State Fair. DIRECTORS' MEETING.

At 7 p. m. the Board of Directors, of the State Agricultural Society met in the pavilion. President Watson in the chair; E. M. Waite, Secretary.

On motion, a resolution was adopted to the effect that all entries made after the first of May for the state 2 years old be held void, except by the consent of all parties making entries.

On motion it was ordered that the sum of \$12 be refunded to F. B. Hoyer, the amount of forfeiture on entry.

The President announced that the time for making entries would be extended till 12 m. to-day, Wednesday.

On motion, it was ordered that the Deaf Mutes of Salem Mute School be admitted free to day.

The Board adjourned till 8 a. m. to-day. The annual meeting of the society was then called. President Watson in a neat speech thanked the Society for the honor conferred upon him as their President and for the courtesies extended.

Hon. John Minto introduced a resolution instructing our Senators and members of Congress to favor the extension of the time of the land grant to the Northern Pacific railroad with such modifications as will protect the bonafide settlers within the grant. Adopted.

The Secretary, E. M. Waite introduced the following resolution which was adopted by a rising vote.

WHEREAS, In the death of Mr. B. E. Stewart this Society has lost from its membership a zealous and faithful friend of its best interests, the State a good citizen, his family a kind and indulgent father; therefore,

RESOLVED, That the Society is instructed to place on a memorial page of the proceedings of this Society the foregoing resolutions and forward the same to the family of deceased.

Percheron Stock Sold.

John Savage sold, yesterday, two-year old "Fringy," of Oregon, to Mr. Conant, of Wasco county; price, \$500. W. C. Myers sold "Relieve," sucking colt, by "Gen. Fleury," price, \$800, to John Perkins, of North Yamhill. Mr. Myers also sold "Leon," a yearling, seven-sixteenths Percheron, to Mr. Perkins; price not given.

Mr. Myers also, after exhibiting "75," and driving him in the team of vealings, and for which he was awarded the first premium for pure bred yearling Percheron, delivered the same to Mr. Trainor, of Umatilla county, who had made the purchase some days since.

Portia Knight.

This beautiful filly, owned by General John F. Miller, won the two-year old race yesterday, in a field of eight horses. This colt is named for Miss Portia Knight, the pretty little daughter of Col. N. B. Knight. After the race little Portia was carried up into the stand and introduced to the judges and the surging mass in front of the stand. They will probably remember this day for many a long year.

Dead Lamb.

In exercising the king of the Oregon turf, "Ryostraw," yesterday morning in the brush grounds, East of the enclosure, he some way strained his off fore leg, and in such a manner as to completely disable him and throw him out of the big race to-day, a race which he has won for two successive years, and but for this misfortune he would have probably carried off the honors of this season also.

Equestrianism.

In trial of lady equestrianism yesterday, the following ladies won the honors and premiums. Mrs. Sackett, of Howell Prairie, 1st premium; Miss Ella Kinney, Turner's, 2d premium; and Mrs. Baker, of Turner's, the 3d premium.

A Neat Compliment.

The State Agricultural Society yesterday through the Secretary, Mr. E. M. Waite, presented the members of Mr. John Jack's Company with season tickets for the Fair, thereby acknowledging the services of Mr. Jack's royal theater band for enlivening the crowds on the grounds with choice music on the opening days and during the afternoon hours of "damp yesterday."

A Magnificent Turnout.

Jack's Theater Band, (Every musician in a professional parade this morning on the Fair grounds and through the city drawn in their fine band wagon by four of W. C. Myers' large Percheron horses; "White Prince," "White Rose," "Eagle of Perche" and "Doll." Twenty thousand dollars worth of horse flesh in one team is something not seen every day on this coast.

Mule Kicked—Leg Broken.

An individual last evening, who evidently had a full cargo of benzine, and was on the hurricane deck of a steamer while on the way to Iowa from the Fair grounds, collided with a passenger hack, when one of the horses attached to the hack kicked the mule on the right fore leg below the knee, and breaking it square off. The rider was not hurt in the least. This is the first instance we ever heard of, where there was a mule mixed in the trouble that he did not come off first.

PERCHERON STOCK AWARD.

FAIR GROUNDS, Oct. 12, 1877. We, the committee appointed to award the special premium of \$200 for the best family of draft horses to be shown at the present Fair, beg leave to make the following report:

1st. That the only family entered for the special premium, was of the Percheron stock, consisting of the stallion White Prince, the full blood mares Doll and White Rose, the former with a filly foal by Gen. Fleury, the full blood yearling "75," the 3/4 filly Hortense, with colt by Gen. Fleury, and Elsie 3/4 blood filly, all owned by W. C. Myers. Also ten half bloods two year olds and under, owned by other parties. As no other family came in competition we take this opportunity to say that we consider the above mentioned stock of horses fitted to fill the wants of the farming community for a heavier class of horses, to an eminent degree, and we mention the following points in which they excel.

1st. Action—we noticed that all of the animals on exhibition, from stallions weighing 1,800 pounds and over, to colts by their side, moved with a free and easy motion, and a considerable degree of speed.

2d. In carriage and general symmetry of form they are scarcely surpassed by the best class of driving horses.

3d. In disposition they are quiet, kind docile and tractable.

