

Another boost in the fight against hunger

Supporting community wellness and doubling employee donations.

Bank of America proudly continues to support our employees' health and safety while addressing food insecurity in our local communities, which typically spikes during the winter months.

Our employees are taking action to support the important work of our local food banks. For those who let us know they've received a coronavirus booster and/or a flu shot, we'll donate \$50 for each to a local hunger relief organization. In addition, employees can double the impact of their personal donations to fight hunger with our matching gifts program. Through these efforts, we'll donate more than \$8 million to address food insecurity in our local communities.

The team here in Oregon & SW Washington recently presented Oregon Food Bank and Clark County Food Bank with checks totaling \$25,000. This contribution is in addition to our long-standing philanthropic support to help fight hunger and food insecurity across the country. We are proud to be able to help our community as we work together to move forward.

A handwritten signature in black ink that reads 'Roger'.

Roger Hinshaw
