moving west on Sixth when it attempted to turn left into the parking lot, skidded for 77 feet, and rammed one of the posts that supports the restaurant's advertising sign.

The police report indicated that Cable and Mrs. Fleming suffered possible skull fractures plus lacerations, and that Fleming suffered a fractured right arm and lacerations.

## Budget Hearing Set for Tonight

A public hearing on the proposed 1962-63 budget of Eugene Rural Fire District No. 1, totaling \$10,862, will be held tonight at 7:30 p.m. standard, 8:30 p.m. daylight, at the home of Phillip J. Campa, 1010 Crest Dr.

According to Mrs. Carl R. Pfeiffer, clerk of the district, no election will be necessary because the amount to be raised through taxation—\$9,562—is within the constitutional 6 percent limitation.

The fire district, which contracts with the Eugene Fire Department for protection, covers all of College Crest and Hawkins Hill water districts and the northern half of Hillcrest Water District.

Mrs. Clifford Cameron, 132 Lawrence St., Eugene, told state police that someone stole \$35 from her purse in a parked pickup at Ponsler Park north of Sea Lion Caves on Highway 101 Saturday.

## Deputies Arrest Man On Lincoln Warrant

Raymond Wilbur Martin, 61, of no known permanent address, was arrested by sheriff's deputies early Sunday morning on a warrant from Lincoln County.

Martin is accused of obtaining money under false pretenses in the Lincoln County warrant. He was arrested at the Motor Vu Drive-In Theater in Springfield about 12:45 a.m. Sunday after an informant called the sheriff's office.

## Money Taken From Church

Seven young women in the Eugene First Christian church choir told Eugene police Sunday evening that someone stole a total of about \$30 from their purses while they were singing.

The money was taken from purses left in another part of the church while the choir was singing between 9 and 9:45 p.m. daylight Sunday.

Seven other thefts were reported to local police agencies over the weekend:

William O. Bryan, 2495 W. 23rd Ave., Eugene, and Charles A. Byers, 624 E. 17th Ave., Eugene, both reported that transistor radios were stolen from their parked cars in separate incidents. The radios were worth \$40 and \$65.

Mrs. Clifford Cameron, 132 Lawrence St., Eugene, told state police that someone stole \$35 from her purse in a parked pickup at Ponsler Park north of Sea Lion Caves on Highway 101 Saturday.

... For Staph Mastitis—Give Shots

In studies over a five year period the spread of Staph Mastitis in vaccinated cows was almost completely prevented.

Inject 5cc dose into heavy muscle of neck or shoulders or hind-quarter. Over a third of all Mastitis cases in dairy cows are caused by Staph Bacteria, can be used in cattle of all ages—vaccinate all adult cows and heifers in herd and repeat in month to every year thereafter. As per Lederle literature available to you.

... Tax Records

FREE INCOME TAX RECORD KEPT ON ALL YOUR VETERINARY REMEDIES BOUGHT AT GERLACH'S. At the end of the year a certified paid statement will be sent to you for your income tax returns.
