

'Round the State

Woman Surrenders to Authorities

ST. HELENS — Five years ago Dorothy Burns, 16-year-old Rainier High School junior, walked away from custody while awaiting sentence on a manslaughter charge. A gnawing conscience has brought her back, her attorney said Thursday.

She now is Mrs. Dorothy Shawver, Seattle, mother of a 4-year-old girl.

Mrs. Shawver surrendered herself to police in April, 1957, saying she had shot and killed her father, Robert H. Burns, a logger. She was charged with manslaughter, pleaded guilty, and was being held in Multnomah County Juvenile Home at Portland for pre-sentence investigation when she walked away on May 10, 1957.

Tuesday night she came back, looked up D. O. Bennett, who had been her court-appointed attorney, and with him surrendered to Sheriff Spencer Younce.

Bennett said she told him she was relieved to get it off her conscience.

Just where she had been living and where her daughter was left was not revealed.

She is expected to appear in Circuit Court Monday to answer to the charge of escape.

County Circuit Judge George A. Jones, who had dismissed Brady's petition for post-conviction relief.

When Brady was 17 he pleaded guilty to a charge of contributing to the delinquency of a minor, and received a suspended five-year sentence.

Shortly after he turned 18, his probation was revoked for a violation, and he was ordered to start serving the five years.

He appealed, contending that juvenile court had exclusive jurisdiction in the case, and that circuit court lacked jurisdiction. The high court agreed, with Justice Gordon Sloan writing the opinion.

Farmer Killed

TURNER — A Sublimity area farmer was killed Thursday when his pickup truck overturned on the Parrish Gap Road about seven miles south of Turner.

The Marion County coroner's office identified him as Frank Joseph Wolf, 62, of Route 1, Sublimity.

State police said that Wolf, who was alone in his truck, apparently lost control on a curve.

Election Ruled Valid

THE DALLES — Circuit Judge Malcolm Wilkinson has ruled that an election approving consolidation of the Chenoweth, Rowena and Mosier school districts was valid.

The districts are west of The Dalles. The election was held last May 7.

Judge Wilkinson ruled against

seven taxpayers who claimed the election should be declared void because of irregularities in procedure. A new high school is planned in the Chenoweth area.

Clause Retained

PORTLAND — Workers of the Wilbur Timber Co. north of Roseburg have voted to retain the union shop clause in their contract, the National Labor Relations Board reports.

Of 54 eligible voters in Local 3-307 of the International Woodworkers of America, 23 voted for the clause, 18 voted against it, and 13 did not vote.

Weekly Planned

INDEPENDENCE — Mr. and Mrs. Dean W. Leonard, publishers of the weekly Independence Enterprise, said Friday they will begin publication of a weekly newspaper in West Salem Sept. 28.

The new paper, to be known as the West Salem Citizen, will serve Eastern Polk county, the Leonards said. The newspaper will be printed at the Independence plant.

Group Leaves China

HONG KONG — A White Russian refugee group from Red China numbering 154 and including ages ranging from 18 to 73 sailed this week in the Dutch liner Tjiluwah under U.N. sponsorship for new life in Australia.

The Leonards have published the Independence Enterprise for four years.

Director Appointed

MONMOUTH — Donald S. Mayo has been appointed as director of information at Oregon College of Education, it was announced Thursday by Leonard W. Rice, president of the school.

Mayo comes to OCE from Guam, where he was coordinating educational television programs for the government of Guam and a speech specialist with the department of education there.

Senate Amends Ship Subsidy Bill

WASHINGTON — Final Senate action on a ship construction subsidy bill, amended Thursday to eliminate a 6 per cent differential for West Coast yards, has been put off until next week.

The Senate voted 50-29 to write repeal of the 26-year-old differential into the bill, which continues the subsidy program for three years at 55 per cent of cost. Without the bill, the rate would drop to 50 per cent.

Later, by a voice vote, the Senate adopted another amendment providing that the differential still would apply to contracts for which bids had already been opened.

The differential applies to the construction of government-subsidized merchant vessels.

Rate Probe Requested

SALEM — Two state officials moved this week to combat low shipping rates on meat and packing house products coming into the Northwest from Midwest points.

State Public Utility Commissioner Jonel C. Hill and Agriculture Director James F. Short asked the Interstate Commerce Commission to investigate reduced rates.

The rates were filed with the ICC by the Rocky Mountain Tariff Bureau, Denver. The bureau represents most of the national trucking lines.

Hill and Short said the new rates per 100 pounds are lower by 30 cents on packing house products and boxed meats and about 50 cents lower rates on fresh meats.

They said the present motor carrier rates were decided by the ICC in February 1960 following complete hearings.

