

Oh, the Places You'll Go!

Giovanni Batties, Class of 2010

O symbolizes the University of Oregon's open embrace of diverse opinion and heritages. We celebrate the differences among us. The UO is ranked 15th among the top 25 public research universities in the U.S. for the graduation rate of underrepresented minority students, and over the past five years we've welcomed more ethnically diverse students than ever before.

We welcome you to join our circle—a community where you can learn and grow, a community you can shape. Plan your campus visit at visit.uoregon.edu or by calling 800-BE-A-DUCK.
