

FARMING NOTICE.

Hillaboro Independent: Steuben Cummins, in the lower part of this county, has turned his stock into about 700 bushels of grain, which he has standing out and was damaged by the rain.

Albany Democrat: A gentleman just over from King's valley, says the loss of grain in that locality has been terrible. Their crop was estimated at 40,000 bushels, and about 30,000 of this is still standing.

Forest Grove letter: Mr. Clapham raised 25 bushels of wheat to the acre on the summit of the mountain, a few miles west of this place.

Loss of wheat in Linn county is estimated at 40,000 to 50,000 bushels, the greater part in the vicinity of Brownsville.

A man at Forest Grove got his grain in the dry by working on Sunday, and he says he is glad some people won't work on Sunday, otherwise he could not have got a threshing machine.

A large amount of wheat has been lost or damaged in Yamhill. The Statesman hears of a man near Lincoln who had several thousand bushels sacked in the field which has sprouted.

SALEM, Sept. 30, 1877.

ED. FARMER: As I have had some experience in machinery for the past twelve years in Oregon, and especially with Pitt's Thresher, which I have thought could not be beaten, and as to the Separator, thought it good. This season I had an opportunity of trying the Pelton Horse-Power, which I ran for 30 days with Pitt's Separator.

I don't propose to puff this thing up, but it is the most completely gotten up Horse-Power that ever was hatched to. It is easy moved and set up, as one man can do it in ten minutes.

Yaquina Railroad.

The Corvallis Gazette makes the following report: On last Saturday Colonel T. Egerton Hogg met a number of citizens of Benton and Linn counties for the purpose of consultation relative to the completion of the W. V. & Coast railroad.

The grading and tying of this section can be easily accomplished by the citizens of Linn and Benton counties. Of this there is no doubt, judging from what is already accomplished under the adverse circumstances that have surrounded the work so far.

The only obstacle that could possibly be in the way of the speedy accomplishment of our part of the contract, then, would be the iron and rolling stock. In order to secure funds for the purchase of these, Judge Clark of San Francisco, and Judges Chenoweth and Burnett, of this place, were nominated as a committee to raise the money, which is a guarantee that it will be forthcoming.

Roseburg Plantation: W. B. Singleton raised on his farm a few miles East of town, this year, one thousand plants of tobacco which he says is equally as good as that formerly raised in Missouri, where he raised it for the market.

John Kroll, who was running a planer on Sugar Pine mountain, 15 miles west of Roseburg, recently lost three fingers of his right hand and suffered a fracture of the arm in two places by getting caught in a belt.

Chas. F. Cook, of North Umpqua, committed suicide by hanging himself on the 3d inst. He had been in ill health a year. His father had gone to Roseburg that day. F. Hunley, passing by the premises about 4 p. m., saw the young man hanging to a tree. He was cut down, but life was extinct. His age was 23 years.

A great lot of young ladies welcomed Gen. Sherman at Albany. The old warrior went right in and kissed the whole of them, while his son, a cowardly young fellow who had never been through the wars, stood back and looked sheepishly on.

Mrs. Adna Morrow having taken 38 first premiums, the highest number, at the Washington county fair, on the prize loom offered by Knapp, Burrell & Co.

The school at Forest Grove was never more prosperous at this time of the year than now.

Benton county has a tax of \$1,725,987, upon which there is a levy of 10 mills.

Grant county beats Baker or any one mill on taxation, Baker's levy being 30 mills.

A. A. McCully has purchased the Carline flouring mill at Brownsville for \$5,500.

Union is to have a new brick school house. The contractor is now making the brick. Amity, Yamhill county, has been made a money order office. Jackson county levies a tax of 20 mills.

THE MARKETS.

There is nothing new in relation to the grain market. Prices are unchanged and remain in all respects same as for a week past.

European Grain Market.

LIVERPOOL, Oct. 6.—A leading grain circular says a number of British markets are again lower, even some for foreign and good conditioned parcels of new growth wheat; but as the week proceeds, there appears to be more steadiness and more active business reported. In most places on the coast, the floating trade is quiet. Barley maintains recent gains here and in neighboring districts since Tuesday a moderate trade has been done, and millers have acted cautiously for some time, and are lightly furnished with stock, looking to a regular supply from the Atlantic states. Maize continues to attract attention, both spot and delivery, and forward rates rather favoring sellers. Arrivals at this port since Monday have been about the usual average. [Half of the wheat comes from the Atlantic at this market to-day.] Wheat shows more steadiness; transactions in white and red to a fair amount at full prices of Tuesday and in some cases a shade better. Sack flour steady, with improved demand; barrels are difficult of sale and cheaper. Corn in fair request at 3d advance.