Further reduction from either motor or rail carrier "may well spell the end of local meat packing and slaughtering industry in Oregon," they said.

Hill said the motor and rail carriers have been fighting each other for this westbound traffic since 1956. He said each has offered rates favoring Midwest packers at the expense of the industry in the Pacific Northwest.

Young Girl Gives Fine Definition

COLUMBUS, Ohio — Capt. Donald H. Osterhout of Lockbourne Air Force Base had a bad moment Thursday on a television show for children.

He was to talk about a "kid's day" open house at the base, when Julie Graber, 4, a guest on the show, rose and announced:

"I know what a sonic boom is."

Osterhout flinched. He flies a 1,500-mile-an-hour F101 jet fighter and is well aware of Air Force problems in convincing the public of the need for the sonic booms.

Then little Julie gave her definition: "It's a noise an airplane makes when it's defending the United States of America."

Official Promoted

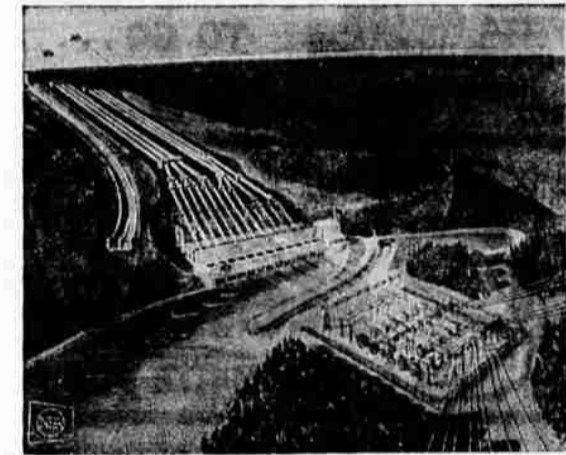

SALEM — The State Department of Agriculture has announced promotion of Ben D. Allen to assistant chief of the Agricultural Development Division. He has been marketing specialist since 1961.

Sentence Voided

SALEM — The Oregon Supreme Court this week voided a five-year sentence imposed on James R. Brady, 20, and ordered him released from custody. He has been in the Oregon Penitentiary for two years. The high court reversed Mar-

Artist's drawing shows how Canada's Portage Mountain Dam and 2½-million-kilowatt powerhouse will look when it is completed in 1970. The dam will stretch 1.3 miles across the Peace River Valley in northern British Columbia. Rising 615 feet above the river bed, it will be the highest earth fill dam in the world. A huge reservoir lake created by the dam will cover more than 950 square miles and take seven to eight years to fill.

There's nothing to life but good living

Folks, here's my pride and joy

J.W. DANT'S 10 YEAR OLD CHARCOAL PERFECTED OLD STYLE WHISKEY 86 PROOF

\$515 4 1/2 Qt. Code 177B

Real old style whiskey... extra age... extra quality... charcoal perfected for mellowness! Try a bottle... you'll agree: Friendships and J. W. DANT whiskies improve with age.

Why this wall paint gives you more for your dollar

SHERWIN-WILLIAMS SUPER KEM-TONE
The Washable Latex Wall Paint

So easy!
Super Kem-Tone® is neither too thick nor too thin. Flows on smoothly, evenly. All the skill you need is in the paint.

So quick!
Does a room in half a day or less. Dries in 20 minutes. Painting tools clean up quickly in plain water.

So thrifty!
One gallon does the walls of an average room. Goes farther, gives better 1-coat coverage than most other wall paints.

So beautiful!
Hundreds of lovely colors to choose from. All are guaranteed washable and they keep their "just painted" look longer.

...and to SAVE on outside painting

Use Sherwin-Williams House Paint, the finest quality money can buy. Protects longer, looks better longer. More people use it than any other house paint!

How This Newspaper Helps Advertisers...

Ring up Sales

You have at your disposal the finest advertising research system ever devised—the cash register.

When you run an advertisement, you listen to the cash register the next day. If it rings merrily, you know that your advertising was effective. Sales, in the final analysis, are the main reason why most people advertise.

Your experience in selling and your knowledge of your products and services have a perfect ally in our experience—as typographers, as market analysts, as newspaper people, and, in fact, as successful advertisers, ourselves.

Let us show you how this combination of experience, building together on an accurate knowledge of our audience,* can help ring up more sales for you through more effective advertising.

Call us this week.

Eugene Register-Guard

*This newspaper is a member of the Audit Bureau of Circulations, a nonprofit, cooperative association of publishers, advertisers, and advertising agencies. Our circulation is audited at regular intervals by experienced A.B.C. circulation auditors and their reports are made available to our advertisers without obligation.
