Athletic Fields Close Until Friday

Portland Parks & Recreation (PP&R) has closed all city-owned athletic and ballfields until at least March 31, due to safety concerns and saturated conditions related to continued rain. This closure impacts grass fields at Portland Parks & Recreation sites, and events which PP&R had permitted at Portland Public Schools facilities. On Friday, PP&R will re-evaluate the grass fields and make a determination on if they can be reopened, or if the closures need to be extended - with user safety in mind. The citywide closure does NOT impact synthetic turf fields, which are designed for all-weather play. All people who have been granted permits for events on PP&R athletic and ball fields will have their money refunded. Fields will also be closed for drop-in use.

Portland News Briefs

Portland 'Dreamer' Released From ICE Detention

Francisco J. Rodriguez Dominguez, the 25-year-old DACA recipient who was picked up by ICE agents at his Portland home Sunday, was released from ICE custody on bond following a public outcry over his detention. Advocacy groups Causa Oregon, the Latino Network, and the American Civil Liberties Union of Oregon (ACLU of Oregon) credited the massive public response to his story for the quick turn of events.

The advocates stressed that despite this week's victory, immigrant communities are still under increased ICE enforcement. They said families should call the Portland Immigrant Rights Coalition hotline at (888) 622-1510 or the ACLU immigration hotline at (971) 412-2258 if they encounter ICE agents.

Early Sunday morning Immigration and Customs Enforcement (ICE) agents picked up Rodriguez Dominguez without a warrant at his home in southeast Portland. Rodriguez Dominguez, 25, has been part of the Deferred Action for Childhood Arrivals (DACA) program since 2013.

Rodriguez Dominguez arrived in the United States at the age of five from Morelia Michoacan, Mexico. He has lived in the Portland metro area since then and attended Glenfair Elementary School, H.B. Lee Middle School, Reynolds High School, and Mt. Hood Community College to study information technology. In December 2016, Rodriguez Dominguez entered into a DUI diversion program. He quickly completed nearly all of the requirements of this program, attended all his court dates and required meetings.

Disjecta Names Blake Shell New Executive Director

Disjecta Contemporary Art Center has named Blake Shell as its new Executive Director. Recognized for her acclaimed exhibitions, publications, and work championing artists, Shell is currently the Robert and Mercedes Eichholz Director and Curator of the Art Gym and Belluschi Pavilion at Marylhurst University in Oregon.

In making the announcement, Disjecta's board of directors stated, "Blake Shell's passion for supporting artists at every stage of their career, her knowledge of the challenges presented by risk-taking programming, and her ability to increase resources will complement Disjecta's innovative Curator-in-Residence and Biennial exhibition programs. She brings energy and experience to us at a time when contemporary art centers need passionate, dedicated and articulate leaders to advance their work."

Shell is a contemporary art administrator, curator, and artist with over fifteen years of experience in directing nonprofit galleries. As its Eichholz Director and Curator, Shell provided the artistic direction and leadership of the Art Gym, working on strategy and development to increase funding through contributed income and grants to double the operating budget, establish a brand identity, increase art programming and publications, and certify the organization to pay W.A.G.E. (Working Artists and the Greater Economy) level honorariums and provide art production support for artists.

She began her career as Gallery Manager of the Oglethorpe Row Gallery, a fine art non-profit cooperative gallery in Savannah, Georgia. From 2004-2008 in Tucson, Arizona, Shell served as Executive Director of Dinnerware Contemporary Arts, a non-profit gallery, and then Gallery Curator and Director of the University of Arizona's Joseph Gross and Lionel Rombach Galleries, where she also served as an Adjunct Professor of Art and Public Art Coordinator.

After her move to the Northwest in 2008, Shell served as Director of the Archer Gallery at Clark College in Vancouver, Washington, curating exhibitions while also an Adjunct Instructor at Clark College and at Washington State University's Vancouver campus.

At the Art Gym at Marylhurst University, Shell curated exhibitions including a retrospective of the late Kartz Ucci, national group exhibitions, and solo exhibitions and projects by Heidi Schwegler, Michelle Ross, Ben Buswell, Jen Delos Reyes, and Jack Ryan.

Shell's current professional activities include the Marketing Committee of the Association of Art Museum Curators; membership in the Northwest Art Council of the Portland Art Museum; and Visual Chronicle Panelist for the Regional Arts and Culture Council Public Art Collections Committee. Most re-
