

# Believing is the first step

We're empowering entrepreneurs  
to take the next one

In the last decade, more than 50% of all new businesses created were diverse-owned.\* It's why Bank of America has taken an innovative, industry-leading approach to help fuel growth by supporting mission-focused equity funds, Community Development Financial Institutions and Minority Depository Institutions, including Elevate Capital Fund II and Craft3.

These partners help women entrepreneurs and entrepreneurs of color establish and grow their businesses, create jobs and improve financial stability in local communities across the country.

*We know that it takes more than a great idea to start and keep a business running. My teammates and I in Oregon & SW Washington want to make sure every big believer has the opportunity to achieve and reach their goals.*
