

'Round the State

4 Measures Falling Short

SALEM (AP)—Only three of the seven initiative measures being circulated appear to have much chance of getting on the November ballot, Jack Thompson, state elections director, said Wednesday.

They are measures to make steelhead a game fish; to reapportion the legislature by area as well as population, and to repeal the school district reorganization law.

The deadline for filing completed petitions is July 5. None has been completed yet.

Proposals which Thompson said would fall short are measures to pay a maximum \$600 bonus to veterans of the Korean War; provide for standard time; require automobile liability insurance, and a system of public credit in lieu of taxes.

Calcutta Man In Portland For Surgery

PORTLAND (AP)—A 32-year-old Calcutta, India, man arrived Wednesday for a delicate open-heart operation at the University of Oregon Medical School.

Brendra Kumar Dutta Barman arrived at Portland International Airport and was met by Clackamas County deputy Ken Shoup and his wife. Shoup is an Indian Theater war veteran who pledged his help to Barman when he first heard of the Indian's trouble.

Barman was brought to this country through efforts of the Oregon Heart Assn., the Medical School and Mrs. Eleanor Roosevelt.

Barman, a college graduate, was taken to the medical school hospital where Dr. Albert Starr said he would attempt the delicate operation. Barman was to begin a round of tests and Doctor Starr said the mitral valve replacement might be indicated.

Such surgery is not practiced in India. Barman, a former athlete, has suffered from frequent heart attacks over the past seven years. He read of Doctor Starr's surgery in a Calcutta newspaper and wrote Mrs. Roosevelt asking for help.

Mrs. Roosevelt wrote to Doctor Starr and the Oregon Heart Assn. Shoup read of the story and made many calls on Barman's behalf.

Medical school authorities have decided the operation could be performed under terms of an \$800,000 cardiovascular research grant awarded the medical school in 1961.

Barman's travel expenses were paid by the Calcutta Rotary Club.

Boise Man Elected

GEARHART, Ore. (AP)—John W. Hewitt, Boise, Idaho, was elected president of the Pacific Northwest Savings & Loan Association as the group closed its annual convention Wednesday.

Hewitt is president of Providence Savings & Loan in Boise.

Harold C. Kean, Seattle, was elected vice president. James A. Sinclair, Boise, was named secretary. The group selected Sun Valley, Idaho, as the site of its convention next year.

New School Okayed

MEDFORD (AP)—The Medford school board has voted to construct a 2,000-student capacity high school on a 35-acre tract in the northeast corner of the city.

The proposal calls for a plant to cost in excess of \$3.5 million, to be put in use in 1965. Money to finance the structure will be from a bond issue which probably will be submitted to district voters this fall.

Present plans call for the present high school building to be used as a third junior high school housing 850 students. A similar number of students would be housed in each of the present two junior high schools.

Theme Selected

PORTLAND (AP)—The theme of next year's Portland Rose Festival will be: "Highlights in History."

That suggestion won the queen's ear—a 1962 Buick convertible—for Mr. and Mrs. Paul H. Howe of Portland.

Persons who purchased Rose Festival buttons this year were given a chance to select next year's theme.

Hatfield Said Shunning Party Label

SALEM (AP)—Atty. Gen. Robert Y. Thornton said Tuesday night that Gov. Mark Hatfield is avoiding the Republican party label.

Thornton, Democratic nominee for governor and Hatfield's opponent this fall, noted that Hatfield has just put out what Thornton called a "lavish 4,000 word propaganda folder" which fails to mention that Hatfield is the Republican candidate for governor.

The folder includes the name Republican "only three times, printed only in the smallest type" but doesn't list Hatfield as the GOP governor nominee, Thornton said.

Thornton also said that Hatfield has "even omitted his Republican party identification on his large picture posters."

Thornton said that with the election nearing "we can expect him to forget" his Republican identification. We can also expect that from now on he will avoid, like hoof and mouth disease, such big GOP events as the recent Republican conference at Seattle where he failed to put in any appearance.

Thornton addressed Marion and Polk county Democrats here.

Collections Behind

SALEM (AP)—State tax collections are running 8 1/2 per cent ahead of last year, but are still under estimates on which the current two-year budget are based.

The legislature had figured on a 15 per cent increase.

The Tax Commission reported Wednesday its collections for the 11 months ended May 31 were \$111 million.

Rejection Of Request Baffles Solon

WASHINGTON (AP)—Sen. Maurice B. Neuberger, D-Ore., told the Oregon Medical Society Wednesday she is baffled by its rejection of a request to use its addressing service to poll doctors on medical care matters before Congress.

In a wire to Roscoe K. Miller, executive secretary of the society, Mrs. Neuberger said her Portland office told her the request to use its service on a fee basis had been vetoed.

"I trust that it is clear to you that I am willing to pay a service charge for addressing, which I understand is usually available without question to commercial groups and drug advertisers," she said.

"I am baffled," she added, "by your decision against affording a United States senator an equal opportunity to reach members of the Oregon Medical Society, especially in view of the fact that I only wish to solicit their anonymously expressed opinions."

Cap Pistols Legalized

TRENTON, N.J. (AP)—For the first time in 25 years New Jersey youngsters will be able to shoot cap pistols on the Fourth of July.

Just 15 days before the holiday, Gov. Richard J. Hughes signed a bill Tuesday legalizing caps and cap pistols.

Hughes, father of 10, had expressed some qualms about the bill earlier, but said he had made a thorough study of it and checked the comparable laws in other states.

Working Capital Up \$1.6 Billion

WASHINGTON (AP)—The government has reported the net working capital of U.S. corporations rose by \$1.6 billion in the first three months of 1962 to a new high of \$139 billion.

The increase was about one fourth smaller than the \$2.1 billion gain in the first three months of 1961.

A report by the Securities & Exchange Commission said the total corporation assets rose by \$2.7 billion to \$305.7 billion. Total current liabilities increased by \$1.1 billion to 166.7 billion.

Actress Has Baby

LOS ANGELES (AP)—Actress Betty Hutton has a new baby daughter named Carol.

The child, born Tuesday, weighed 6 pounds, 10 ounces.

Miss Hutton, 41, is married to jazz musician Pete Candoli. The actress has two other children by a former marriage.

WEISFIELD'S 45th ANNIVERSARY SALE

NOW! FAMOUS SUNBEAM QUALITY AT A NEW LOW PRICE!
