

'Twelve Days of Christmas' Helps Homemaker Meet Holiday Time-Table

Here's a new version on the "Twelve Days of Christmas"—dedicated to the busy homemaker wondering how to get everything done by Christmas Eve.

There's ONE sure way, says Miss Virginia Houtchens, Lane

extension agent: A PLAN. But since no one plan could ever be adapted by every homemaker, the following is, at best, a guide:

DEC. 13 — Twelve Cake Pans A-Popping! Holiday cakes will be feathery creations IF you use the right pans. A satin-finished metal pan is best; never a dark pan that encourages a cake to over-brown. Using a glass pan? Turn the oven thermostat down 25 degrees lower than the recipe suggests. Glass absorbs heat and holds it. Use the size pan specified in the recipe. A cake won't brown well on top if the pan is too deep for the amount of batter.

DEC. 14 — Eleven Tools To Brighten! Brighten the fire place for Santa's entrance. Brass tools clean easily with many chemical cleaners you can buy at the hardware store. Or you can use salt and vinegar. Spray with lacquer to retain brightness.

DEC. 15 — Ten Fingers Flying. Refresh company dishes gathering dust on the shelf. Suds. Air dry to save time. And cover with plastic film to keep sparkling fresh.

DEC. 16 — Nine Rolls of Wrapping. Gift-wrappings, of course, for finishing up gifts. Save time and muss by spreading a big piece of plastic on floor or table to catch tag ends of ribbon and paper scraps.

DEC. 17 — Eight Foods A-Freezing. Sugar plum trees, Stollen, plum pudding, all wrapped in pretty paper and frozen, ready to deliver to a friend on Christmas Eve. Or ready for your own entertaining. Recipe favorites you'll want to use are included in the Extension leaflets: "Holiday Breads from Home and Other Lands," "Holiday Cookies," "Steamed Puddings," "Holiday Treats." Call Lane Extension Service at D12-1311, Ext. 201 for copies.

DEC. 18 — Seven Lovely Linens. Give seldom used fancy

linens a once-over to see if they need tubbing or pressing. Roll large cloths around big rollers made from putting three oatmeal cartons end to end and wrapped with paper. You'd love a Christmas red or green cloth but Christmas money's depleted? Give an old white cloth a color bath in your washer. A package of dye will transform it to holiday gaiety. Remember to rinse out washer.

DEC. 19 — Six Shining Windows. Clean and polish well in advance so glow of Christmas candle can gleam through. There are many good window cleaners; some that spray; some that don't. Some you buy, others are right on your kitchen shelf. Like ammonia and vinegar. And do save time — by putting both hands to work to apply cleaner and to polish.

DEC. 20 — Five Gold Flames. It wouldn't be Christmas without candles and beautiful holders. Polish silver holders and tableware, too, 'til they gleam. You can polish several pieces together in a pan of hot water with baking soda and a piece of aluminum foil. A chemically treated cloth does a good job on some silver such as hollow ware.

DEC. 21 — Four pies to Bake. Cooking Christmas dinners gets a head start when you make pies, wrap them well, and

freeze. Do you have the Extension bulletin, "Make Mine Pie?" It's yours by calling D12-1311, Ext. 201.

DEC. 22 — Three long lists. Planning saves shopping time — and return trips to the store. Do marketing early, and re-

member to check the specials in your newspaper.

DEC. 23 — Two Calls to Make. The gay cookies, the holiday bread, the Christmas pies are waiting in the freezer to be wrapped in sparkling saran, tied with a red bow, and taken to a friend with your Christmas greetings.

DEC. 24 — You're Calm and Poised. Could it be possible a PLAN really guarantees a carefree Christmas Eve and the merriest Christmas ever!
