continued from page 8

King's favor that draws directly from the source, illuminating the circumstances of King's life without deifying his person. Book, cassette

8) "From Civil Rights to Human Rights: Martin Luther King, Jr., and the Struggle for Economic Justice"

By Thomas F. Jackson
University of Pennsylvania Press, c2007.
Drawing widely on published and unpublished archival sources, Jackson explains the contexts and meanings of King's increasingly open call for "a radical redistribution of political and economic power" in American cities, the nation and the world. The mid-1960s ghetto uprisings were in fact revolts against unemployment, powerlessness, police violence, and institutionalized racism, he argued. His final dream, a Poor People's March on Washington, aimed to mobilize Americans across racial and class lines to reverse a national cycle of urban conflict, political backlash, and policy retrenchment. King's vision of economic democracy and international human rights remains a powerful inspiration for those committed to ending racism and poverty in our time.

9) "King"

Written & illustrated by Ho Che Anderson.
Graphic novel
Fantagraphics Books, c1993
The first of three parts, this beautiful graphic novel from the celebrated Black cartoonist Ho Che Anderson traces the life and career of the civil rights leader from his birth to his assassination. Anderson's dramatic lines on the page bring out the power of this important American story with a truthful ease rarely found elsewhere. More than a history lesson, "King" is an important book to have at hand.

10) "King Came Preaching: The Pulpit Power of Dr. Martin Luther King, Jr."

By Mervyn A. Warren
InterVarsity Press, c2001.
We know Dr. Martin Luther King Jr. as a social activist who changed America. But King's beginnings were as a preacher, and he preached with power throughout his life. In light of this, it is all the more remarkable that few have focused on his "pulpit power," which reflected his religious commitments and shaped the civil rights movement that he led. Dr. Mervyn A. Warren offers us a journey into the preaching of King, a homiletic biography exploring King's sermons, his use of language, his delivery and more. In this book we have a remarkable opportunity to gain new insight into all of King's life and work. Originally written as a dissertation and presented to Mrs. Coretta King by the author in 1988, this remarkable work has been uncovered, fully revised and updated, and is available for the first time to the general public.

11) "The King God Didn't Save: Reflections on the Life and Death of Martin Luther King, Jr."

By John A. Williams.
Coward-McCann c1970.
In this controversial book, Black writer John A. Williams calls King a failure for what he was trying to succeed. Williams calls his early successes small concessions that the White power structure could afford to lose and says the civil rights leader realized this when he began his anti-poverty, anti-war crusade. But Williams also thinks that the assassins bullet saved King from a long, character-destroying scandal involving his extra-marital affairs.

12) M. Luther King / In Spanish

Direccion de la obra, Francisco Luis Cardona Castro.
Madrid: Edimat Libros, c2002

The March on Washington

Figuras destacadas que han protagonizado los hechos mas importantes de la historia estan retratados en estos bellos volumenes economicos. Tan fascinante como los hechos que les hicieron famosos, estas biografias detallan los hechos conocidos acerca de los sujetos con enfasis en su ninez, su motivacion, sus triunfos, y su impacto en la historia, mientras revela un lado humano de estos hombres.

PCC celebrates Dr. King

Dr. Martin Luther King, Jr. believed in a dream. At Portland Community College, we stand behind that dream, and as we celebrate PCC's 50th anniversary, we also celebrate the heart of the college mission — opportunity for all. We hope to continue creating opportunities in your community for years to come.
