State Grange Deputies for 1877

Table listing State Grange Deputies for 1877 across various counties including Benton, Clackamas, Douglas, Multnomah, Washington Territory, and others.

Meeting of Subordinate Granges

LISS COUNTY. Hops, No. 21, meets in Albany, on the 1st and 3rd Saturdays of each month, at 10 a. m.

WASHINGTON COUNTY. Breverton No. 100, meets 1st, Saturday, at 10 o'clock.

Temptations of Farmers.

The temptations of farmers are many. I don't mean the temptations that we hear of every day from our teachers, but temptations that are peculiar to farming, such as plowing in too great haste, taking too wide a furrow slice, thereby cutting and covering.

Sowing is another temptation that we have to contend against. To measure up one and a half bushels of wheat to the acre, then pickle with salt, or use blue vitriol to destroy the fungus, or smut, the grains are much larger than when taken out of the bin.

Reaping is another temptation. We do not harrow our land enough. When we sow grain we ought to prepare the very best seed bed that could be made under the circumstances.

Netting one's self too close when wheat is high is another temptation. I was talking with a neighbor the other day about this temptation.

The International Rifle Contest.

The most accurate marksmanship ever exhibited in a public competition was displayed by the American and British teams in their recent contest at Creedmoor. The figures made not only by the American team which won, but by the losing British team, have never before been equaled.

HEAT COW.

The sidewalk at the North end of Commer. street, here, shows a cow, her nightly promenade. She is a cow of the most obstinate and stubborn kind.

WEATHER REPORT.

During Sept. 1877, there were 13 days in which rain fell with an aggregate of 3.63 in. of water, 13 clear days, and 4 cloudy days.

Wheat Stolen.

Some hungry thief last Tuesday night broke into the barn of Mr. T. E. White, who lives about four miles from the ferry on the Zenas road in Polk county, and got away with about fifteen bushels of wheat.

SALEM TEACHERS' ASSOCIATION.

The Association met at the usual time and place, Central school building, Oct. 1, 1877, and was called to order by the President, Miss Mattie L. Powell.

Under general business, the subject, corporal punishment, received some attention. Since teachers must record every case, it was necessary to determine what constitutes corporal punishment.

Copy-books are distributed by monitors, and everything in connection with the exercise is done orderly. Miss Smith and Mr. Darcy, teachers in the Fifth Grade, write the letters upon the board.

CHILDREN.

A complete substitute for Castor Oil, without its unpleasant taste or recoil in the throat. The result of 30 years' practice by Dr. Sam'l Pitcher, of Massachusetts.

HAVING A GOOD TIME.

A correspondent from Halsey, under date of Oct. 3d, writes as follows: An amusing scene is going on here to-day.

GUIDE AND GAZETTE.

We received yesterday, D. H. Stearn's new compilation entitled "The Official Gazette and Traveler's and Immigrant's Guide to Oregon and Washington Territory."

TO THE AFFLICTED—LADIES IN PARTICULAR.

Why need you suffer with Paralysis when you can be cured?—Why will you suffer with Rheumatism when you can be cured? And why have so many sores and pains when it is within your reach to be cured?

GUILTY.

BY ADDIE L. BULLOU. [Read before the working men's mass meeting, San Francisco, August 25, 1877.] Guilty! Yer Honor, I do not deny it. I did what I could, sir, to help on the riot.

All the days of my life I was brought up to work, and these hands of mine ain't no hands to shirk.

I be a man for peace, too; but if the right can come without, then I'm for fight. The mouths of the children, they must be fed.

Just look at me, Judge. Do I look like a scamp. Because being hung has made me a tramp? Do I look like a dead beat, choosin' to roam, if work could be had, and with comfort at home?

Why, I fit with Grant down the old Mississippi. And 'twas there where the canon's red hot iron lip spewed into my side such a forest of hell, and tore off my leg with a fragment of shell.

