

The Oregonian gives the particulars of the rescuing of four small boys from drowning, by Mr. U. Warnekros, on Sunday afternoon.

The same paper also relates another rescue from drowning, this time by the steamer Tenino, Capt. Stump, at Colfax's ferry on the upper Columbia.

J. M. Frazer writes to the Oregonian to contradict the story that he had discovered silver on Eagle Creek, near Foster's, in Clackamas county.

Mr. John N. Baumann, the millwright and architect who drew the plans and superintended the erection of the Oregon Iron Works at Albina, left on the steamer yesterday for Pendleton, Umatilla county, to commence the work of building a new grist mill at that place.

Mr. H. W. Dilg, who recently left Portland for California with his patent safe lock, is now on his way East from San Francisco, taking his new patent with him.

Eighty head of beef cattle were brought down from The Dalles last evening and eight hundred hides.

THE MARKETS.

The Wool Market.

There is not yet much wool being brought in and we understand that the granges are looking out to do the best they can for producers in disposing of the Oregon clip.

That paper of May 26th says: There is rather more than ordinary interest manifested in this department of trade this spring, and a goodly number of buyers are in the market.

The Wheat Market.

Word comes to us from all quarters that prospects for a large yield and abundant wheat harvest were never better than in this valley than at the present time.

LONDON, May 25.—The Mark Lane Express in its weekly review of the breadstuffs market, says: A drought has been felt in France and a poor yield is probable.

The New York Tribune of the 10th inst. says: Even if we assume an average spring crop, which we regard as improbable, as seen from the 20th April rarely results favorably, our domestic supplies the past week respecting the growing crops have generally proven unfavorable.

BOSTON, May 25.—No prospect as yet of any improvement in the wool, although there has been rather more doing the past week, the market is dull for all kinds of fine wools, and prices are unsatisfactory.

at 55¢/56¢. Choice XX fleeces have been held at 52 1/2¢/53¢, and these are extreme prices for this description, while medium and No 1 range 3¢/5¢ higher.

Portland Markets. Wheat, pr cental, sacked. 1 50¢/1 50 Flour, jobbing at from. 3 75¢/4 00 Barley. 1 40¢/1 50

SALEM MARKET.

MONETARY. LEGAL TENDERS, buying, 57¢; selling, 57 1/2¢. FLOUR, GRAIN &c. Wheat, best white, 1/2 bushel. 88¢/90¢

GROCERIES. Sugar, San Francisco refined, 1/2 bbl. 11 1/2¢/12 1/2¢ Crushed. 10 1/2¢/11 1/2¢

FRUITS, VEGETABLES, &c. Apples, dried, 1/2 bushel. 65¢/70¢ Peaches, dried, 1/2 bushel. 15¢/16¢

BUTTER, EGGS, &c. Butter, fresh rolls, 1/2 bushel. 18¢/20¢ Eggs, 1/2 dozen. 16¢/18¢

OILS, &c. Lined Oil, boiled, 1/2 gallon. 37¢/40¢ raw. 16¢/18¢

LEATHER, &c. Harness Leather, 1/2 bushel. 35¢/40¢ Skirting Leather. 40¢/50¢

1875. KNAPP, BURRELL & Co., OFFER FOR The Harvest of 1875, THE FOLLOWING

FARM IMPLEMENTS and MACHINES.

Champion Reaper and Mower.—The BEST Self Rake combined Machine in the World, as evidenced by the fact of its having received the highest awards at Exhibitions and Field Trials, both in Europe and America in 1874.

Hodges' Reaper and Mower.—"Ohio" and "Buckeye" combined, with Dodge's improvement; two sizes, Nos. 1 and 2. Can be set to cut higher than any other Self Raker.

McCormick's Reaper and Mower.—Hand Rakers; extra strong and durable. Prices low.

Marsh Harvester.—Durable and economical way of harvesting grain. Binds a ride. Radical changes and improvements for 1875.

Halm's Header or Harvester.—With Hodges' improvements and other additions for 1875. Two sizes, ten and twelve feet cut.

