## 'Silence'

cont'd from pg 9

last letter to a friend. The ensuing silence prompted a couple of his proteges, Fathers Garrpe (Adam Driver) and Rodrigues (Andrew Garfield) to mount a desperate search for their mentor, despite the fact that discovery of their identities might mean instant death.

In 1633, the perilous trek began, and that ill-advised expedition is the subject of Silence, a faith-based docudrama directed and co-written by Martin Scorsese. The movie represents a bit of a departure for the legendary Oscar-win-

ner whose name is most closely associated with gory gangster flicks like Goodfellas, The Departed and Mean Streets.

Based on Shusaku Endo's 1996 novel of the same name, the film was a labor of love which took Scorsese almost three decades to bring to the big screen. The legendary filmmaker ostensibly identifies with the picture's protagonists questioning whether God even exists.

Clocking in at a patience-testing 160+ minutes, the deliberately-paced production could easily have shaved another half-hour off

the final cut and still delivered the same emotional impact. Blessed with a trio of inspired lead performances, Silence is nevertheless apt to find an enthusiastic audience among Born Again Bible thumpers.

A thought-provoking, historical drama chronicling the ultimate test of faith.

Very Good ★★★  
Rated R for disturbing violence  
In English and Japanese with subtitles  
Running time: 161 minutes  
Distributor: Paramount Pictures

## Book

cont'd from pg 9

church service, starting with the "Call to Worship," followed by "Hymns of Praise," an "Invocation," and the "Scripture Reading" leading to the "Sermon," and concluding with the "Benediction." The meat of the message can be found in the Sermon section which opens with the iconoclastic suggestion that there is no such

thing as a white race.

Professor Dyson's point there is that whiteness is an arbitrary (as opposed to a scientific) construct which affords one group advantages and privileges at the expense of others. He argues that "whiteness is made up, and that white history disguised as American history is a fantasy, as much a fantasy as white superiority and white purity."

If I were Dyson, I

wouldn't be holding my breath for a positive reception from his intended audience, given the ascension of Donald Trump and the celebration of rednecks in the runaway best seller, "Hillbilly Elegy." He might be better off redirecting his sermon to the African American community and changing his incendiary opus' subtitle to "Preaching to the Choir!"

Can I get an "Amen!"

### ATTENTION RENTERS

## We honor the many accomplishments of African Americans.

It is our primary goal as a labor union to **better the lives of all people working in the building trades** through advocacy, civil demonstration, and the long-held belief that workers deserve a "family wage" - fair pay for an honest day's work.

A family wage, and the benefits that go with it, not only strengthens families, but also **allows our communities to become stronger**, more cohesive, and more responsive to their citizens' needs.

Our family wage agenda reflects our commitment to people working in the building trades, and to workers everywhere. In this small way, we are doing our part to **help people achieve the American Dream**. This dream that workers can hold dear regardless of race, color, national origin, gender, creed, or religious beliefs.
