

In Memoriam.

Whereas, the hand of death has visited our fraternity and taken from our midst our beloved Sister Elizabeth Smith whose spirit has returned to the God who gave it to join the fraternity above; it is therefore Resolved, That while we mourn the loss of our beloved sister we bow in humble submission to this inscrutable providence of Almighty God knowing that he doeth all things well.

A. W. STANARD, HANNAH MCFENNON, J. W. TYOOR, Committee.

DIED—Nov. 8th, 1877, at her father's, S. Bentcher, in Yamhill county, Oregon, of typhoid fever, Mary Ellen, aged 22 years and 3 months. She was amiable, modest, sweet-dispositioned, and affectionate. To know her was to love her. Yes, we will miss her at all times. But, dear Ella, we trust she is better off, and we can only say: Now she has gone from this strange world of ours.

Where on all beauty Death's fingers are laid; Weary with mingling life's bitter and sweet; Weary with parting and never to meet; Now she is resting from sorrow and sin; Happy where earth's conflicts enter not in; Joyous as birds when the morning is bright; When the sweet sunbeams have brought us their light; Weary with sowing and never to reap; Weary with labor, and welcoming sleep.

Mrs. O. T. DANIELS-POND.

DIED—At Bethel Springs, of consumption, Mrs. P. S. Henry, aged 49 years, one month, and twenty-three days. She leaves a son and daughter and many friends to mourn her loss. She had been a consistent and faithful member of the Christian church for several years. Life's dreary pathway she has tread; O'er hill and dale, a weary way; With thorns and briars thick beset; Cheered up by hope's most golden ray.

Dear woman, in the dream of life, Adorned with many a winning art, As mother, daughter, sister, wife, You have cheered up our downcast heart. But now her dreary task is o'er, Though bravely, purely she has wrought; She has gone to the better shore, Where life's sore trials are all forgot.

ALICE HURT.

1854. 1877. The Only Strictly Wholesale Drug House in Oregon.

FRUIT TREES, CONSISTING OF

Apple, Pear, Peach, Plum, Cherry, Prune.

And many other miscellaneous varieties, the prices of which we have reduced to suit the times.

SETH LUELLING & SON, MILWAUKEE.

Tillamook.

Mr. Frank Wilson, writing from Tillamook, Nov. 29, says:

For the last few days (or rather weeks) it has been raining very hard, swelling all the streams out of their banks and causing a greater portion of the low lands to be overflowed and the roads to be in the worst condition I ever saw them.

There is all the goose and duck-hunting that any one wants although I get no time to hunt. Bear-hunting has been very lively; there has been 25 or 30 killed lately, they have killed a great many hogs and sheep for different ones, although we were in luck, only losing 13 or 20 sheep. The people here are anxiously waiting the arrival of the steamer, for a great many have not shipped their butter yet and the fishermen have lots of freight to go out. Paft & Graham have been doing a large packing business in barrels and kits; the Kinney Bros. have had all they could can with the temporary cannery, and it is their intention to build next spring and can salmon and clams. The fisherman's fishery of Astoria, are also going to build as soon as spring opens. In fact Tillamook county is going to take a start. There will be considerable flax put in and more grain than ever was before, and if there was only a steamer running there would be lots more.

Washed Ashore.

Mr. John Warren, who arrived here last Friday from the Big Nezeck, reports that pieces of a wrecked vessel washed ashore at Cape Lockout, a few days after the heavy storm that prevailed on this Coast some two weeks ago. Mr. Warren says that he found five hatches; one of them marked "A," and another with four straight marks, and painted sky blue and one white one, which is supposed to be the booby hatch of a steamer, which is placed in the center of steamships, one cabin door with locks and knobs, also various pieces of ship knees. These pieces were strewn along up and down the beach for many miles, together with any quantity of new lumber. It will seem from the above description that another vessel that has ploughed the briny deep, has at least succumbed to the raging tempest and foaming billows, and perhaps not one of its passengers or seamen are left to tell the sad, sad story as to how, when and where she went down.

Cabin Robbed.

Mr. John Warren, who lives on the Friedman place, about a mile and three-quarters below this city, informs us that during his absence for a couple of weeks, that some pilfering scamps entered the cabin and took everything that they could lay their hands on in the shape of groceries, provisions and kitchen ware. It is rather a dangerous time to leave things on the outside of an iron safe as there are any quantity of persons who have lately arrived in this State from San Francisco, that the locking of a common door has no more effect upon them than if there was no door at all.

Course of Lectures.

Prof. O. B. Johnson, Curator of the School and College Natural History Society, has consented to deliver a course of four lectures at Philomath, Benton county, on Natural History. He will leave here some time next week. The Professor will also deliver a course of lectures on the same subject, at Monmouth, Polk county, during the coming holidays. The Professor undoubtedly understands his business, and the citizens of Philomath and Monmouth will learn something new, and will be well paid for their trouble.

