COLUMBIA SLOUGH SEDIMENT PROGRAM MANAGER

The City of Portland is hiring a Columbia Slough Sediment Program Manager (Water Resources Program Manager). The position is located in the Watershed Services Group and works under the general direction of the Columbia Watersheds Manager. This position is responsible for implementation and strategic development of the Columbia Slough Sediment Program, which operates in a complex regulatory context to ensure City compliance with regulatory mandates and protection of public health. This position requires knowledge of pollutant characteristics in sediment and water of natural systems, and is responsible for formulating independent recommendations regarding data needs and data interpretation for sediment contamination, municipal stormwater quality and source investigation. For more information and to apply, please visit www.portlandoregon.gov/jobs.