4th. We notice a striking similarity in all the individuals of this stock that passed under our notice. The grades, even to the quarter bloods showing the form and general characteristics of the stock in a marked degree.

As another point of special excellence we mention the clean limbs, full sized and well formed feet so often lacking in large horses.

MARTIN PAYNE, W. K. PRICE, R. CUSTER, Committee.

FLY AWAY, SPARROW.

All who join in this game must gather around a table, and each player must place a finger on the table. When the leader of the game says, "Fly away, sparrow," or any other creature that flies, each player must raise the finger placed on the table. If anything that does not fly is mentioned, and any player raises his or her finger, a forfeit must be given; also if he fails to raise it after the name of a bird or insect that flies.

When a polio man marries he is in a very short time confronted by the great problem of his life, viz: Where to hide his club so that his wife can't find it.

A boy at St. Albans, Vermont, shot at a cat and hit a girl at the window. If she had been doing housework she would have escaped injury.

What is that which was born without a soul, lived and had a soul, yet died without a soul? The whale that swallowed Jonah.

To the Afflicted—Ladies in particular.

Why need you suffer with Paralysis when you can be cured?—Why will you suffer with Rheumatism when you can be cured? And why have so many aches and pains when it is within your reason to be cured?

I am now established in Salem, prepared to treat all Chronic Diseases, such as Rheumatism, Neuralgia, Consumption, Kidney disease, and in fact all diseases that human flesh is heir to. Special attention paid to Female Weakness and nervous prostration, which is so common to Ladies. Children's diseases not excepted. In connection with my practice, I have one of the celebrated Medicated Vapor Lightening Cream Baths, which aids vastly in removing all chronic diseases. It opens the pores of the skin, and throws off the stinky, morbid matter, which is one of the great causes of so much suffering. When we once think that two thirds of all we take into our system passes off through the pores of the skin, we need not stop long to wonder why we are sick, when we pay so little attention to the most important excretory of our bodies. During the past nine months I have had this bath in operation, and many can testify to its efficacy. I treat patients by the week, or by single treatment.

Ladies will do well to give me a call. Residence, southeast corner of Center and Sumner Streets, Salem. MR. D. W. CRAIG, M. D.

1,000,000 BOTTLES OF THE CENTAUR LINIMENTS.

have been sold the last year, and not one complaint has reached us that they have not done all that is claimed for them. Indeed, scientific skill cannot go beyond the result reached in these wonderful preparations. Added to Carbolic, Arnica, Mentha, Senecio-Oil and Witch Hazel, are other ingredients, which makes a family liniment that defies rivalry. Rheumatic and bed ridden cripples have by it been enabled to throw away their crutches, and many who for years have been afflicted with Neuralgia, Sciatica, Caked Breasts, Weak Backs, &c., have found permanent relief.

Mr. Josiah Westlake, of Marysville, O., writes: "For years my Rheumatism has been so bad that I have been unable to stir from the house. I have tried every remedy I could hear of. Finally, I have tried the Centaur Liniment. The first three bottles enabled me to walk without my crutches. I am moving rapidly. I think your Liniment simply a marvel."

This Liniment cures Burns and Scalds without a scar, extracts the poison from bites and stings. Cures Chills and Frosted Feet, and is very efficacious for Ear-ache, Tooth-ache, Itch and Cutaneous Eruptions.

The Centaur Liniment, Yellow Wrapper, is intended for the tough fibres, cords and muscles of horses, mules, and animals.

READ! READ! Rev. Geo. W. Ferris, Manokill, Schoharie Co., N. Y. says: "My horse was lame for a year with a fetlock wrench. All remedies utterly failed to cure and I considered him worthless until I commenced to use Centaur Liniment, which rapidly cured him. I heartily recommend it."

It makes very little difference whether the case be "wrench," sprain, spavin or lameness of any kind, the effects are the same. The great power of the Liniment is, however, shown in Poll-evil, Big-head, Sweny, Spavin, King-bone, Galls and Scratches. This Liniment is worth millions of dollars yearly to the Stockgrowers, Livery men, Farmers, and those having valuable animals to care for. We warrant its effects and refer to any Farrier who has ever used it.

"Although averse to countenancing patent medicines, I cheerfully make an exception of your very excellent preparation—DR. WISMAN'S BALSAM OF WILD CHERRY. This preparation I have used in many practices for more than ten years past, and have always found it to be of more efficacious service than anything within my knowledge. I recommend it with the greatest confidence to those subject to coughs and pulmonary complaints." Sold by all druggists.

One More Unfortunate.

Almost every day the papers chronicle the suicide of some poor unfortunate whose mind has been enfeebled by dyspepsia, over whose earthly horizon a heavy gloom has gathered from the untold and untellable agonies of this cruel complaint. Dyspepsia is one of the most depressing diseases afflicting humanity. It is cosmopolitan in its nature—no country is exempt from its visitations, no family free from its attacks. There is a balm in Gilead; it comes in the shape of the PERUVIAN SYRUP. For years it has been scattering in blessings abroad. There is, probably, no disease which experience is so amply proved to be remediable by the PERUVIAN SYRUP as Dyspepsia. The most inveterate forms of this disease have been completely cured by this medicine, as ample testimony of many of our first citizens prove. Sold by all druggists.
