# Don't be fooled by HB 2387.

*Lower premiums and more accessible drugs at lower cost?*

**“THERE ARE  
NO GUARANTEES  
LIKE THAT.”**

These are the words of a senior executive at MODA health at a recent hearing on HB 2387 in the Oregon State Legislature.

When asked whether he could guarantee that premiums would be lower and that there would be more access to prescription drugs at a lower price, this was his response.

Oregonians deserve more than false promises and lining the pockets of big insurance companies.

*CALL YOUR STATE REPRESENTATIVE. TELL THEM TO*

**OPPOSE HB 2387:  
THE BIG INSURANCE BAILOUT.**