Sprague Iron Mower.—A model of simplicity and perfection of mechanism, and is THE best general machine yet introduced, is strong and durable and unquestionably THE BEST moderate priced mower in the market.

Essential Chain Trimmers.—Wheeler, Mellick & Co's two sizes, with special improvements not to be found elsewhere.

Horse Powers.—All sizes and styles, including the new model Pitts, both "Mounted" and "Down." Taylor's Sulky Rake.—Superior to any other Rake yet introduced. Very desirable for cleaning wheat fields as well as raking hay.

Levelling Tools.—8 and 10 foot long. Barnes Rake.—Nine foot head, mounted on rollers, new tripping device; is much THE BEST Revolving Rake made.

Buffalo Pitts Improved "Challenger" Reaper. —More improvements and additions for 1875, in both Separators and Powers. Want of space forbids enumerating. Is now recognized as "THE" Leading Reaper, and stands far ahead of the "Windmill of the Harvester" in the estimation of the Testing public. GUARANTEED to separate faster and clean better, without cracking or waste of grain than ANY OTHER Reaper known.

Particular attention is called to the Pitts' "END SHAKE" SHOE, and new improvements in the "Movable" Powers, etc., etc. Threshermen who have not seen the changes and improvements made in the "Pitts" Buffalo Thresher during the last two years, will consult their own interest by looking at the "CHALLENGER" before buying elsewhere. A NEW PATENT RIDDLE for THRESHING FLAX can be furnished when desired.

All sizes, from 4 to 12 horse power. Look out for "Bogus" Pitts' Threshers. The genuine are made only by Jas. Brayl, y. Buffalo, N.Y., and can be had only through us or our authorized agents.

Horse Hay Forks.—"Neill's" Harpoon, acknowledged to be the best. Also Palmist's Fan Mills.—Clark's "Double Shake" Pacific Mill. The only Mill that will separate Oats from Wheat perfectly.

Viet's Frames.—Hay, Platform and Mill Scales. Various sizes. Churns.—"Blanchard's," the best in the world; also the Cylinder and Thermometer

Wagons.—We have both the "PACIFIC" and the "Rain" with "NEW PATTERNS" extra strong and heavy frames. Wheels soaked in BOILING OIL and other improvements for 1875. Guaranteed to run lighter and outwear any other wagon in this market.

Spring Wagons.—A New three and four Spring Wagon complete, with two seats, &c., cheaper and better and more complete than those made here.

Harvesting Tools, Mill Stones, Extras for Machines, Smit Machines, Sickle Sections, Steam Engines, Hubber & Leather belting, Planing Machines, Turning Water Wheels, Buggies, Carriages, etc.

We import only the BEST articles, and our prices will at all times be as low as the lowest. Liberal terms to the Trade, Manufacturers' Descriptive Circulars mailed on application. May 7. KNAPP, BURRELL & Co. Portland, Oregon.

DIXIE STUD FARM. The Farmers STOCK-BREEDERS

Oregon and Washington Territory ARE RESPECTFULLY ASKED TO EXAMINE Improvement of Stock FARM OF JAS. W. NESMITH, Polk County, Oregon.

The animals offered are selections from the Best Thoroughbred TROTTING FAMILIES Kentucky and the Eastern States.

The public are cordially invited to examine the "Spirit of the Times," "Turk, Field, and Farm," and other leading American Stock Journals for their contents, as well as examine the animals themselves, which will be under the care of ALPHEUS GULLD, formerly with BUDD DOBLE, of New York.

Service Season, from April 1st to Aug. 1. As a representative of Thoroughbred stock the Stallion DELAWARE.

Bred by R. A. Alexander, of Kentucky, is offered; he was by the famous race-horse "Ringgold," he by "Boston," out of "Flirtilla, Jr.," by "Sir Archy." Delaware was out of "Ariel," she by imported "Narcissus," who was brought out in England, and made, as is well known, an enviable reputation under the ownership of General Groves.

