NORDSTROM SCHOLARSHIP PROGRAM AWARD WINNERS

At Nordstrom, we believe helping young people in the pursuit of their academic goals is an exciting investment in our future. With this in mind, we are proud to present this year's winners of the Nordstrom Scholarship program. These five remarkable students from Washington state have been chosen to receive scholarships based on academic achievements, community service, school involvement and financial need. Each will receive a \$10,000 scholarship to a four-year accredited college of their choice. More information for the 2011 school year will be available at nordstrom.com/scholarship on January 24.
