Resolved, That, by the death of our worthy Brother we have lost a true member of our Order, and shall miss his presence at the future meetings of our Lodge.

That, while we mourn his loss deeply, yet we bow with submission to the will of our Heavenly Father, hoping that our loss is his eternal gain.

That we tender to those to whom our Brother was endeared by the ties of relationship our heartfelt sympathy in this their sad hour of bereavement.

That the charter of our lodge be draped in mourning for twenty days in respect for the memory of our late Brother.

That these resolutions be spread on the record of our Lodge, and a copy be sent to the WILLAMETTE FARMER and Dalles Mountaineer for publication.

Indians are giving new proof not only of their capacity to become civilized, but to actually lead in the advance-guard of civilization. The New York Evening Post announces that a temperance convention of Indians has been called by the Cattaraugus Indians of this State, to be held in the Presbyterian Church in the Cattaraugus reservation, on the 25th of next September.

The convention will be composed of six delegates from each tribe of civilized Indians in the United States and Canada, and says the Post, "it is expected to adopt some extreme measures by which the sale of all kinds of intoxicating liquors may be prohibited among their tribes."

We congratulate the Indians, and hope their convention may accomplish all that is expected of it. Nat. Tem. Advocate.

Religion in Curry County. ED. FARMER: Thinking that a little religious news from this far-off part of Oregon might prove interesting to some of our readers, especially to many of our old acquaintances in the Willamette valley, I will give you a brief account of some revival meetings held here this winter.

In the latter part of February Rev. J. G. Mosher, of the United Brethren Church, made us a visit, and soon after he came stormy weather set in and he could not get away so being anxious to make the best use he could of the time he commenced a prayer meeting on Rogue River near the mouth of the Illinois River.

Here the meeting lasted eight days and proved a great success. It was the first preaching that many of the young people ever heard, and there was one old man converted that had not heard a sermon for forty-one years.

The entire neighborhood was converted with the exception of one man; it was a thorough work, a class of 26 members was organized and now instead of training recluses they are faithful, zealous Christians.

After closing this meeting, he preached two sermons in Ellensburg, and from there he went to Round Grove school house, and held another protracted meeting, which lasted eight days and resulted in great good.

Six were converted and, ten added to the church, and the church gently revived. Among the converts here are some of the foremost and influential young people of our county.

The storm still lasting another meeting was commenced at Pleasant Hill school house, which lasted a few days, and closed with one conversion and a general good feeling.

By this time the stormy weather had ceased and the Elder had to leave us and go to work for his Master on other fields of labor.

He leaves universally loved and respected by all lovers of truth, and our prayers are that the same success may attend his labors in other parts of the vineyard that has attended them here. A. R. MILLER, Ellensburg, April 19, 1877.

INFAMOUS OUTRAGE. - Mr. R. V. Short is a respected citizen residing near Butteville, and he has lately been the victim of a fiendish assault, from a man named Buchanan against whose general character he gave evidence in a trial held not long before, in that neighborhood.

Driving Sheep across the Mountains.

ED. WILLAMETTE FARMER: In your paper of 6th inst., I see a communication from Mr. W. A. on driving sheep across the mountains. For the benefit of those contemplating driving sheep the coming spring, I will give my experience.

W. A. says if bucks are brought in the band they will be wished in some diabolical place before many days, and it is better to bring them separate from the band, &c. This a mistake on Mr. A's part.

On or about the first of June 1872, I drove a band of sheep to Butter creek, Umatilla county, having three bucks. I wished to take two which I purchased of M. Wilkins.

I could not think of driving three bucks by themselves. On such a trip it would have cost more than the bucks would have been worth; so I drove them in the band at almost no expense; landed on Butter creek July 10, took my bucks out the 20th, but could have left them in the band till August 1st, with perfect safety.

Soon after I arrived on Butter creek, my sheep began to die. I moved them immediately to the Blue Mountains, where they did well about two weeks, when they began to die with the same complaint as before.

I lost several of the largest and fattest sheep in the band with a complaint like the colic. I laid it to the use of dry feed, as it was then some time in August. The sheep that were raised there did not seem to be affected by this complaint.

I sent for sulphur, mixed one-third the amount of sulphur to that of salt, fed my sheep once a week, and never lost another sheep by this complaint.

Isabel, Lane Co. Doer. TAKE PARTICULAR NOTICE. All persons who have receipts for money paid Cultivator that has not been duly credited will please send them to us, and we will make the proper credit, and must have the receipt to show Mr. Mart Brown in settlement with him.

MILLINERY. - Mrs. Millican's popular establishment, where the newest styles of bonnets, laces, ribbons, dowers, &c. can be found, is on Commercial Street, first door south of Breyman Bros.

An Irish gentleman, hearing of a friend having a stone coffin made for himself, exclaimed: "By me sowl, an' that's a good idee! Shure, an' a stone coffin 'nd last a man his life!"

By the way, the grave of Fulton has no monument. Wouldn't it be appropriate to plant a boiler around there somewhere? His memory is greatly steamed, you know!

Debility, whether it be inherent, or caused by over-exerted strength or protracted illness, has a most depressing influence upon the mind, breeding an object melancholy nearly akin to despair, and enforcing the abandonment of cherished projects and high hopes.

Happy, the enfeebled system, even in extreme cases, is susceptible of invigoration. It is proved by facts, and in addition to that Hostetter's Stomach Bitters is an unrivaled tonic for the weak, and that in addition to vitalizing the system, it establishes regularity among those organs upon whose efficient discharge of the duties incumbent on them by nature, continued vigor and health depend.

Thousands of instances might be cited to show the regenerating influence of this health-giving agent in cases of debility, liver disease, dyspepsia, nervous ailments, constipation, intermittent fever, urinary and uterine troubles, gout and rheumatism, and other maladies.