I've stood picket duty with death like a ruffin. Waist deep in the swamps, without blanket or coffin. To give decent rights to the dyin' when dead. With a daily allowance—two slabs of hard bread.

Of the forfeit they made to make freemen of the slaves. It was somethin', no doubt, to lie wastin' away Dead—alive in the prisons, without letters or pay.

With a tax upon labor to pay the war debt; With wages reduced to compete with cheap labor— With China for rivals and the freedman our neighbor.

Rights of property, [sir] Why, all property gained Is the right of the hand that by labor is stained; Not the grasping monopolists, who selfishly hold The result of the worker in fetters of gold.

Why, these very railroads, with sinews of steel, Were blood wrought from sinews that quiver and feel. Shall they whose hands lifted the yoke off the slave Bond their necks to a yoke without effort to save?

Their manhood, their honor, the cheek of the wife, From the insults that crimson a beggarly life? We are cursed by contractors, till labor no more Means honest employment and homes for the poor.

If we're idle, we're paupers; if we work we're slaves; If we strike out for justice, we're branded as knaves. And now, please yer Honor, I plead to the charge: I'm guilty of dealin' yer out justice at large.

I know ye'll allow me one question of grace. Pray, what would yer Honor have done in my place.

Regrets for the lost opportunities of the year are useless. The heart is a child, it hopes what it wishes. If you cannot do as well as you wish, do as well as you can.

1,000,000 BOTTLES OF THE CENTAUR LINIMENTS.

have been sold the last year, and not one complaint has reached us that they have not done all that is claimed for them. Indeed, scientific skill cannot go beyond the result reached in these wonderful preparations.

Mr. Josiah Westlake, of Maryville, O., writes: "For years my rheumatism has been so bad that I have been unable to stir from the house. I have tried every remedy I could hear of, finally, I learned of the Centaur Liniment. The first three bottles enabled me to walk without my crutches. I am mending rapidly. I think your Liniment simply a marvel."

This Liniment cures Burns and Scalds without a scar, extracts the poison from bites and stings. Cures Chills and Frosted feet, and is very efficacious for Ear-ache, Tooth-ache, Itch and Cutaneous Eruptions.

The Centaur Liniment, Yellow Wrapper, is intended for the tough fibres, cords and muscles of horses, mules, and animals.

Rev. Geo. W. Ferris, Manokill, Schoharie Co., N. Y., says: "My horse was lame for a year with a fetlock wrench. All remedies utterly failed to cure and I considered him worthless until I commenced to use Centaur Liniment, which rapidly cured him. I heartily recommend it."

It makes very little difference whether the case be "wrench," sprain, spavin or lameness of any kind, the effects are the same. The great power of the Liniment is, however, shown in Poll-evil, Big-head, Sweney, Spavin, Ring-bone, Galls and Scatches. Fails Liniment is worth millions of dollars yearly to the Stockgrowers, Livery-men, Farmers, and those having valuable animals to care for. We warrant its effects and refer to any Farmer who has ever used it.

CHILDREN.

A complete substitute for Castor Oil, without its unpleasant taste or recoil in the throat. The result of 30 years' practice by Dr. Sam'l Pitcher, of Massachusetts.

Pitcher's Castoria is particularly recommended for children. It destroys worms, assimilates the food, and allows natural sleep. Very efficacious in Croup and for children Teething, Coughs, Feverishness, Disorders of the Bowels, and Stomach Complaints, nothing is so effective. It is as pleasant to take as honey, costs but 5 cents, and can be had of any Druggist.

This is one of many testimonials: "CONWELL, LEBANON Co., Pa., March 17, 1874. "Dear Sir—I have used your Castoria in my practice for some time. I take great pleasure in recommending it to the profession as a safe, reliable, and agreeable medicine. It is particularly adapted to children where their pungent taste of Castor oil renders it so difficult to administer. E. A. ENDERS, M. D."

Mothers who try Castoria will find that they can sleep nights and that their babies will be healthy. J. B. Rose & Co., New York.
