Correspondence from the G. W. C. T.

HILLSBORO, March 19th, 1877. ED. FARMER: During the past week I have traveled extensively in this (Washington) and Yamhill counties and I find the farmers actively engaged in farm work and preparing for large fields of grain, etc.

the Misses Cornelius and a few others working valiantly for the cause. After the public lecture at the latter place all present were invited to an oyster supper prepared and given free by the sisters of the Lodge.

At West Union the Lodge is also in a prosperous condition and the Meeks, Victor's, Titus', Lenora, Hon. E. E. Fanning and others are actively engaged in the work of the order.

Owing to a display of matrimonial intent on the part of some of the citizens of Forest Grove, I did not have the pleasure of visiting that place. A Wedding was to take place in the church on the evening I had appointed for the lecture and so to prevent a collision I withdrew.

The Lodge at the Grove under the management of Sister Hoexter, Bro. Buford and others is moving along in its determined way.

B. F. Bond, L. D. of No. 188, writes: "Our Lodge is prospering finely. We have succeeded in driving the whisky mill from Irving and the people of the community are nearly all our friends."

Bro. R. W. Frazier reports the Lodge at Milton in a flourishing condition and two more initiated last meeting.

Sisters Fannie Myer, of Ashland; Joanna Lyle, of Dallas; Sallie Cockerrease, of Deer Creek; Elizabeth J. Bradley, of Cleveland; Bro. J. A. Lykins, of Amity; Sylvester, of Centre Lodge, Chandler, of Mill Creek; C. H. Reed, The Dalles; P. H. Fox, of Hillsboro; and Rev. J. R. N. Bell, from Jackson, all send encouraging reports from their localities.

DECISIONS

By the Grand Worthy Chief.

1st. Question. A person makes application to a Lodge for membership by initiation - is balloted for and elected, and in due time presents himself in the ante room for initiation - the P. W. C. T. waits upon him and propounds the usual preparatory questions, and he refuses to give an affirmative answer to one or more of the questions, what should the Lodge do under such circumstances?

Answer. The P. W. C. T. should (after notifying the applicant of the effect of such refusal) return to the Lodge room and report the facts to the W.C.T. who would immediately direct the marshal to repair to the ante room and request the person to re-initiate him that he could not be initiated.

2nd. The W. C. T. in announcing to the Lodge the result of a balloting upon a "proposition for membership" or a motion to expel, suspend, reprimand, rebaligate or upon any question where ball ballots are used, should state only the result and not make mention in detail of the votes for and against the question and the Chief himself is as much in duty bound to vote in such cases as any member of the Lodge. It is only when a vote is being taken by the "usual sign" that the Chief has the casting vote. When the vote is being taken by the yeas and nays - or by ball ballots or in election of officers he has no right to the deciding vote in case of a tie.

3d. When a member tenders his resignation of membership in the Lodge he should immediately retire and cannot be permitted to visit his own or any other Lodge even though he is in possession of the P.W., except he may wish to return to his Lodge to request a permission to withdraw his resignation.

4th. No member can be allowed to set in the Lodge without the P.W. (unless they are in possession of a Traveling Card and the A. Y. W.) No member is entitled to the P. W. until his quarterly dues are paid. One member cannot vouch for another one and this practice that has been in use in some localities must be discontinued. It is the duty of a member of our Order to keep himself supplied with the P. W. or an order from his W.C.T. for the same and if he does not do this he cannot visit a Lodge even though all the members were ready to vouch for him.

5th. After a Clearance Card has been voted a member he should retire from the Lodge and has no right to visit a Lodge again unless he is proposed elected and again becomes a member by deposit of Card or by initiation in case the Card expires.

DELAWARE.-The local-option movement is gaining strength with the people. A large public meeting was recently held in Wilmington, attended by 1,200 people and addresses by Mrs. Jane E. Wenden and others, at which the following resolutions were adopted:

Whereas, As this is a government of the people ruled by the majority; and, Whereas, Our domestic tranquility and general welfare are disturbed by an occupation forbidden of God and a curse to man; therefore, be it

Resolved, That, in order to form a more perfect government and establish justice, we, the people, irrespective of party and political preference, ask of our present legislature protection against licensed crime.

Resolved, That to this end we respectfully request the present law-making power to submit to a vote of the people the question of license or no license of the sale of intoxicating liquors.

Resolved, That a copy of these resolutions be sent to the Legislature.

INDIAN TERRITORY.-A Woman's Temperance Union, the first one in the Territory, has been organized in Ottawa Mission, Indian Territory, with Mrs. Joseph Wind, a Chippewa Indian, as president; Miss Emma Newsom, secretary.

A Temperance League has been working successfully for three years, superintended by Joseph Wind, a full-blooded Indian, son of the late Chief, Elder James Wind.-National Temperance Advocate.

The Right Worthy Grand Lodge of Good Templars holds its annual meeting in Portland Me., on the fourth Tuesday in May, and delegates have already been chosen from a large number of Grand Lodges.

Foolishly spent, money paid for children's shoes not protected by SILVERTIPS. Two weeks is about the time it takes a smart active child to ventilate the toe of a shoe. SILVERTIPS the only preventive.

Also try Wire Quilted Soles. E. J. Sprattling has been appointed postmaster at Bethel, vice McGrew resigned.

SEND US THE RECEIPTS.

We receive word occasionally from persons who were subscribers to the Oregon Cultivator, that they have receipts for subscription paid that have not been credited. We are sending out postal cards to all who were subscribers of that paper, informing them how their accounts stood at the time when we purchased. In case there is any mistake in accounts as we receive them, we will take it as a favor if those interested will give us immediate notice, and where subscribers have receipts that they shall be sent to us, for a receipt for money paid is just as good to us as cash in hand. The receipts will be kept carefully by us in case they shall ever be wanted, and we will immediately send back a note that the same is in our hands, and credited on the account. We have to pay these Cultivator accounts ourselves, by the terms of purchase, unless the subscribers can show that they have been paid, and of course we are responsible. Where the subscriber prefers to do so he can send the receipt to us through the hands of any agent of the FARMER, or of the postmaster, who then will be witness of the sending. We wish to correct all errors immediately, and therefore urge all to examine the account sent them and lose no time in reporting errors.

From a Distinguished Jurist.

"I have tried the PERUVIAN SYRUP and the result fully sustains your prediction. It has made a new man of me, infused into my system new vigor and energy. I am no longer tremulous and debilitated as when you last saw me, but stronger, healthier, and with larger capacity for labor, mental and physical, than at any time during the last five years." Sold by all druggists.

A Remarkable Cure.

WEST TOWNSEND, VT., May 14, 1860. MESSRS. S. W. FOWLE & SONS: Gentlemen.-Several years since I took a severe cold, which settled on my lungs, where it remained without relaxation. I was then in Massachusetts, and growing worse and becoming unable to attend to any business I returned home and commenced searching in earnest for some medicine which would restore my lost health. I consulted physicians, I tried many remedies, but obtained no help, but daily grew worse. I had a terrible cough, and raised a good deal of blood. I had profuse night sweats, and severe pain in my side. I continued in this state for months, and became so weak that it was with great difficulty I could walk. When I was advised to try WISTAR'S GREAT BALM OF WILD CHERRY, and to my great joy I soon found that this remedy had arrested the disease. I continued to use the BALM to the extent of five bottles, and have since then experienced no difficulty of lungs. I believe the BALM saved my life, and I shall ever hold it in high estimation.

Yours truly, LEWIS FIELDS.
