

PATENT FIRST PREMIUM WIND MILLS AND HORSE POWERS.

The Simplicity and Perfection of these Machines, are the result of Twenty-Four Years' Experience in California.

Our Wind Mills are so generally used through California, the adjoining States, Territories, and in several foreign countries, that description here is unnecessary, as it is an established fact that skill is not required to comprehend their construction, or set them up and put them in successful operation.

The lumber of which the wood-work is made, grows in the forests of this Coast. It can therefore be readily obtained at any lumber yard in the country, when old age and dotage render repairs requisite, which can be executed by a person unskilled in mechanism, thus saving the cost of expensive labor.

These Wind Mills were adopted four years ago by the Pacific R. R. Co., and are now in general use on their roads, the best Eastern Mills having proved unsatisfactory.

ECLIPSE.—For One Horse.

ECONOMY.—For One or Two Horses.

They are very effective in light winds, and ordinary violent storms will not injure them. They are always under perfect control, run steadily, and are very powerful.

A child can start or stop them, or set them running at any speed required.

Orders filled at the lowest living prices on short notice. All work guaranteed as represented.

These Powers are complete in every detail and particular, as they possess every improvement and advantage that can be combined in such machines. The success which has crowned our efforts for the few years past, is ample proof of the highest appreciation and confidence in our machines on the part of the public and our numerous patrons, to whom especially we tender our most sincere thanks for their many expressions of kindness and approval, which manifest satisfaction.

EAGLE.—For One or Two Horses.

Pioneer and Largest Manufacturer of the above Machinery on the Pacific Coast. FACTORY, Cor. Market & Beale Sts. SAN FRANCISCO.

MONITOR.—For Two or Four Horses.

SEND FOR CIRCULAR AND PRICE LIST.

ARE YOU GOING TO PAINT? THEN USE THE BEST.

THE AVERILL CHEMICAL PAINT

WILL LAST THREE TIMES AS LONG as the best Lead and Oil, without Chalking. Is no longer an experiment, as we have it five years old on this coast. It WILL DO what we say when used according to directions. Is of any desired color. Is prepared for immediate application, requiring no Oil, Thinner or Drier, and does not spoil by standing any length of time. It is equally as good for inside as outside work; over old work as well as new; in fact where any paint can be used the AVERILL CHEMICAL PAINT will be found superior to any other. Any one can apply it who can use a brush, which truly MAKES IT THE FARMER'S FRIEND.

IT IS JUST THE PAINT FOR THE AGE.

It is SOLD BY THE GALLON ONLY.

One Gallon COVERS 20 SQUARE YARDS 2 Coats.

For further information send for sample card and price list.

The only first-class Hotel in Stockton.

THE CALIFORNIA HARROW.

—MANUFACTURED BY THE—

Kimball Car and Carriage Manufacturing Company, Cor. Bryant and Fourth sts., San Francisco.

IN THE FIELD.

The California Harrow, large numbers of which we are now making, has several distinct and well defined improvements possessed by no other Harrow, each of which saves both time and labor.

First.—This Harrow has an easy seat and three wheels, all attached to the central section, on which the driver rides and manages the Harrow and team with ease and comfort.

Second.—By means of but three levers the driver in his seat on the Harrow can raise the Harrow and himself on the wheels, and trot to and from the field, and without leaving his seat can let the sections down and proceed with his work.

Third.—By the use of but one lever conveniently situated at the right side, the driver in his seat, and without stopping his team, can regulate the depth of the Harrow teeth in the ground, and can set them deep or shallow, as the conditions of the soil require. This meets a demand for harrowing Alfalfa or small grain, in the spring.

Fourth.—This Harrow is made in three sections, connected by loose hinges. The driver, as he moves along on the field, can raise any one of the sections, and pass a tree or stump, or other obstacles, without interfering with the work of the other two sections.