Guns for the University.

We understand that the authorities of the Willamette University have fulfilled the requirements made by law, and that fifty stand of guns will immediately be placed in the University, for the benefit of the military department of that institution. That sounds like business, the idea of a military company drilling with fence pickets and broomsticks is perfectly absurd. Hurrah for the University.

The Presbyterian church, in this city, are to have a Christmas tree on the evening of the 24th.

Two hundred and ten arrests were made in Portland during the month of November.

Sixteen marriage licenses were issued in Multnomah county last month.

Vic Trevant was recently presented with a bible. Vic is going to the Sandwich Islands.

A little boy by the name of Riches accidentally shot himself in the leg above the knee last Friday, while fooling with an old pistol.

Henry Morgan was elected Chief Engineer, and W. H. D. Joyce and Wm. Algoe were elected Assistant Engineers of the Portland Fire Department.

The ship Edward James, took fire yesterday, while being fumigated; Captain O'Brien and Joseph Day, had a very narrow escape. Damage to the vessel not known.

Lee chapel in East Portland was robbed the latter part of last week. The thief got away with 60 volumes of S. S. Library, a hat, nice flag, and some lamps.

QUININE AND ARSENIC form the basis of many of our medicines in market, and are the last resort of physicians and people who know no better medicine to employ for a distressing complaint. The effects of either of these drugs are destructive to the system, producing headache, intestinal disorder, vertigo, dizziness, ringing of the ears and depression of the constitutional health.

AYRAN'S AGUE CURE is a vegetable discovery, containing neither quinine, arsenic, nor any deleterious ingredient, and is an infallible and rapid cure for every form of Fever and Ague. Its effects are permanent and certain and no injury can result from its use.

Besides being a positive cure for Fever and Ague in all its forms, it is also a superior remedy for Liver Complaints. It is an excellent tonic and preventive, as well as a cure, of all complaints peculiar to malarious, marshy and miasmatic districts. It acts directly on the Liver and biliary apparatus, thus stimulating the system to a vigorous, healthy condition. For sale by all dealers.

All wealth that is worth having is won by work and preserved by care.

Caught at Last.

Some time since we made mention of the fact that the till of the Chameketa hotel bar had been tapped and between thirty and forty dollars taken, since then it has been robbed twice and articles of value taken from time to time from the hotel. For a time Mr. Mathews and officer Minto could not account for it, or even get any clue for a starter, so nearly was everything done. Officer Minto was pretty confident that his man was in some way connected with the hotel, and he called for a new deal, at last he spotted the individual, James D. Holmes, and he "shadowed" him for about ten days, being fully confident that he would catch him on the turn, and it only required time and patience. Yesterday Mr. Mathews received several hundred cigars, and after carefully placing the boxes upon the shelf in the saloon, closed the door and went out, returning again in a short time, he found that one of the boxes of cigars were gone and young Holmes was the only person that had been about the room at that time. Officer Minto cornered him and made him produce his keys, which proved to be a bunch of skeleton keys, and made him go with him and unlock his trunk which he did, and there in the bottom of the trunk was the missing box of cigars; he then searched his person and a watch that belonged to Samuel Ferris, which he had taken a night or two previous, was found. The young man made several purchases since his arrival in this city, and paying the cash therefor, and has not drawn a cent of money for his labor since the Fair and he was dead broke when he came here. Minto took the young man in charge and locked him up in the county jail, being perfectly satisfied that he had at last cornered his man. He was brought before His Honor, C. W. Bowie this morning, and waived an examination, and was placed under \$200 bonds for his appearance before the next grand jury. He failed to produce the required amount and was turned over to Sheriff Baker for safe keeping.

Six-toed Pete Eclipsed.

This celebrated gentleman is not in sight when compared to a child about six miles from East Portland. The little fellow's name is Page; he is about 18 months of age and has six perfect toes on each foot and six fingers on each hand. The hands are shaped so nearly like the common run of hands that the difference would not readily be noticed; but the feet are wider than usual—so much, in fact, that shoes cannot be found to fit, and moccasins have to be substituted. The child has perfect control over each of these numerous limbs, and will probably grow up thankful that he is not as other men.

Hand Badly Cut.

About half after four o'clock last evening, R. M. Day, who works in Babcock's furniture factory, had his left hand very badly lacerated in a machine called the Shaper. It is a tool with a revolving head carrying knives something like a planer, except it is on a vertical mandrel. By some means Mr. Day's left hand was brought in contact with the knives and a piece taken out of his thumb above where it joins the hand. It is hoped that his thumb may be saved, though it will probably be stiff, as the joint is badly injured.

Money Order Business.

Through the politeness of Mr. Elias Rickey, Money Order Clerk, we learn that the following amount of business was transacted at the Postoffice, in this city, for the quarter ending September 30th, 1877.

