Huey

continued from page 6

pices of the Cointelpro program. David Hilliard actually led the party during the most violent assaults by the FBI because both Huey Newton and Bobby Seale were incarcerated. David obviously has first had knowledge of this

time period and his knowledge will be supplemented with Freedom of Information Act documents.

KW: How many original Panthers are still around to interview?

DJ: I'm not certain how many original Panthers are still around but David's brother, June Hilliard, and Huey's older brother, Melvin Newton, will be essential to the storytelling. Additional contributors include, but are not limited to, Elaine Brown, who led the BPP during Huey Newton's exile, and Fredrika Newton. Other key people are Che Billy Brooks, Minister of Education of the Chicago Chapter, Larry Little, the leader of the Wilmington, North Carolina chapter, and Kumasi Simmons the foremost authority on George Jackson and the prison movement.

KW: Do you know yet what, besides Huey, will be the primary focus of the film?

DJ: Another major theme will be the efforts of the Black Panther Party to serve the needs of the community. The philosophy of the Black Panther Party, as defined in the 10-Point Program, addressed the basic needs and desires of the community. It was bold and decades ahead of its time. The 10-Point Program demanded that America serve the needs of the people.
