Legal Tenders 74c. State Warrants, 80c. Oregon Bonds.—Soldier's Relief Bonds, payable in 1874, 87 1/2c; Soldier's Bounty Bonds, payable in 1894, 85c. New York Wheat market has advanced to \$1 70 1/2 @ \$1 75. Liverpool—Wheat has advanced to 10s 3d. Our last weekly quotation was 9s 6d. The advance in both these markets is attributable to the fact that the European and American yield promises to be less than has all along been anticipated. San Francisco—Flour: Salem, Oregon, XXX, jobbing at \$5 65 1/2; outside prices for small lots, Wheat—New, quotable at \$1 40 1/2 50; fair milling, \$1 50; Santa Clara, \$1 60. Oats—Common California, \$1 35; quotable at \$1 50 1/2 1 65, and Oregon at \$1 00 1/2 70. Portland—There is nothing new to note in the produce market. Prices are without change. Movements are mostly confined to consignments to San Francisco agents. Groceries remain at former figures, with a moderate trade with this valley, and a temporary brisk demand for the Upper Columbia and Snake rivers, the latter consequent upon the anticipated early suspension of steamboat navigation for the summer.

THE SIGHTS AND SECRETS

—OF THE— National Capital: A Work Descriptive of Washington City; Its High and Low Life; Its Magnificent Public Edifices; Its Hidden Mysteries; Its Villanies and Corruptions. BY DR. JOHN B. ELLIS. Splendidly Illustrated with Numerous Fine Engravings, by the Most Eminent Artists.

THE AUTHOR OF THIS BOOK NEEDS no endorsement; his long residence in Washington and intimate acquaintance with all the varied phases of Washington life, and his great experience as a writer for the press peculiarly fit him for the preparation of such a work. It tells how the Government is perverted from its original objects. How politicians are enriched and the people impoverished. How "Rings" are organized and conducted. How officials are black-mailed. How countrymen are deceived by bogus Congressmen. How and where the public servants spend their money. For what purpose shrewd men and women are sent to Washington City. As every citizen is supposed to feel an interest in the Capital of his country, and the management of public affairs therein, it is believed that every man, of whatever party, ought to possess a copy of this great work. It is printed from a beautiful, clear, new type, on fine paper, made expressly for this work, comprised in one large volume of over 500 pages, splendidly illustrated with numerous fine engravings by the most eminent Artists. It is furnished to subscribers in full gilt (Parlor binding) Bevelled Boards at \$4 a copy. This work is sold by subscription only, and cannot be had except through our regularly authorized Traveling Agents. Subscribers will not be obliged to take the work unless it corresponds with the description in every particular. H. H. BANCROFT & CO., Publishers, 609 Montgomery street, San Francisco. BERRIAH BROWN, Jr., Is the only authorized Agent for the above work in Marion county, Oregon. -4f
