NATIONAL FOREST TIMBER FOR SALE
Rodgers Creek Road Salvage (Frieda)
Mapleton District
NOTE THE HOUR OF AUCTION BIDDING

Oral auction bids will be received by the Forest Supervisor, or his authorized representative at the office of the District Ranger, Mapleton Ranger Station, Mapleton, Oregon, beginning at 2:00 p.m., February 21, 1963, for all merchantable timber marked or designated for cutting on an area embracing 45 acres, more or less, within Sections 21, 26, 27 and 28, T. 16 S., R. 10 W., W.M., surveyed, in the Siuslaw National Forest, Oregon. The estimated volume is: 600 M board feet of Douglas-fir timber. The minimum acceptable bid per M board feet is as follows: Douglas-fir $28.65. This includes the following rates, per M board feet for stumpage including deposit for sale area betterment: $3.00 base rate plus an additional $25.10 for Douglas-fir and $0.55 for slash disposal for all species. In addition there is within the sale area an unestimated volume of Western hemlock and other coniferous species which will be paid for at $12.05 per M board feet which includes required deposit for sale area betterment, plus $0.55 for slash disposal. The prices bid for stumpage shall be considered as tentative rates subject to quarterly calendar adjustment upward or downward by 0.5 of the difference between the average of the selling price indices, as calculated by the Forest Service at the end of each calendar quarter, and the following base indices: Douglas-fir 99.06(B). Such adjustments in the price for stumpage shall be applicable to timber scaled during the three-months period following the quarter for which the adjustment is computed. In no event, however, shall the payment rates for each quarter be less than the base rates as stated above. When the adjusted rates by species are lower than the base rates, the difference between the total dollar value of timber cut at adjusted rates and at base rates will be recorded for each species. The stumpage rates for any species will not be increased above the base rate until subsequent adjusted rates above base rates develop an accumulated total dollar value in excess of the recorded accumulated difference for all species.

Sealed bids will be publicly opened and posted, at Mapleton, Oregon, at 2:00 p.m., on February 21, 1963. All those who submitted a satisfactory sealed bid will be permitted immediately to continue auction bidding. A money order, bank draft, cashier's or certified check in the sum of $1,400.00 must accompany each bid, to be applied to the purchase price, refunded, or retained for application to any claim for damages, according to the conditions of sale. If requested by the purchaser, contract terms will permit felling of timber in advance of payment up to the value of the performance bond. If the contract period is extended, the Forest Service may modify the terms of the contract and shall redetermine the rates for stumpage and for required deposits as of and effective on the day following the termination date, but redetermined rates for each species shall be no lower than the rate in effect immediately prior to the effective date of the extension plus the following increases in stumpage rates per M board feet for each species: Douglas-fir $1.70, Western hemlock and other coniferous species $1.40. If an oral bid is declared to be high at the closing of the auction, the bidder must immediately confirm the oral bid by submitting it in writing on a Forest Service bid form. The right to reject any and all bids is reserved. Forest Service bid forms for use in submitting sealed bids and full information concerning the timber, the conditions of sale and the submission of bids should be obtained from the District Ranger, Mapleton Ranger Station, Mapleton, Oregon, or the Forest Supervisor, 545 South Second Street, Corvallis, Oregon, before bids are submitted.