Delaware has performed as follows: At Woodlawn spring meeting of 1863 he won the stake for three year olds; next, the Produce stakes for three years old colts, two-mile heats, \$50 entrance, \$200 forfeit, and \$1,000 added by the Club. Next, the "Club Purse," \$500, two-mile heats, all ages; and, three days after, he beat the famous "Harry of the West" for "Club Purse" of \$1,000 three-mile heats, at the Patterson Fall Meeting. At the Hoboken Spring Meeting, 1867, "Sanford Sweepstakes" purse, \$500, mile and half.

At Patterson Spring Meeting, 1867, won the three-mile dash for all ages for \$200, and the same day he beat Darlie, three-mile heats, for \$700, and at the Patterson Fall Meeting won the "Underwood Gift Purse" of \$300.

DELAWARE is a rich bay, 15 1/2 hands high, of perfectly quiet temper, and is a very desirable sire for road and sporting stock.

Desiring especially to encourage a class of better blooded horses, we have decided to put the services of Delaware TO INSURE for \$25. Provisional note at time of service.

Formerly Bonney's Knox, Is a bay horse, 16 hands high, and weighs 1700 lbs. He is four years old, and was bred by "General Knox," he by "Vermont Hero," by "Sherman Black Hawk," by "Vermont Black Hawk," by "Sherman

BLACK STRANGER

Was sired by Uncle Shube, a large fast Stallion by General Knox. Uncle Shube (formerly known as Wyo's King) is now owned by Henry R. Butterfield, Esq., of Waterville, Maine. He is a clean cut stallion 15 1/2 hands high, and weighs 1250 pounds; was never fitted for fast work, having been kept in the stud, where he has proved a getter of fast animals. He trots a mile in 2:30, and his halves readily in 1:30. Got a record as a green four years old of 2:20. (See Thompson's record of "Maine Bred Horses.")

The dam of Black Stranger was the well-known Reynolds mare, weighing 1250 pounds, sired by H. M. Messenger, by Stone Messenger, and her granddam (the dam of Uncle Shube) was a Messenger mare weighing 1200 pounds.

BLACK STRANGER is 16 1/2 hands high, and weighed when started for Oregon 1327 pounds. His limbs are of such extraordinary strength, with knees and carpal joints low down like size, and grand sire General Knox, that we feel that this, added to his close alliance to such remarkable speed and great size in both branches of his family for so many generations, must make him a valuable stock getter for the farmers of Oregon.

BLACK STRANGER will stand for \$50 TO INSURE. Provisional note at time of service.

MAGNUM KNOX, Three years old, past, by "General Knox," dam by Robbins mare, by "Homan's Messenger," by "Stone Messenger," by "Winthrop Messenger," by "Imported Messenger," she weighed 1,350 lbs and is now owned by the Bath Steam Mill Co.

Services of MAGNUM KNOX, \$25 TO INSURE. Provisional note at time of service.

GOOD PASTURAGE for all mares, with daily care, for \$1 per week. No risk taken.

The proprietors feel much confidence in offering this stock, as "General Knox," sire of "Winthrop Knox" and of "Magnum Knox," and grand sire of "Black Stranger," has won his way through all competition in New England, winning the highest stakes while owned by Col. Lang, and taking the highest award as a stock horse over all New England, and now at 20 years of age stands at the head of the "Fusion Stud Farm" stables for \$150 season service without warrant, with such companions as "J. Gould," "Secrets," and "Teller," and was selected and completed with such celebrities as "Lady Thora," "Lacy," and many others. "Harris Hambletonian," the grand sire of "Gen. Knox" and grand grand sire of the cells offered for service, was by the inbred thoroughbred horse Hambletonian. See Stud Book, page 167, and Hambletonian was the produce of Imported Keesinger to his own daughter.

A Mile Track

Has been laid upon Col. Nesmith's estate, which will be in Mr. Gull's care, who will handle and train the stallions and horses for other parties desirous. All correspondences requiring answering will receive prompt attention.

Parties desirous of training their own animals are cordially offered the use of the track and any advice in training or handling, or assistance in the sale of stock. NESMITH & LANG.
