POTATOES.—We publish elsewhere the letter of Lieut Jno. B. Dimick, of Hubbard, who sends us a box of Early Rose, Late Rose, Brownells Beauty, and the Mammoth potato—Sidney Blue—of which he speaks, which consists of seven good-sized tubers clustered in one, and is certainly a curiosity. When it reached here it had shrunk to 6 pounds. He says: "This variety was first brought from Sidney, Australia, by a Sea Captain, to the Sound Country, ann has been a grand favorite there ever since. It is good size and equal to Comptons Surprise as a cropper. The Late Rose is a splendid cropper and good keepers, and one of my best sorts. Brownell's Beauty has carrried off the Blue Ribbon over all other sorts, since I first introduced it in 1874."

We have also a present of a box of Garnet Chile potatoes rised on swamp land in Waldo Hills, by K. L. Hibbard, Esq., County Assessor. There are magnificent tubers, and show splendid cultivation. This variety is equal to any known as a late keeper and good potato. Mr. Hibbard has 75 bushels he can sell for seed to those who may wish.

Meeting of the National Grange.

CHICAGO, Nov. 15.—The tenth annual session of the National Grange of the Patrons of Husbandry commenced here to day, John T. Jones, of Arkansas, in the chair. Delegates were present from nearly every State and Territory in the Union, many ladies being present. Commissioners were appointed and Master Jones delivered an address, in the course of which he favored the grand scheme of an international co-operative movement by which workmen and laborers of all countries could combine and furnish their several products to each other. The Grange will have a four days session.

Marion County Council.

There will be a meeting of Marion county Council, P. of H., on Monday, the 27th of Nov., at ten o'clock in the forenoon Among other business, the subject of organizing a Pomona Grange for Marion county, will be discussed.

JOHN DOWNING,
President of Council.

All Granges of Marion county should be represented.

The meeting will be held in Salem.

SANTIAM PLACER MINES.—We are informed that a Mr. Thompson, of Oakland Cal., has bought the placer diggings of Dry Gulch, at Quartzville, on the Santiam, and proposes to bring water from the river in a ditch, at considerable expense, so as to work these extensive placers with hydraulic power. He is a man of means, an old miner and is prepared to expend largely to work this flat, which will require a bed rock flume to carry away the waste dirt. He is confident it is a big thing, which is undoubtedly the case. He has also examined the White Bull quartz vein, which crosses this flat, and says there is every promise of a valuable mine there.

QUITE LITERARY.—The *Standard* lately tells of a gun that went off "unintentionally" and killed a lady; also, speaking of the admission of a Chinaman to Willamette University, the same paper very generously hopes that John "may prove a credit to the institution from which he shall *matriculate*." The "Oregon style" of newspapering is certainly on the mend.

BAG FACTORY.—As will be seen by his advertisement, Mr. A. W. Waller has opened a bag factory, next to the marble yard and opposite the Commercial Hotel, Salem, where he will make and mend bags and sacks, or sew carpets, or do anything else in that line. Read his card and give him a call.

THE COURT HOUSE QUESTION.—A large number of our citizens went to Portland as advocates, witnesses, &c., in our Court House site question, which is on trial in the United States district court.

August Flowers.

The most miserable beings in the world are those suffering from Dyspepsia and Liver Complaint.

More than seventy-five per cent. of the people in the United States are afflicted with these two diseases and their effects: such as Sour Stomach, Sick Headache, Habitual Costiveness, Palpitation of the Heart, Heartburn, Water-brash, Gnawing and Burning pains at the pit of the Stomach, Yellow Skin, Coated Tongue, and disagreeable taste in the mouth, coming up of food after eating, low spirits, &c. Go to your druggists and get a 75 cent bottle of August Flowers or a sample bottle for 10 cents. Try it—Two doses will relieve you. Crane & Brigham, Agents, San Francisco.

Attention to Business.

Should any person or persons wish to buy out a good paying business, I will offer my entire stock of General Merchandise at 80 cts on the dollar of first cost in San Francisco; if for cash, five per cent. discount; or I will give time on good negotiable notes, with interest, on 3, 6, 9, and 12 months. Should any one wish to purchase, he will be required to make a deposit of $100, and I will do likewise; will then take an invoice, and if either party wishes to withdraw after the invoice is taken, can do so by forfeiting deposit. This offer is good until Jan. 1, 1877. I will take Wheat at 90 cents per bushel, delivered at the Farmers' Warehouse or Kinneys' Mill.

In the meantime, I will offer great inducements to purchasers until the above date, in the following goods: Beaded and velvet purses, shell boxes and albums, opera glasses, puff boxes, fancy soaps, fine china cups and saucers, feather dusters, a variety of toys, boys' wagons, bird cages, and dolls, shot pouches and gun wadding, a good selection of pipes, books, and stationery, tobacco and cigars, a good assortment of baskets, crockery, glass and tin-ware, door mats, china matting, carpets, oil cloth, foot-stools, carpet-bags, satchels, painted and plain window curtains, coffee mills, lamps and chimneys, brooms, axes, checker boards, paper collars, ladies' underwear, gents' overcoats, kid gloves, tobacco pouches, ribbons, laces, and embroideries, trimmings, braids and combs, boots, shoes, and hats. You will also find a good line of Gents' and Boys' Clothing and GENERAL MERCHANDISE.

My stock is all perfect, and will be sold at GREATLY-REDUCED PRICES until January 1, 1877.

All persons indebted to me are requested to call and settle, with cash or note, before December 1, 1876. All bills not settled by that time will be published in the daily and weekly papers for thirty days, and then, if not paid, will be sold at auction to the highest bidder.

I will also trade my stock for good Farming Land.

All the above means business. Those interested, give attention.

THE MARKETS.

The Wheat Market.

We have pleasure in announcing another advance in wheat. It took a step upward the latter part of last week, and on Monday of this week went up to 80 cents a bushel here in Salem, and the Portland quotations have advanced to $1.62½ to $1.65 per cental for sacked grain for shipment, with a rather active demand to furnish cargoes for sixteen vessels waiting to load with twenty thousand tons, or 660,000 bushels, now in the river, and several more due. The news from England shows an advance there as the basis for the movement here. The condition of the market abroad seems to be firm and improving, and we confess that the advance comes with greater promptness than we expected.

European Grain Market.

LONDON, Nov. 20.—The *Mark Lane Express* in its weekly review of the British corn trade, says the supplies of wheat in the country markets have been again small, but again its condition has improved. Under the influence of frosty weather dullness has been the prevailing feature in the provincial trade for both wheat and feeding corn. Several markets quoted a decline of a shilling per quarter for English wheat. The imports for last week into London have been more liberal than lately, but the supply of American wheat was comparatively trifling against the large arrivals of Russian and Indian. The approaching closing of Russian navigation will make America our main source of supply for red wheat. It remains to be seen whether she will ship freely at present prices or await advanced values. Arrivals of wheat off the coast were very moderate during the week, and improvement of one shilling six pence to two shillings occurred.
