

REAL ESTATE AND CLAIM AGENT.—C. M. Carter advertises his business as real estate and claim agent. He is one of the old Oregonians, has been long in this business, and is known to be entirely reliable, capable, and faithful in business trusts.

NEW TEXT BOOKS.—The attention of readers is called to the advertisement of Walter Jackson, and he desires us to add that he is the only authorized agent in this county for the text books adopted by the State Board of Education for use in common schools, and for ninety days from Oct. 1st is able to afford Barnes' Brief History of United States, Clarke's Grammars, Montleth's geographies, Steeles' chemistry, philosophy, and physiology, Wood's Botanist and Florist, and Pacific coast readers and spellers, at introductory rates, i.e., one third deducted from ordinary retail price. An advantage given by publishers on first introduction of their works. Orders are solicited from school directors in Marion county.

That Favorite Home Remedy, PAIN-KILLER, Has been before the public over THIRTY YEARS, and probably has a wider and better reputation than any other proprietary medicine of the present day.—At this period there are but few unacquainted with the merits of the PAIN-KILLER, but, while some extol it as a liniment, they know but little of its power in easing pain when taken internally; while others use it internally with great success, but are equally ignorant of its healing virtues when applied externally. We therefore wish to say to all, that it is equally successful, whether used internally or externally.—It is sufficient evidence of its virtues as a standard medicine to know that it is now used in all parts of the world, and that its sale is constantly increasing. No curative agent has had such a wide-spread sale or given such universal satisfaction. DAVIS' PAIN-KILLER is a purely vegetable compound, prepared from the best and purest materials, and with a care that insures the most perfect uniformity in the medicine; and, while it is a most effective remedy for pain, it is a perfectly safe medicine, even in the most unskillful hands. It is eminently a FAMILY MEDICINE; and by being kept ready for immediate resort, will save many an hour of suffering, and many a dollar in time and doctor's bills. After over thirty years' trial, it is still receiving the most unqualified testimonials to its virtues, from persons of the highest character and responsibility.—Eminent Physicians commend it as a most effective preparation for the extinction of pain. It is not only the best remedy ever known for Bruiises, Cuts, Burns, etc., but for Dysentery, or Cholera, or any sort of bowel complaint, it is a remedy unsurpassed for efficiency, and rapidity of action. In the great cities of India, and other hot climates, it has become the standard medicine for all such complaints, as well as for Dyspepsia, Liver Complaints, and all other kindred disorders. For Coughs and Colds, Canker, Asthma, and Rheumatic difficulties, it has been proved by the most abundant and convincing testimony to be an invaluable medicine. We would caution the public against all imitations of our preparation, either in name or style of putting up. sep27ml
