FROM OUR ALBANY OCCASIONAL.

September 10, 1877.

Wheat firm, at \$1. It will require from eight to ten days fair weather yet to enable the farmers in this vicinity to get in all the grain, yet the balk of it is now safe.

A great many immigrants have located in Albany this summer. Empty houses very scarce, notwithstand-ing many new once have been erected dur-ing the season.

Nearly all our merchants are already open-

Nearly all our merchants are already opening out large stocks of Fail goods.

Business enlivening up, and everybody is expecting a good time.

Mr. Wiswell, formerly of the Capital city, has, within a few days past, taken charge of the Exchange hotel of this place. This is sufficient to insure success to the house. Under the mangement of Mr. Wiswell and his accomplished lady, this hotel is bound to be popular.

wish them abundant success.

We are informed that the Albany College has opened quite premisingly; every one seems pleased with the present management of this school. The district schools here do not open till the first of October. With the present corps of teachers they bid fair to be successful.

district of California and Oregon, will begin its annual session in this city next Thursday the 13th inst., The Rev. Mr. Gibson, from California and other distinguished minis era will be in attendance.

Will not Return.

Will not Return.

We learn with regret that Sister Mary who has been the lady Superior for the past fourteen years of the Academy of the Sacred Heart in this city, and who went East last July for a visit to her early home in Canada will not return. She has been placed in a higher charge, being now one of those who have under their control the general government of the "Sisters of the Holy Names" throughout the North American continent. Sister Mary has indeed "been faithful over a few things and is now ruler over many." The splendid edifice that adorns and beautifies our city is almost entirely due to her exertions and will long remain a monument of what one good, true woman can accomplish, whose heart and soul have entered into the work. Many kind wishes are wafted from the Pacific shore for the health, prosperity and long life of "Sister Mary, of the Sacred Heart, of Salem, Oregon."

An Old Map.

Mr. H. K. Davis brought to us yesterday an old map of the United States, for inspection. It is called "Mitchel's Travelers' Guide through the United States of America." A map of the roads, distances, steamboat and canal routes by J. H. Young, of Philadelphia and published in 1833 by S. Augustus Mitchel. The map is a veritable curiosity, the Western country has but here and there a town. Michigan is a Territory. Wisconsin lows, Nebraska, Kansas, etc., are unknown and the Pacific Coast a "terra incognica." No natwork of railroads cover the lose of this cur again. network of railroads cover the face of this map, but in lieu thereof are zig zag county and State roads, imperfect except so far as their terminal points are concerned. Great changes for map makers since this map was sent out 44 years ago.

Nonpareil Mining Company.

At a meeting of the incorporators and stockholders of this company, held last evening, the following Board of Directors were elected: J. L. Parrish, Dr. H. Smith, Dr. F. C. Paine, J. W. Crawford and W. W. Martin. The following officers of the company were then elected. President, J. L. Parrish; Secretary, W. W. Martin; Treasurer, J. W. Crawford. The claim of this company is located near that of the celebrated Capital mine, and the prospects for a good paying mine is more than good. The ledge is three feet wide and assays well. The gentlemen connected with the new company are well known in the community, a guarantee that the new organization mean to do Nonpareil Mining Company.

To the Afflicted-Ladies in particular.

Why need you suffer with Paralysis when you can be cured?—Why will you suffer with Rheumatism when you can be cured?

And why have so many aches and pains when it is within your reach to be cured?

I am now established in Salem, prepared to treat all Chronic Diseases, such as Rheumatism, Neuralgia, Consumption, Kidney diseases, and in fact all diseases that human flesh is heir to. Special attention paid to Female Weakness and nervous prostration which is so common to Ladies. Children's diseases not excepted. In connection with my practice, I have one of the celebrated Medicated Vapor Lightning Cream Baths, which aids vastly in removing all chronic discases. It opens the pores of the skin, and throws off the stimy, morbid matter, which is one of the great causes of so much suffering. When we once think that two-thirds of all we take into over system passes off through the pores of the skin, we need not stop long to wonder why we are sick, when we pay so little attention to the most important emunctory of our bodies. Buring the past nine months I have had this bath in operation, and many can testify to its efficacy. I treat patients by the week, or by single treatment.

Ladies will do well to give me a call. Residence, southeast corner of Center and Summer Streets, MRS. D. W. CHAIG, M. D.

OREGON STATE FAIR.

For the information of our readers and the public generally, we give the names of the officers and persons having charge of the various departments at the coming State Fair. It will be observed that the Society is peculiarly fortunate in the selection of its Managers, and the names given below are a sure indication that the coming annual Fair will exceed any of its predecessors in the ex-tent, richness and variety of display. We note from our several State exchanges that preparations are being made in all portions

no out large stocks of Fall goods.

Clear Year West.

By the Portland papers we see that two car loads of wheat have been rejected at that place on account of its dirty condition. Our farmers should see to it that this does not occur again. We now get several cents more per bushel in the Liverpool market for our wheat than California does, for the simple reason that it is some better and clean r. Let a few cargos of dirty wheat from here go to that market and the prices will fall on to that market and the prices will in Oregon wheat, and the consequences will be that our farmers here will lose in proportion.

Guaranteed. EMIGRATE TO OREGON.

Direct Passage from New York to Portland, Oregon.

LAND DEPARTMENT O. & C. R., THE GREGON STEAMSHIP COMPANY HAS THE GREGON STEAMSHIP COMPANY HAS agreed to carry on its iron steamship, now being built at Chester Pa., by John Roach & Son, upon her completion, on or about the 15th day of Jannary, 1878 steerage passengers from New York to Pertland, direct, via the Straits of Magelian, at the extremely low rate of \$75.00 corrency, board included.

This steamer will be the best, strongest and most comfortably arranged ship, ever built in the United States. Speed, 1856 knots. Dimensions: 280 feet in length; 28 feet beam; 2956 depth of hold; capacity, 2,2-0 tons; 200 cabin and 500 steerage passengers. The fitting up of the steerage will receive special attention; it will be provided with all modern improvements and its ventilation will be perfect. Every attention will be paid to the comfort of passengers, and the fare will be of the best quantity. Part of the deck r. om will be fitted up for refrigerating purposes, with a view to farnish passengers fresh meat during the whole voyage.

The voyage will be made in about sixty days.

To assist persons who desire to emigrate to Oregon, agricultural and other implements will be taken at very low rates.

For persons here who have friends in the Atlantic States wishing to come to Oregon this offers a rate opportunity, as the annoyances and fatigue of the overland route by rail are avoided, and the passage is considerably less.

For particular information address F. C. Schmidt, 1 South William street, New York, or [Jym6].
