

stronger connections

We've made important moves to strengthen your network.

You may have heard. AT&T and T-Mobile are planning to come together.

What will that mean to you?

More cell sites and spectrum means better service sooner. And it means your Internet is about to take a big leap forward with LTE — a super-fast mobile broadband technology. We are going to deploy it to more than 97 percent of all Americans, giving you access to a cutting-edge wireless network and all the opportunities it brings.

So keep your bonds strong by reaching out to those you care about the moment they need you.
