Thoughts on Co-operation and Representation.

Examination of these two agencies, as now used in the various co-operative industries of Great Britain, show that they go hand in hand. A very cursory examination of the system at its original home in England.

vigilance which changes the bearing point of the responsibility for success from the chosen agent to the stockholders. The agents cannot go far wrong when a chosen committee of management, in addition to the checks generally embodied in the plan of business, have always access to the books and submit a plainly arranged balance-sheet every three months, together with their reports of what part of the machinery is working satisfactorily, and suggestions where and in what way amendments can be made.

Grazing Plains in the Moon.

Every one has noticed the dark spots which mottle the surface of the full moon. These long ago used to be considered seas, and in the geography of the lunar orb went under such names as the Sea of Serenity, the Sea of Nectar, the Sea of Ruins, and the Ocean of Tempests.

DON'T LIKE IT.

ED. MERCURY: Mr. J. D. Riggs, of whose departure you gave notice on the 12th of January, has reached home at Florence, Kansas, and writes, under date of the 9th inst., and says: "Everything here is as dead as a door nail. The specimens of fruit and wheat which I brought back seem to surprise all who see them—especially the grain. One of my friends said to tell you he would give you \$1 per bushel for 100 bushels of the screenings which I brought back."

John Thompson, who murdered Solomon Baxter, at Benton, W. T., on the 11th, named Bennett, was tried last week at Seattle, and found guilty of murder in the first degree, and was sentenced to be hanged, on Friday, March 30th, 1877.

[From the Daily Mercury, Feb. 24.] SILVER WEDDING.

A Brilliant Affair—A Gathering from the Four Quarters of the Capital City.

Last evening was witnessed one of the most brilliant private party gatherings of the present season in our fair capital city. The 23d instant being the twenty-fifth anniversary of the wedding day of Mr. and Mrs. S. A. Clarke, their friends, to the number of a hundred or more, gathered at their residence in South Salem to celebrate this their silver wedding.

JOHN MINTO.

To this Mrs. Clarke replied in a feeling manner, thanking the donors for their tokens of friendship, but added that herself and husband valued far more highly than the gifts themselves the good opinions, friendship and love which prompted the giving. These presents from the married folks consisted principally of a richly chased silver pitcher, sugar bowl, cream pitcher, cellophane dish, and spoons ad libitum.

CENTAUR LINIMENTS.

The Quickest, surest and Cheapest Remedies.

Physicians recommend, and Farmers declare that no such remedies have ever before been in use. Woods are cheap, but the proprietors of these articles will present trial bottles to medical men, gratis, and will guarantee more rapid and satisfactory results than have ever before been obtained.

The Centaur Liniment, White Wrapper, will cure Rheumatism, Neuralgia, Lumbago, Sciatica, Caked Breasts, Sore Nipples, Frosted Feet, Chloasma, Swellings, Sprains, and any ordinary FLESH, BONE OR MUSCLE AILMENT.

It will extract the poison of bites and stings, and heal burns or scalds without a scar. Lock-jaw, Palsy, Weak Back, Caked Breasts, Earache, Toothache, Itch and Cutaneous Eruptions readily yield to its treatment.

Henry Black, of Ada, Hardin Co., Ohio, says: "My wife has had rheumatism for five years—no rest, no sleep—could scarcely walk across the floor. She is now completely cured by the use of Centaur Liniment. We all feel thankful to you, and recommend your wonderful medicine to all our friends."

James Hard, of Zanesville, O., says: "The Centaur Liniment cured my Neuralgia."

Alfred Tush, of Newark, writes: "Send me one dozen bottles by express. The Liniments have saved my leg. I want to distribute it, &c."

The Centaur Liniment, Yellow Wrapper, is for the tough skin, flesh and muscles of HORSES, MILK AND ANIMALS.

We have never yet seen a case of Spavin, Sweeney, Ringbone, Wind-gall, Strains or Poll-Evil, which this Liniment would not speedily benefit, and we never saw but a few cases which it would not cure. It will cure when anything can. It is folly to spend \$20, for a Farrier, when one dollar's worth of Centaur Liniment will do better. The following is a sample of the testimony produced:

"JERRESON, Mo., Nov. 10, 1875. "Some time ago I was shipping horses to St. Louis. I got one badly crippled in the ear. With great difficulty I got him to the stable, on Fourth Avenue. The Centaur Liniment gave me a bottle of your Centaur Liniment, which I used with success that in two days the horse was as active and nearly well. I have been a veterinary surgeon for thirty years, but your Liniment has done anything I ever used."

"A. J. MC CARTY, Veterinary Surgeon."

For a postage stamp we will mail a Centaur Liniment, containing hundreds of certificates, from every State in the Union. These Liniments are sold by all dealers in the country.

MOTHERS.

Castoria is the result of 30 years experiments, by Dr. Samuel Pitcher, of Massachusetts. It is a vegetable preparation as effective as Castor Oil, but perfectly pleasant to the taste. It can be taken by the youngest infant, and neither gag nor gripes. Dr. A. J. Green, of Royston, Ind., says of it:

"Since I have tried the Castoria and can speak highly of its merits. It will, I think, do away entirely with Castor Oil; it is pleasant and harmless, and is wonderfully efficacious as an aperient, and laxative. It is the very thing."

The Castoria destroys worms, regulates the Stomach, cures Wind Colic, and permits of natural healthy sleep. It is very efficacious in Croup, and for teething children. Honey is not pleasant to the taste, and Castor Oil is not so certain in its effects. It costs but 25 cents, in large bottles.
