

In Springfield

District Needs Six Teachers

The Springfield school board learned Monday night that all except six of its teaching posts are filled for the coming year.

Asst. Supt. Douglas Olds explained that the remaining openings are for five elementary teachers and one junior high physical education teacher. It is in elementary and PE teaching that the greatest state-wide shortage exists, Olds stated.

During its meeting Monday the board covered a basketful of separate items. On these the board:

Bids Raise Questions On Fitness

What, asked Springfield School Board Chairman Dr. Warren Glaede Monday night, have fencing, badminton, tennis, golf, etc., to do with improving the physical fitness of school children?

Glaede raised the question in impromptu fashion while the school board was looking over bids for about \$15,000 worth of athletic equipment including fencing foils and other items.

Glaede noted in his question that there has been national publicity concerning the lack of physical fitness of American children.

Frank Sherman, Springfield schools' supervisor for health and physical education, answered by saying that in 1961 at the beginning of the school year only about 60 per cent of the students were able to pass a fitness test. By the end of the year that had been raised about 9 per cent through concentrating not necessarily within the program itself but through generating a concern about it among the students.

But, Glaede pressed on, national articles say that competitive sports such as those used in the PE program don't do much for fitness.

Well, answered Sherman, archery, badminton, tennis and the like may not develop strength but they do develop general fitness.

In addition, Sherman noted that the American trend is toward a shorter work week with more leisure hours. He indicated that it is a primary concern of the PE program to teach the students useful activities for leisure hours, and that the sports Glaede mentioned constitute such activities.

The discussion lasted only about five minutes. The board approved the purchase of equipment.

Increase Shown By Filing Work

County Clerk Olga Freeman reported Monday that filing work in her office continued to increase during the first six months of 1962.

During that time 19,057 instruments were put on record, some 14 per cent more than in the same period a year ago. Chattel mortgages showed the largest increase, with 4,884 mortgages filed compared with 3,988 in the first six months of 1961.

The rest of the filing was taken up by 6,678 deeds, 5,927 mortgages, 589 assumed business names, and 979 miscellaneous documents.

Some 27,868 pages of recorded documents were put on microfilm in the first six months.

Feature Times

TUESDAY
(Times listed are Pacific Standard Time. Persons observing daylight time should add one hour to each time listed to find the starting time of movies.)

FOX—Mr. Hobbs Takes a Vacation, 1:30, 3:35, 5:40, Air Patrol, 12:30, 2:35, 7:30, 10:30.

HELLIG—That Touch of Mink, 8:30, 9:45. Information Received, 8:30.
