

## 'Tenth Man' Scheduled For Eugene

Paddy Chayefsky's "The Tenth Man" has been selected as one of the four Broadway Theater League presentations in Eugene for the 1962-63 season. Selection of the play completes the league's schedule for the coming season.

"The Tenth Man" is a comedy-drama. Its plot centers on a Jewish community and its efforts to drive "evil spirits" from a woman believed "possessed." The play has had a long run on Broadway.

Chayefsky rose to fame as a television writer. Probably his most famous effort was "Marty," later made into a movie. "The Tenth Man" was directed on Broadway by Tyrone Guthrie, a New York director who spoke at the University of Oregon a few years ago.

A league spokesman said a campaign for renewal memberships for those now in the league will be held from Aug. 15 through Sept. 15. New memberships will be solicited from Oct. 8-13, she said.

Admission to the four plays is by league membership only, with prices ranging downward from \$18 for the four plays. The Portland Broadway Theater League is selling tickets to individual plays this year, but the spokesman said the Eugene league plans to stick to the "membership only" plan.

## Firemen to Burn House on Sunday

The Santa Clara volunteer fire department will burn a partially demolished house Sunday at 310 Irving Rd.

The house burning is part of the department's training program. It was donated by Mr. and Mrs. Clyde T. Parker who are planning a new home on the site.

The training will begin at 12:30 p.m. standard, 1:30 p.m. daylight. Cars eastbound on Irving Road will detour on Fernside Drive.

## Design Approved For Park Building

The Lane County Parks and Recreation advisory commission Thursday night approved the design of a new concession building at Baker Bay on Dorena Reservoir.

The building will contain 648 square feet of enclosed floor space. Outside it will feature a covered eating terrace. Parks Supt. Paul Beistel estimated the cost at \$5,071 not counting the labor of parks department personnel. Some \$5,000 is appropriated for the building in the department's current budget.

The commission approved an experimental arrangement for two months under which the county parks department will handle the maintenance of Whittaker Creek recreation area, a new park built by the Bureau of Land Management.

The BLM will pay the county \$100 a month for the service. The BLM requested the county to maintain the area since it is near other county parks on Route F.

The commission also recommended that the county commissioners approve an agreement with the State Game Commission providing for a new boat launching ramp on the Siuslaw River.

The ramp would be one and a half miles above Mapleton. The game commission would build the boat launching ramp and contribute \$6,500 of the purchase price for the two and a half acres. The county would build sanitary facilities and picnic tables plus contributing \$2,000 of the purchase price.

Beistel told the commission the field crew is now working at Bohemia Saddle, Triangle Lake and Zumwalt park. A swimming area at Zumwalt on Fern Ridge Lake should be completed next week.
