

*the joy of a smarter,*  
**stronger**  
*network.*

You may have heard. AT&T and T-Mobile are planning to come together.

What will that mean to you?

More cell sites and spectrum means better service sooner.  
And it means your Internet is about to take a big leap forward  
with LTE — a super-fast mobile broadband technology.  
We are going to deploy it to more than 97 percent of all Americans,  
giving you access to a cutting-edge wireless network and all the  
opportunities it brings.

So, the moment something worth celebrating happens in your  
friends' lives, you'll know.
