Open Signal Celebrates 40 Years

Last month Open Signal celebrated their 40th anniversary in person, getting together as a community to honor their past and build toward the future of community media.

Portland News Briefs

Merkley, Wyden: Over \$3.2 Million in Federal Funds to Address Domestic Violence and Expand Services for Survivors

Oregon's U.S. Senators Jeff Merkley and Ron Wyden announced a total of \$3,282,231 in federal grants to help protect Oregonians from domestic violence and stalking and to support survivors.

"All of us want to feel safe in our homes and as we go about our lives, and these grants will help protect more Oregonians from domestic violence," said Merkley. "I'll continue working to secure resources that provide safety, support, and protection for people in these situations."

"The awful threat of domestic violence undermines the safety of far too many households and communities in Oregon and nationwide," Wyden said. "I'm glad Grant and Clatsop counties as well as the state have earned these federal funds to reduce the risks of these crimes, and I'll keep battling to secure similar resources throughout Oregon."

\$1,949,897 to Oregon Department of Justice — STOP Formula Grant Program

The STOP Formula Grant Program encourages partnerships between law enforcement, prosecution, courts, and victim services organizations to enhance victim safety and hold offenders accountable in cases of domestic violence, dating violence, sexual assault, and stalking.

\$636,815 to Grant County, \$695,519 to Clatsop County — Rural Program

"Survivors are often told that they will need to go to Portland—over 2 hours one way—in order to receive care because there isn't a qualified medical professional available at either hospital in Clatsop County. This funding and partnership will help ensure that sexual assault survivors have 24/7 access to trauma-informed, confidential forensic and medical exams, including access to medical providers that speak Spanish, and LGBTQIA+ affirming care," said Terri Steenbergen, Executive Director of The Harbor.

Legacy Health Offers Free Monkeypox Vaccination Clinic on Saturday, Sept. 24

VANCOUVER, Wash. — This Saturday, Sept. 24, Legacy is offering a free monkeypox vaccination clinic at our Legacy Medical Group Family Wellness. Legacy is following guidelines set by the U.S. Centers for Disease Control and Prevention and is only able to offer the vaccine to people who fit the guidelines as high-risk patients.

"It's important that we use all the tools at our disposal to slow the progression of monkeypox virus infections in our communities," said Nick Kashey, M.D. Clinical Vice President of Population Health for Legacy Health. "Legacy Health is proud to offer an opportunity for our high-risk community members and neighbors to get vaccinated against monkeypox this weekend."

High-risk patients are defined by the U.S. Centers for Disease Control and Prevention as:

- Gay, bisexual, and other men or trans people who have sex with men, who have had more than one sexual partner in the past 14 days.
- Sex workers of any sexual orientation or gender identity.
- Persons who have had close contact within the past 14 days with someone with suspected or confirmed monkeypox.
- Persons who had close contact with others at a venue or event or within a social group in the past 14 days where a suspected or confirmed monkeypox case was identified.

If any of the above apply to a patient who is at least 18 years old, they can schedule their vaccination now at <https://legacyhealth.org/mpv/>. Anyone who can't schedule online can book an appointment by calling 503-415-4800 between 8:00 a.m. and 4:00 p.m.

The Oregon Moms for Addiction Recovery Has a Team for the Portland Walk for Recovery on September 24th

We're excited to take to the streets again to celebrate recovery and demand an end to the addiction crisis. Every dollar raised for this event goes directly toward funding the critical public education and advocacy work of Oregon Recovers and Oregon Moms for Addiction Recovery.

Register for and set-up your personal fundraising page at <https://www.walk4recovery.org>.

Recruit 2-5 people to be a part of your team. Everyone is welcome to walk on the Moms team-Mom's, dads, friends, and kids.

Email a link to your fundraising page to family and friends and ask them to help you end Oregon's addiction crisis by donating on your behalf.