Numbers of drawn orders paid.....622 Amount.....\$15,510 87 Fees on same..... 85 05 Amount of orders paid..... 65 05 Amount transferred to Portland..... 90 45

They were acting charades at a party over in Polk county, one evening last week, and got along finely until trouble occurred on the word "beautiful." A sweet young lady had represented the first part of the word with charming effect, but when they endeavored to get a young man who parted his hair in the middle and wore a tall collar to play the part of "fool" for the second act, he refused with such vigor that it cast a gloom over the entire company.

The story is told of a clergyman that after preaching an interesting sermon on "The Recognition of Friends in Heaven" he was accosted by a hearer who said: "I like that sermon and I now wish you would preach another on the recognition of people in this world. I have been attending your church three years, and not five persons in the congregation have as much as bowed to me in all that time."

MARRIED.

STONE-FLETCHER—October 21, 1877, by G. H. Bushman, Mr. Ezekiel Stone, of Union, and Miss Harilla Fletcher, of Marion county.

WOOD-RITCHIE—November 10, 1877, by G. H. Bushman, Mr. J. P. Wood and Miss Josie Ritchie, all of Marion county.

PETTY-CORVELL—Near Creswell, Lane county by Rev. J. Handecker, Mr. John Petty and Miss Abby Corvell, all of Lane county.

DIED.

TUPPER—At Wheatland, Saturday, December 1st, Edward Tupper, aged 24 years.

To the Afflicted—Ladies in particular.

Why need you suffer with Paralysis when you can be cured?—Why will you suffer with Rheumatism when you can be cured? and why have so many aches and pains when it is within your reach to be cured?

I am now established in Salem, prepared to treat all Chronic Diseases, such as Rheumatism, Neuralgia, Consumption, Kidney diseases, and in fact all diseases that human flesh is heir to. Special attention paid to Female Weakness and nervous prostration, which is so common to Ladies. Children's diseases not excepted. In connection with my practice, I have one of the celebrated Medicated Vapor Lightning Cream Baths, which aids vastly in removing all chronic diseases. It opens the pores of the skin, and throws off the slimy, morbid matter, which is one of the great causes of so much suffering. When we once think that two thirds of all we take into our system passes off through the pores of the skin, we need not stop long to wonder why we are sick, when we pay so little attention to the most important excretory of our bodies. During the past six months I have had this bath in operation, and may can testify to its efficacy. I treat patients by the week, or by single treatment.

Ladies will do well to give me a call. Residence, southeast corner of Center and Sumner Streets, Salem. MRS. D. W. CRAIG, M. D.

ROLLS OF HONOR.

The following is a list of those in the B class, second grade, East Salem school, whose names belong on the Roll of Honor for the month of November. Each having received ninety per cent. or more in recitation and deportment.

The following is a list in the Third Grade of Central school whose names belong on the Roll of Honor for the month of November, each having received over 90 per cent. in recitations:

Oliver Hinsdale, Edie Snyder, Joe Barker, James Drake, Ella Calvert, Frank Lauce, Ada Calver, Lulu Thornton, Alma Thornton, Nellie Baise, Frank Barlett, Adia Camp, Joseph Forner, Lena Knight, Phillip Coates, Charley Litchfield, Lillie Litchfield, Lena Clark, Holly Allen, John Foly, Ralph Patton, Julia Bullard, Garrie Holman, Mrs. L. G. ADAIR, Teacher.

How it is Done.

The first object in life with the American people is to "get rich"; the second, how to remain good health. The first can be obtained by energy, honesty and saving; the second, (good health) by using GIBBS'S AUGUST FLOWER. Should you be a dependent sufferer from any of the effects of Dyspepsia, Liver Complaint, Indigestion, &c., such as Sick Headache, Palpitation of the Heart, Sour Stomach, Habitual Constipation, Dizziness of the Head, Nervous Prostration, Low Spirits, &c., you need not suffer another day. Two doses of AUGUST FLOWER will relieve you at once. Sample Bottles, 10 cents. Regular size 75 cents. Positively sold by all first-class Druggists in the U. S.

People, Patronize Your Own Boat Protection against High Rate Guaranteed!

DR. SOUVILLE MATHIEU. This eminent French Physician and Surgeon, and inventor of the PARISSPROMETER, which has given relief to thousands of sufferers in Europe and the United States, has treated successfully several hundred cases in Oregon, the most remarkable of which was that of Mr. J. C. Adkins, a well-known business citizen of Salem, who has been suffering for years with a partial paralysis of the right side, and was materially improved by a few days of Dr. Mathieu's treatment. The right side of the face and right shoulder, in which there has been a constant sensation of coldness, and the nerves partially paralyzed, have become warm and resumed their natural action and feeling. Mrs. Adkins, who has been afflicted with catarrh in the head, has been entirely cured by a few days of the Doctor's treatment.

He has testimonials from a number of persons well known in Portland. DR. MATHIEU has permanently located at the corner of Third and Morrison streets, Portland, Oregon.
