VEHICLE OF THE WEEK

The Rogue SV: Versatile and Affordable

**The Staff
Of The Skanner News**

The new driver friendly 2013 Nissan Rogue SV offers both beauty and brains and allows you to master the city streets, as well as the gas pump. Starting at a price of \$22,750, the Rogue SV won't break the bank.

The 2.5-liter DOHC 16-valve 4-cylinder engine gets 28 MPG (highway) and is backed by 170 horsepower and 175 lb-ft of torque, which allows drivers to adapt to a lifestyle of versatility and flexibility.

Interior features include a bigger cargo area and plenty of stow and go space, as well as sporty gauges, flush-folding vents, illuminated steering audio wheel controls and an ergonomically shaped shift knob.

The Rogue SV comes with a Nissan Advanced Air Bag System that includes dual-stage supplemental front air bags equipped with seat belt and occupant-classification sensors. It also has front and side-impact supplemental air bags built into the seats that move with you. Lastly, roof-mounted curtain side-impact supplemental air bags with rollover sensors help provide head protection for front and rear outboard passengers in side-impact collisions.

Versatile and affordable, the Rogue SV allows drivers to arrive in style while protecting their most precious cargo.

Vehicle of the Week is not an official car review.
