

OREGON CITY ELECTION. — The annual election for city officers in Oregon City, last Monday, resulted in the success of the entire Republican ticket.

The Times says Dr. Walpole has lost his beautiful chestnut mare. She died suddenly in harness, it is supposed from hot or pin worms.

Chapped hands are very common with those who have their hands much in water. A few drops of Johnson's Anodyne Liniment rubbed over the hands two or three times a day, will keep them soft and white.

MILLINERY.

MISS C. M. SCHWATKA informs the ladies of Salem and vicinity, that she has removed her stock of Millinery and Fancy Goods to the brick store on Commercial Street, lately occupied by H. D. Boon.

Notice.

Farmers' Clubs that are now organized, or may be organized by the second Tuesday in June next, are earnestly requested to forward to the Secretary of the State Convention at Salem, name of club, county in which it is organized, number of club, list of officers, postoffice address of Secretary, and total number of members, and times of meetings, &c., at their earliest convenience.

M. WILKINS, President. J. HENRY BROWN, Sec.

F. S. MATTESON, M. D., AUMSVILLE, MARION COUNTY, OREGON. WILL take charge of cases, or visit in consultation any part of the State.

Constitutional Tonic. — The way in which different individuals are affected by the same causes of disease depends upon constitution and temperament. Some persons, for instance, are prone to fevers, some to bilious attacks, and others to nervous affections.

For the very best Photographs, go to Bradley & Bullock's Gallery, 214-216 STAIRS, 2nd FLOOR IN THE ELEVATOR, 429 Montgomery Street, San Francisco.

A Call.

There will be a mass meeting of the Farmers of Yamhill County at Lafayette, on the seventeenth of May, at 10 a. m., for the purpose of perfecting the organization of the Yamhill County League, and transacting other business that may come before the Convention.

WAGONS AND CARRIAGES.

ENCOURAGE HOME MANUFACTURE, and keep the money in our own State by purchasing the best Wagons ever offered for sale in Oregon.

THE BOWIE WAGONS, manufactured in Salem are made of the VERY BEST MATERIAL.

Wheels BOILED IN OIL, before ironing, every part FULLY WARRANTED. Hear what your neighbors say:

To the Farmers of Oregon

We, the undersigned, own and use the BOWIE WAGONS manufactured by T. Cunningham & Co., Salem, Oregon, and take pleasure in recommending them to your notice:

First—Because we know they are an "A No. 1" wagon.

Second—Because it is an Oregon Institution and we feel it to be our duty and interest to encourage HOME MANUFACTURE.

The Celebrated Horse

OREGON LION

WILL STAND THE ENSUING SEASON, commencing the first of April, 1879, and ending the first of July, at the following places, commencing at R. C. Finley's on Monday and Tuesday; at my stable Wednesday and Thursday; at Waterloo, Friday and Saturday—moving one day later each week. Terms: \$4, \$6, and \$10. From persons breeding three good mares, I will take second choice of colts at weaning time. Pasture furnished for mares from a distance, and careful attention given.

PEDIGREE.

OREGON LION is eleven years old, 15 1/2 hands high, and weighs 1,400 lbs. He was sired by Calver's Cour de Lion, and he by imported Cour de Lion. His dam was Norman French. He was bred and raised by T. P. Jack, of Marion county, and has taken the first premium at two State Fairs as a draft horse; the first premium at two as a horse of all work; and second premium at one of the same as a roadster.