Fifth.—By the use of a brace made of a board but 3 feet long and 4x4 inches, let on the tops of the levers of the wheels, this can be made a stiff Harrow, and the driver by lowering the lever at his right can throw his weight and the weight of the wheels and extra fixtures on and off at his pleasure.

Complete work can be done up to and all around trees, without changing the course of the team.

By the use of these Harrows of wood and tubular iron, making beautiful and very powerful Harrows, unexcelled by exposure to the weather.

We have any number of letters in praise of these Harrows from farmers who have put them to practical use.

ON THE ROAD.

The KIMBALL CO. are the owners and sole manufacturers of the celebrated IMPROVED EAGLE HAY PRESS, which has become so popular the past few years. For further information send for circulars.

VINE AND FRUIT GROWERS,

TO RAISE LARGE CROPS

YOU MUST IRRIGATE.

To irrigate successfully, you must have the power that does not give out when the wind falls.

Laufkotter Bros. & Churchman's Horse-Power,

(PATENTED FEBRUARY 1874, U.S.P.)

Never fails to supply more water than four or five Windmills, and is authorized to make liberal terms to all Grangers who purchase the FLORENCE. No combination against favoring the Grangers has yet been joined by Florence Agents.

78-1st SAMUEL HILL, General Agent.

MATTESON & WILLIAMSON'S

AMERICAN CHIEF

Took the Premium over all at the great Flowing Match in Stockton, 1870.

This Plow is thoroughly made by practical men who have been long in the business and know what is required in the construction of Gang Plows. It is quickly adjusted. Sufficient plow is given so that the tongue will pass over cradle knolls without changing the working position of the shares. It is so constructed that the wheels themselves govern the action of the Plow correctly. It has various points of superiority, and can be relied upon as the Best and Most Desirable Gang Plow in the world. Send for circular to

MATTESON & WILLIAMSON, Stockton, Cal.

Y.; Ellsinger & Barry, Grocers, 100 Broadway, New York; and to Messrs. Lusk & Co., Pacific Fruit Market, San Francisco, Cal. 27-17

THE NEW WINCHESTER REPEATING RIFLE,

(Model of 1873)

San Francisco Agency.

The Winchester Repeating Arms Company, of New Haven, Conn., have recently made still further valuable improvements on the celebrated Henry Rifle, which now makes it beyond doubt, the most magnificent weapon in the world. They have just introduced this beautiful arm upon the market, and their San Francisco Agency is fully supplied with all the various styles, together with cartridges for the same.

In the manufacture of the new gun, iron mountings (blued or case-hardened) have been substituted for gun metal or brass, thus increasing the strength of the arm and decreasing its weight. It is also so constructed as to carry a Central Fire Cartridge, holding one-third more powder than used in the cartridge of the model of 1872, thereby augmenting the power and accuracy of the weapon.

THE SPORTING RIFLE

Has a Set or Hair Trigger which can be used at will—set or not set, as preferred. The arms have a sliding lid which covers the opening in which the Carrier Block moves up and down. This lid, by the action of the Carrier Lever, is always open when the gun is fired, and closed by hand when the firing ceases, thus protecting the lock and inner works of the gun from dust and rain.

Various other improvements, which it is not necessary to mention in detail, by which the strength of the gun improved, have also been made.

There is now a greater variety of the Sporting Rifle than heretofore. They can be had with a length of barrel (round or octagonal) ranging from 24 to 30 inches, fitted with Globe and Peep Sights, or any other kind in use.

The Sporting Rifle and Carbine will also be made as Extra-rim, Gold, Silver or Nickel Plated, plain or beautifully engraved.

MILITARY ARMS.

Still further improvements have been accomplished which overcome all objections heretofore raised against the Repeating Rifle as an army gun. It is safe, certain and effective in fire, whether used with deliberation or during excitement in action, and no more motions are required than in operating the old model gun.

More extended and minute particulars concerning the new gun can be had by writing or applying to the San Francisco Agency for circulars.

CARRIDGES.

