August Wilson Red Door Project Presents 'Cop Out: Beyond Black, White & Blue'

The August Wilson Red Door Project presents the world premiere of "Cop Out: Beyond Black, White & Blue" Nov. 30 at Self Enhancement, Inc.

"Cop Out" is a series of monologues based on interviews with police officers from across the country. The Red Door Project commissioned writers to interview cops, mostly officers of color, who are often caught in the middle of the complex conversation on racial profiling. The stories in Cop Out reflect this complexity and breadth of lived experience. The Red Door also solicited feedback from a broad spectrum of audiences who attended previews, and has used that feedback to help shape the opening Nov. 30.

Vintage Meier & Frank Fashions Return to Downtown Portland in New Display by OSU Students

A collection of vintage clothing and accessories from the original Meier & Frank Department Store in downtown Portland is returning to the historic building this fall in a new window display designed by Oregon State University students.

The display, which showcases the history of the Meier & Frank Building and fashion through time, was installed in a space made available to OSU's College of Business by The Nines Hotel, which occupies the building's top floors. The window is located on Morrison Street to the right of The Nines entrance.

Oregon State is The Nines' newest neighbor in the iconic Meier & Frank Building. The university is leasing the second floor of the building for its new Portland Center. Classes began in the freshly remodeled, 39,509 square-foot space in September.

OSU's College of Business is home to the university's design programs, including apparel design, interior design, design management, merchandising management and retail management. The college also is offering undergraduate and graduate business degrees in a hybrid in-person/online format at the new Portland center.

The pieces featured in the display window were chosen from among hundreds in the university's Historic and Cultural Textile and Apparel Collection. The collection was started in the early 1900s when professors began bringing their personal artifacts to OSU for use in class instruction and display.