Z. B. MOSE, March 28, 1879. 604

1856. 1878. KNAPP, BURRELL & Co., OFFER FOR

The Harvest of 1878, THE FOLLOWING

FARM IMPLEMENTS AND MACHINES

- Dodge's Reaper and Mower—Ohio and Buckeye patents combined, with Dodge's improvement, two sizes, Nos. 1 and 2, and as improved for 1878 is THE BEST Self-Raker in the World. Can be set to cut higher than any other Self-Raker. Send for circular entitled "Twenty Reasons why Farmers should buy the Dodge."
Excelsior Reaper and Mower—The original and BEST Dropper and Hand Raker, has high grain wheels and the new "Adjustment Level."
McCormick's Reaper and Mower—Hand Rakers and Self-Rakers, extra strong and durable. Price low.
Hurt's Reaper and Mower—Hand Raker, cut high or low, strong and suitable for FLAX as well as grain.
Marsh Harvester—Desirable and economical way of harvesting grain. Binders and Mowers particularly recommended for Renters. Prices REDUCED. Send for descriptive circular.
Haines' Header or Harvester—With Dodge's improvements and other additions for 1878. Two sizes, ten and twelve feet cut. Our Headers are made in Ohio, Illinois, and are the most approved style and make. Look out for "inferior makes" with patched improvements, that may be offered by California dealers or their agents.
Clippa Mower—Four sizes. Combines MORE desirable features than can be found in any other Mower. Nos. 2 and 4 are more particularly recommended for heavy work and remote districts, the No. 2 being lighter and not as strong as the larger sizes. Descriptive circulars furnished.
Sprague Iron Mower—A model of simplicity and perfection of mechanism, and is THE BEST quality machine yet introduced; is strong and durable, and unquestionably THE BEST moderate priced Mower in the market. Send for a Sprague pamphlet, and examine into the merits of this new Mower, which has created such a stir in the East.
Pitt's Improved "Challenger" Thresher—More improvements and additions for 1878, in both Separators and Powers. Want of space forbids enumerating. It is now recognized as THE leading Thresher, and stands far ahead of "Winged of the Blue," in the estimation of the Threshing public. It SEPARATES to separate faster and clean better, without cracking or waste of grain, than any other Thresher known. Particular attention is called to the "improved END-SHAKE" SHOE, and new improvements in the "Mounted" Powers, etc. Threshmen who have not seen the changes and improvements made in the "Pitt's" Buffalo Thresher during the last two years, will consult their own interest by looking at the "CHALLENGER" before buying elsewhere. All sizes, from 4 to 12 horse power.
Ball's "Tornado" Thresher—Similar, but much superior to the "Russell" and "Sweetmaker," with a heavier frame and wider shoe, and other improvements for 1878. It is a superior Thresher.
Endless Chain Threshers—Wheeler, Melick & Co.'s two sizes, with special improvements not to be found elsewhere.
Horse Powers—All sizes and styles, including the new model Pitt's, both "Mounted" and "Down."
Buckeye Mower, also Reaper and Mower—We are the sole authorized agents for the sale of the "BUCKEYE" in Washington Territory and Western Idaho. Ours are "GENUINE," made by Ashtiman, Miller & Co., the originators and owners of the Buckeye Patents.
Taylor's Sulky Rake—Superior to any other rake yet introduced. Very desirable for glazing wheat fields, as well as raking. Have had them made expressly "to order," stronger and heavier than can be found elsewhere.
Revolving Rakes 8 and 10 feet long, also 12.
Haines Rake—Nine feet long, mounted on "runners"—new tripping device—is much THE BEST Revolving Rake made.
Horse Hay Forks—"Palmer's" "Walker's" Harpoon, and the "Nelle" Harpoon.
Fan Mills—Clark's "Double Shake" Patent Mill, the only Mill that will separate chaff from wheat perfectly.
Churns—"Blanchard's," the BEST in the world; also the Cylinder and the Thermometer.
Wagons—We have both the "PACIFIC" and "RAIN," with "NEW PATTERNS," extra strong and heavy frames. Wheels soaked in BOILING OIL, and other improvements for 1878. Guaranteed to run lighter and outlast any other wagon in this market.
Also, Mill Stones, Sawn Machines, Steam Engines, Planing Machines, Building Carriages, Turbine water wheels, Etc., Etc., Etc.
We import only the BEST articles, and our prices will at all times be as low as the lowest.
Send for descriptive circulars, mailed on application. KNAPP, BURRELL & Co., Portland, Oregon.