The trade is notified that the Shells of the Central Fire Cartridge for the new gun can be reloaded, and that the Winchester Repeating Arms Company are manufacturers of every description of Cartridge used for Carbine, Rifle and Pistol of any make, and that the Company have a full stock constantly on hand at their San Francisco Agency.

The Sewing Machine

—FOR THE—

GRANGERS.

NO COMBINATION! NO MONOPOLY!

The New Improved FLORENCE,

Side Feed and Back Feed. Agency established on the Pacific Coast in 1863. The lightest running, most simple, and most easily adjusted Sewing Machine in the Market. Always in order and ready for work. If there is a Florence Sewing Machine within one thousand miles of San Francisco not working well, it will fix it without any expense to the owner. Samuel Hill, Agent, 19 New Montgomery Street, Grand Hotel Building, San Francisco.

Mr. I. G. Gardner, State Agent for the California Granges, is authorized to make liberal terms to all Grangers who purchase the FLORENCE. No combination against favoring the Grangers has yet been joined by Florence Agents.

78-1st SAMUEL HILL, General Agent.

MATTESON & WILLIAMSON'S

GANG FLOW

Took the Premium over all at the great Flowing Match in Stockton, 1870.

This Plow is thoroughly made by practical men who have been long in the business and know what is required in the construction of Gang Plows. It is quickly adjusted. Sufficient plow is given so that the tongue will pass over cradle knolls without changing the working position of the shares. It is so constructed that the wheels themselves govern the action of the Plow correctly. It has various points of superiority, and can be relied upon as the Best and Most Desirable Gang Plow in the world. Send for circular to

THE CALIFORNIA SCRAPER,

—MANUFACTURED BY THE—

Kimball Car & Carriage Man'g Co. COR. FOURTH & BRYANT STS., S. F.

THE CALIFORNIA SCRAPER.

This Scraper has been long needed in many departments of labor. Heretofore all classes of Scrapers have imposed immense labor and hardships on the driver, but this one is so constructed as to give him a place to ride, and yet manage the team and Scraper with ease in all classes of work.

The driver can throw his weight in front, and force the Scraper into the soil, and when he has gathered his load and driven to the place of deposit, he can throw his weight on the rear part of the platform and leave the load all in one place, or deposit it gradually, as the case may require, leaving the ground smooth and level.

This improvement is well adapted to leveling all irregularities on the surface of the soil where parties are preparing to irrigate.

For making roads, removing dirt from ditches, cleaning up barn yards or sheep corrals, it has no equal.

The KIMBALL CO. are sole owners and manufacturers of the celebrated IMPROVED EAGLE HAY PRESS, also the California Harrow. For further information send for circular.

C. CRECO, S. O. BOWLEY,

Importers and Manufacturers

LEA & PERRINS'

—CELEBRATED—

Worcestershire Sauce.

Declared by Connoisseurs to be the only good SAUCE.

Caution Against Fraud.

The success of this most delicious and invaluable Condiment having caused certain dealers to apply the name of "Worcestershire Sauce" to their own inferior compounds, the public is hereby informed that the only way to secure the genuine is to ask for LEA & PERRINS' SAUCE, and see that their names are upon the wrapper, labels, stopper and bottle.

Some of the foreign markets having been supplied with a spurious Worcestershire Sauce, upon the wrapper and labels of which the names of Lea & Perrins have been forged, L. & P. give notice that they have furnished their correspondents with power of attorney to take instant proceedings against manufacturers and vendors of such, or any other imitations by which their right may be infringed.

To be obtained of Messrs. CROSS & CO., San Francisco.

SEEDS. PLANTS.

OF EVERY VARIETY.

Fresh and reliable, such as experience and care only can select.

GRASS AND CLOVER SEEDS, KENTUCKY BLUE GRASS, HUNGARIAN, ORCHARD ITALIAN RYE, RED TOP, TIMOTHY, MESQUIT, WEST VIRGINIA CHOICE CALIFORNIA ALFALFA, WHITE CLOVER, RED CLOVER, ETC.