LONDON, Oct. 9.—The Times says since the beginning of the present year we have imported £23,000,000 worth of wheat against £18,000,000 last year. Curiously enough, increased supplies have not come from the United States which sent us 4,000,000 cwt. less this year than last. One chief source extra supply has been British India, Russia, Germany, France and Egypt have been stimulated to export more largely than usual by their financial necessities, but figures are none the less significant on that account.

FIRST GRIST.—On Thursday of last week the new custom mill of Messrs. Weller & Waldo started up, and turned out the first grist of chopped feed, for D. Grierson.

PILES!! PILES!!! A NEW DEPARTURE.

IN THE "MEDICAL TREATMENT" OF SPECIAL DISEASES, in which the hands of the late Dr. J. M. WRIGHTMAN, of the "Wrightman Process," the letters I am permitted to publish from JOHN M. BACON, Postmaster at Oregon City and Grand Secretary of the Grand Lodge of A. O. U. W., explain the results of the "WRIGHTMAN PROCESS." He says: "I tried everything, and no doctor gave me relief, and I thought they were incurable. I would not have tried your 'Process' but my friend E. M. Walte, of Salem, recommended you so highly. I enclose you postal order for amount, and please send by express. Here is his letter after 15 days' use: OREGON CITY, OAS., April 8, 1876.

Dr. T. F. WRIGHTMAN—Dear Sir: It is with pleasure that I inform you that no appearance of piles have shown themselves since the second time that I used your most "valuable process." It is the first two weeks since I commenced, and it is the first two weeks that I have been free from this dreadful disease for twenty-five years. I am truly grateful to my friend who recommended you to me. Yours, truly, J. M. BACON, P. M.

In answer to a letter from San Francisco, asking if he had the same good opinion of the "Process," he writes: OREGON CITY, May 9, 1877.

Dr. T. F. WRIGHTMAN—Dear Sir: I am glad to inform you that it cured me entirely and permanently. I never spent money to so good a purpose as when I purchased your valuable remedy. [Copy.] Yours, truly, J. M. BACON, P. M.

The above shows, with the "Wrightman Process," they can be cured entirely. It gives a short history of one case of a man that is well known to the public. I have many testimonials similar. There is no use of knife, ligature, or caustic, or any painful operation. E. M. Walte, Esq., Secretary State Agricultural Society, Salem, says: "In ten days I was completely cured. I recommended Dr. Wrightman to others." The above shows that so the "Wrightman Process" can be cured on the spot.

The "Process" can be sent by Express (not mail). Direct all letters, DR. T. F. WRIGHTMAN, Occidental Hotel, Room 31, PORTLAND, OREGON.

Office Hours—3 to 4 p. m., for Ladies, 4 to 6 p. m., and 10 to 12 a. m. Consultation free. DR. T. F. WRIGHTMAN.

Carminative

For Diarrhoea and Dysentery use Dr. Jayne's Carminative Balsam. As changes of climate or water, and indiscretions in eating often produce these complaints, travelers and others should always keep a bottle of this remedy by them. It never fails to subdue the most violent attacks, and it is equally serviceable for Cramps in the Stomach or Bowels, Griping Pains, &c.

For Cholera Morbus, Cholera Infantum and Colic use Dr. Jayne's Carminative Balsam. It removes all soreness of the abdomen, allays the irritation and calms the action of the Stomach. It may always be relied on to give immediate relief, and besides being effectual, is a pleasant and safe remedy, easily administered to children.

For Asiatic Cholera and all Bowel Affections use promptly Dr. Jayne's Carminative Balsam. It checks the Diarrhoea, suppresses the Cramps which generally accompany attacks of Cholera, and conquers the disease in its incipency. It has frequently been administered in neighborhoods where the Cholera has been raging epidemically, and it has seldom failed to give immediate and permanent relief. The Carminative has maintained its reputation as a Curative for nearly forty years, and is equally effective in all latitudes, and as a Standard Household Remedy, should be kept in every family.

T. A. DAVIS & CO., Wholesale Agents, Portland Oregon.

IMMENSE REDUCTION IN PRICES. -AT- M. MEYER'S.

TO THE PEOPLE: Having determined to maintain the position heretofore occupied by me for the Largest Retail House in Oregon,

I have taken this means of announcing to the public that I am now displaying the LARGEST and BEST STOCK of General Merchandise north of San Francisco, consisting of a fine stock of

Gents' and Boys' Clothing, DRY GOODS, LADIES' AND GENTS' FURNISHING GOODS, Hats, Caps, Trunks, Valises, etc.,

which is surpassed by none in the city, and will be sold at prices to suit the times. It shall continue to be my aim to give THE MOST GOODS FOR THE LEAST MONEY.

And to place before my patrons a variety of articles not to be found in any other house. It is not my intention to mislead the public by advertising goods which I cannot produce upon inquiry, but to give value received in every instance. Soliciting a call from every purchaser, at my stand, Griswold's corner, respectfully, M: MEYER.
