Billboards Banned On Two Highways

PORTLAND (UPI)—The State Scenic Area Commission Friday ordered virtually billboard-free scenic areas to be established along the old and new Columbia River highways.

They were the first scenic areas to be declared under a 1961 law worked out in compromise with the billboard industry.

The Columbia River Gorge Commission petitioned for the two scenic area designations along Highway 30 (U.S. 80) in Multnomah, Hood River and Wasco Counties and along Crown Point Highway 125 in Multnomah County.

The decision noted that "the area in question is in fact an area of scenic grandeur that includes views of historic landmarks and 11 waterfalls."

The scenic areas exclude certain city, commercial and industrial territory, including all land within the city limits of Cascade Locks, Hood River, Mosier, The Dalles, and nearby stretches.

Ballot Title Prepared

SALEM (UPI)—Atty. Gen. Robert Y. Thornton Friday prepared the ballot title for the 6 per cent tax limit measure to be on the November ballot.

The title is: "Prevents loss to tax base. Fixes election date for exceeding six per cent limitation. Exempts expenditures required by state law from present \$5,000 county debt limitation."

The measure contains part of the 6 per cent limit measure that was defeated in the primary election two months ago. The legislature provided if that measure were defeated, then part of it would go on the general election ballot.

New Regulations

SALEM (UPI)—The Oregon State Tax Commission said Friday it is adopting the new federal regulations on depreciation of machinery and equipment.

These schedules give a tax break to industry by allowing faster depreciation write-offs. The commission said the state law requires it to follow the federal depreciation rules. The changes are retroactive to last Jan. 1.

The new rule will make it possible for industry to adopt greatly simplified accounting procedures, the commission said.

Bond Issue Passes

PORTLAND (UPI)—Voters of Oak Lodge Sanitary District No. 2 have approved a \$175,000 bond issue. The vote was 379 to 294. The approval opens the way for the completion of the district's sewage collection system. The system nearly is finished.

Sentencing Set

PORTLAND (UPI)—Sentencing is scheduled Tuesday for Richard B. Schwensen, convicted of first degree murder in the death of a Portland housewife.

The announcement by Circuit Judge Arno H. Denecke followed denial of a defense motion asking for a new trial. Schwensen faces death in the gas chamber, since the jury made no recommendation for leniency.

Youth Waits Hearing

SALEM (UPI)—John Edward Foxx, 19, Salem, was ordered held for a preliminary hearing July 24 in District Court Friday. Foxx was arrested Thursday and charged with the kidnaping of a 19-year-old Salem woman Wednesday night. Bond has been set at \$22,500.

15-Year Prison Term

SALEM (UPI)—A 25-year-old Hollywood, Calif., man, James Russell Laspina, Thursday re-

ceived 15 years in the Oregon Penitentiary for his part in the April 12 robbery of a grocery store here.

The robbery netted \$300 and a pair of diamond rings.

2,010 Citations

SALEM (UPI)—Oregon State Police report that in May they issued 2,010 citations for violation of the basic rule. There were 101 arrests for drunken driving.

Unander Sets Trip to Asia

PORTLAND (UPI)—Republican senatorial candidate Sig Unander of Portland will leave next week for a two-week tour of the Far East.

He said "this trip will offer me the opportunity to study at first hand some of the problems that seriously affect the United States and threaten world peace."

Unander will face Sen. Wayne Morse, D-Ore., in the general elections in November. He will leave next Tuesday for Sidney, Australia, on personal business and will proceed from there to the Far East.

Unander said he will visit Japan, Formosa, South Viet Nam, The Philippines, South Korea, Hong Kong, Singapore and Okinawa.

He said "in Japan, I will be especially interested in the problems affecting timber and timber products of the Pacific Northwest."

Man Sentenced For Florence Theft

A two-year term in the Oregon State Penitentiary was ordered Friday for James S. Pike, 46, of no known address, who admitted a theft in Florence on March 2.

Pike pleaded guilty to a charge that he stole an electric saw, sander and drill from Frank B. Quigley of Florence after Pike left employment on Quigley's fishing boat.

15 Hospitals in Washington To Increase Charges Aug. 1

LONGVIEW (UPI)—Fifteen hospitals from Olympia to Vancouver will raise charges to patients Aug. 1, Ronald H. Orr, Aberdeen, president of the Southwest Washington Hospital Council, said Friday.

The increases will vary with the individual hospitals. In Longview's two hospitals, the rate increase will be \$1.50 per day.

Orr said the increase will offset wage increases and fringe benefits for hospital staff mem-

Eugene Board Inducts Eight

Eight men were inducted into the U.S. Army in June through Selective Service Local Board No. 13, Eugene.

The men, now at Fort Ord, Calif., for basic training, included five Eugeneans. They are Leslie J. Chapman, Norman E. Harris, Carl M. Mosen, Gerald R. Murphy and Lloyd H. Peltier.

Others were Ronald E. Tester of Junction City, Don Loy H. Johnson of Springfield, and Larry W. Quinn of Idaho Falls, Idaho.

Two Killed Near Madras Changes Proposed In Welfare Report

MADRAS (UPI)—Two persons died within two miles of each other in separate car accidents on the Warm Springs Reservation in two successive days.

Arlene Lucy Kalama, 19, was killed Thursday when the car she was driving swerved an Army-type truck driven by Dr. Malcolm Johnson, 44, Redmond, state police said.

Friday Gary William Cooper, 27, Murray, Utah, a National Guardsman going home for discharge, died when his car left the road about 12 miles south of Madras.

Phillip Boise, Jr., 16, Warm Springs Reservation, was riding with the girl when the Thursday accident occurred. He was hospitalized in Redmond with lacerations and head injuries.

A passenger in Cooper's car, Eugenio Barbiero, 25, Salt Lake City, was also hospitalized at Redmond. He was not seriously hurt.

Police said the car driven by Miss Kalama rounded a curve, smashed into Johnson's truck, tore the front wheel loose, overturned the truck, and scattered debris for over 100 feet.

Cooper was a member of Company D, 115th Engineers, Battalion C, on active duty at Ft. Lewis. He and two other cars were en route to Ft. Kearney, Utah, for separation from active duty.

PORTLAND (UPI)—The Oregon Council on Crime and Delinquency called for drastic changes in public welfare administration Friday in a report summing up a seven-month study of the Oregon Welfare Department.

It said there must be sharp cuts in the number of cases per caseworker, better training for caseworkers, and better salaries to reduce the welfare worker turnover by one-third.

The report said the changes are necessary if Oregon is to level off its rising public welfare costs and at the same time provide necessary services for dependent, neglected and delinquent children.

The report said the council decided to focus on welfare after taking an overall look at programs designed to deal with crime and delinquency.

"It soon became clear that almost every program appeared to fall short of fulfilling its objectives and needed public understanding and support," the report said.

The council said it then de-

vised to place its initial emphasis in the prevention field, and to study welfare first.

The report placed great stress on casework. It said the level in Oregon now is inadequate, with caseloads as high as 100 to 150 per caseworker in the face of professionally recommended standards of 35.

The report said less than six per cent of Oregon's \$108 million welfare budget for the biennium is allotted to casework.

It said competent casework can be a vital force in combating crime and delinquency.
